1. Zone Boundary Change – 409 Dudley Town Road, AG Zone to AA Zone, Jubrey

- CRCOG Referral Letter**

Aaron Jubrey, 409 Dudley Town Road said that he was requesting that his property be rezoned from agricultural to residential to make it contiguous with the zoning of the surrounding properties. He said that he intended to subdivide his property into two lots and add them to the subdivision recently approved for the adjacent properties at 405 and 407 Dudley Town Road.

Commissioner Mips requested public comments. No one from the public came forward to speak regarding the application.

Town Planner Barz said that staff had signed off on the application. He said that the AA zone conforms to the Future Land Use Map in the 2004 POCD and he recommended approval.

Commissioner Profe read the CRCOG referral letter into the record.

Commissioner Mips closed the public hearing for this item.

Motion: Commissioner Profe moved to approve the Zone Boundary Change at 409 Dudley Town Road from the AG Zone to the AA Zone because the zone change will bring the property into conformance with the 2004 Plan of Conservation and Development and it will also bring the property into a zone that is the same as or similar to the surrounding properties. Commissioner O'Brien seconded the motion and it passed unanimously, 5-0-0.

2. Subdivision – 770 Matianuck Avenue, 11 Lots, A Zone, Rayco/Alford

He stated that the Commission recently approved a Zone Change for the site from the AG Zone to the A Zone. He reviewed the drainage, sidewalks and utilities. He said that the stub that was left at the end of Sunnyfield Drive would provide access to the development. Regarding the comments from Project Engineer Penney, he said that he was in agreement with all of the comments, but he noted that the driveway turnarounds were only a recommendation and they would not be included in the plans.

Commissioner Mips requested public comments. No one from the public came forward to speak regarding the application.

Town Planner Barz said that there were staff comments generated by staff yesterday and today. He explained that those comments were based on plans submitted to staff on Friday, which gave little time for review and response before tonight's meeting. He said that the applicant will need to submit a bond for public improvements and there were several issues of a technical nature that would need to be resolved with staff. He recommended that the Commission accept a fee in lieu of open space and he recommended approval of the subdivision subject to staff review and approval.

Motion: Commissioner Profe moved to approve the Subdivision at 770 Matianuck Avenue for 11 Lots subject to the following modifications: 1) Town Engineer final review and approval of items noted in the email dated January 9, 2007; 2) Assistant Town Planner review and approval of items noted in the email dated January 8, 2007; 3) a fee in lieu of open space; and 4) Environmental Planner review and approval of the solar plan.
