May 18, 2010

Honorable Mayor, Town Council and Citizens of Windsor:

I am pleased to present the Fiscal Year 2011 Adopted Budget to the Town Council and the community. The Proposed Budget was presented to the Council on March 30, 2010 and a public hearing on the budget was held on April 6, 2010. The Town Council conducted several budget workshops throughout the month of April.

Revenues and expenditures in the Proposed Budget totaled \$96,269,530. During the budget deliberations, the Town Council made changes that resulted in a budget of \$96,313,530, which was adopted by citizen vote at the budget referendum held on May 11, 2010. This budget is an increase of \$44,000 from the Proposed Budget and yields a mill rate of 28.38 utilizing the second year of a five year revaluation phase-in.

This document reflects the Town Council's adjustments to the Proposed Budget, as adopted by the citizens of Windsor. A summary of the changes made to the Proposed Budget can be found on the following pages.

The Adopted Budget represents hundreds of hours of effort on the part of many people, including the Town Council, and we extend our appreciation to all of them.

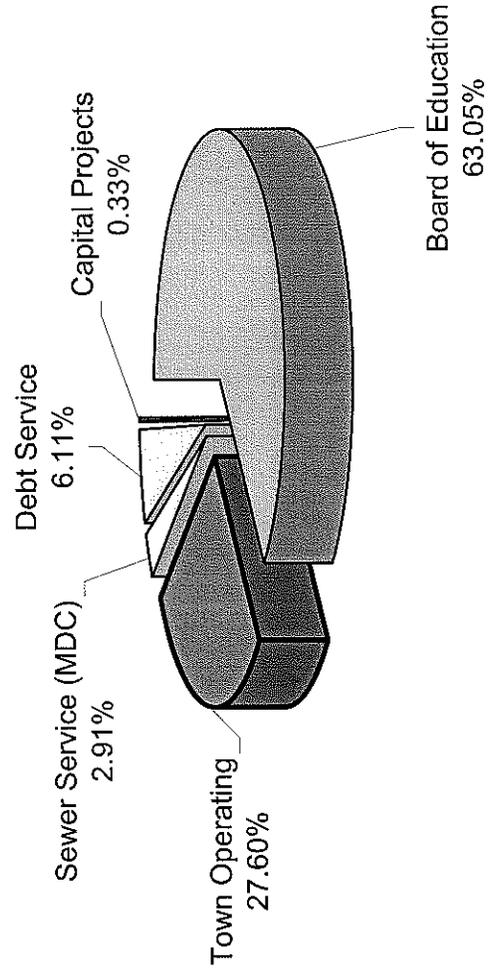

Sincerely,

Peter Souza
Town Manager

A READER'S GUIDE TO THE BUDGET

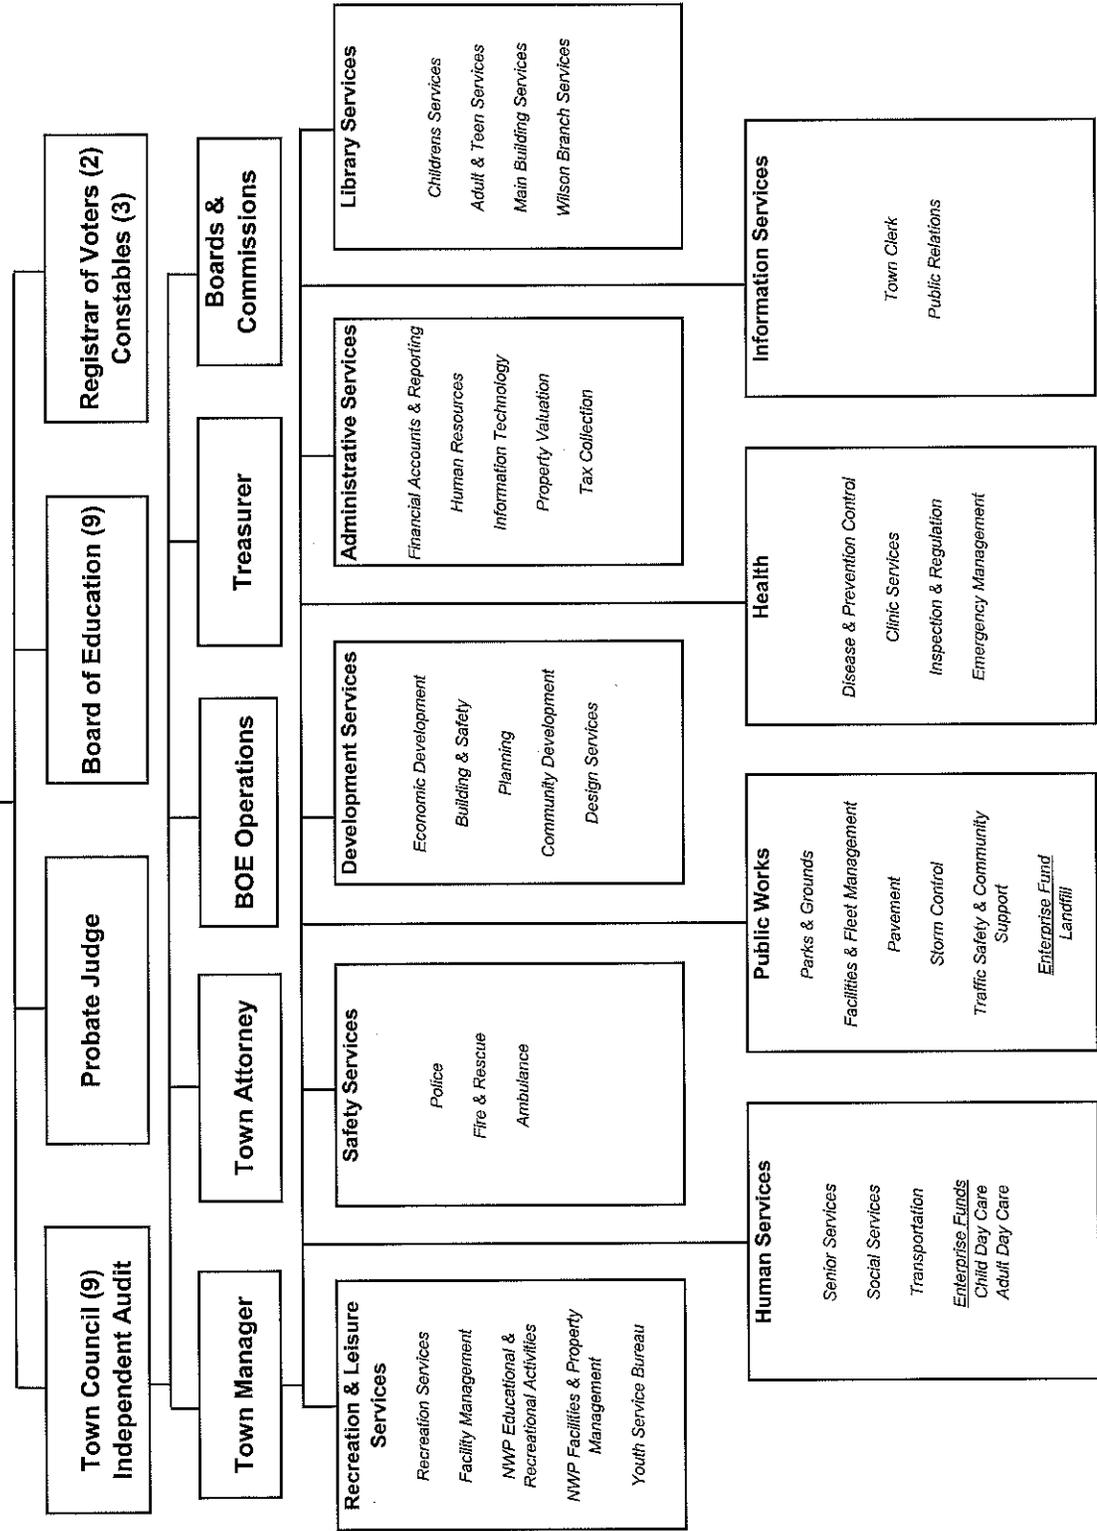

This budget is designed to serve as both a financial tool and a public communications forum. Consequently, we have worked to produce a document that is clear and complete with information that our readers want to know.

The budget may be broken down into the following components:

- 1) **Introduction.** The introductory section of the budget describes the overall philosophy upon which the budget was developed. The Town Manager's message provides an executive summary of the budget and outlines the organization's short-term and long-term strategies. The budget process gives an overview of the procedures used to prepare the budget and provides a calendar of important dates.
- 2) **Financial Summary.** Sections A (Summary of Town Funds) and B (General Fund Revenues) provide a summary of all the funds managed by the town, as well as a detailed explanation of revenues. Section C (General Fund Expenditures) lists the General Fund impact of each department and the Board of Education. Upon the recommendation of the Town Council, the community will vote on the total proposed General Fund expenditures for fiscal year 2011 including the new capital projects budget as described on pages Q-8 and Q-9.
- 3) **Support Sections.** Sections D through R are the supporting sections of the budget document. These sections explain in detail how total and General Fund expenditures were derived and what products and services will be offered to our residents. These sections also list the individual department goals and highlights.
- 4) **Non-General Fund Services.** Section S contains the budgets for the three town enterprise funds – Windsor Child Development Center, the Caring Connection Adult Day Health Center and the Windsor-Bloomfield Sanitary Landfill. Each of these funds is dependent upon revenues generated from the users of these facilities and is not funded by tax dollars. The budget for the Windsor's Office of Community Development is listed in Section L. The Community Development Office receives minimal support by town tax dollars - the Office operates almost exclusively through grant funds and loan repayments.
- 5) **Appendices.** Section T contains various informative items for the reader. For example, a summary of the town's Capital Improvement Program is provided in Appendix A and a Price Guide listing rates for various Town services is provided in Appendix G. Also, Appendix I consists of a Glossary of Budget Terms that the reader may find helpful when using this document.

We hope that you find this budget document informative and easy to read. If you have any questions or comments, please contact us at (860) 285-1800. We can also be reached via Email at townmanager@townofwindsorct.com.

Voters of Windsor

March 30, 2010

Honorable Mayor, Town Council and Citizens of Windsor,

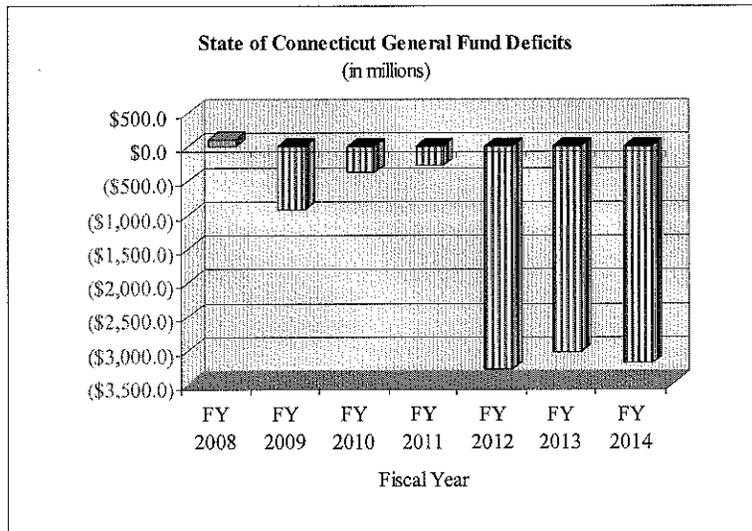

I am pleased to submit the Fiscal Year (FY) 2010-2011 Financial Plan and Program of Services. The budget supports the thousands of daily tasks that compose the services and programs that the Town of Windsor delivers to residents, businesses and visitors.

As this budget is delivered to you, we are surrounded by news reports of municipalities in our state and across the country that are forced to take extreme measures to bridge nearly insurmountable budget gaps. They are closing facilities, laying-off staff in droves, charging residents for 911 calls, allowing paved roads to revert to gravel roads, etc. In Windsor, we have been very fortunate over the past several years to find ways to reduce costs, boost savings and thus limit reductions to the programs and services that we provide. We have successfully kept annualized tax increases to one of the lowest levels in the state.

Town of Windsor Tax History (without revaluation)					
Fiscal year	<u>2006</u>	<u>2007</u>	<u>2008</u>	<u>2009</u>	<u>2010</u>
Percent Change From Previous Year	-0.35%	1.98%	0.00%	0.00%	-0.96%

Our creditors give us high marks for our financial stewardship. Our residents repeatedly convey their satisfaction for the quality of our services. However, our ability to sustain all of these characteristics is at its tipping point. At this time, we have limited options to reduce costs that will not result in cuts to public services. In fact, in order to maintain today's level of service, an increase in tax revenue is required. This reality is especially difficult to face now – during our second year of revaluation implementation and amidst a weak economy.

The budget assumptions and parameters that Town Council approved in January included goals to preserve services, to reinvest in our capital infrastructure and to be mindful of the increasingly daunting financial picture the state will face in 2012. The State of Connecticut faces cataclysmic General Fund deficits beginning in 2012.

A solution to the state's budget woes will likely affect every municipality's financial assistance from the state. In Windsor, we received approximately \$15.6 million or 16.4% in state aid or grants in FY 2010 and we expect to receive \$15.4 million or 16.1% in FY 2011. It is impossible to predict what level of assistance we might receive in FY 2012, but it is almost certain, given the state's deficit, that it will be significantly less than in FY 2010 and FY 2011. The federal American Recovery and Reinvestment Act gave the state some flexibility in funding education in FY 2010, by allowing Recovery Act funds to be directed to Educational Cost Sharing, of which Windsor received \$1.6 million. These federal funds are not expected to be available in FY 2012.

This proposed budget preserves services today and takes prudent steps now to prepare the town to react appropriately in FY 2012 to further reductions in revenue. Unnecessary reductions this year will mean far more difficult reductions to personnel, services and programs next year.

Overall Assessment of the Proposed Budget

Tax Rate

The budget-related tax increase that is described in this proposed budget is 2.6%. Only a portion of this is related to spending increases. The remainder is due to the need to backfill losses of revenue or to reduce the town's use of the General Fund balance reserve. The budget-related tax increase can be broken down in the following way:

- 0.24% is related to reducing the use of Opening Cash (the General Fund's fund balance) from \$1,075,000 to \$900,000
- 1.61% is related to increases in operating expenditures (of which 0.42% relates to reinstating capital funding)
- 0.75% is related to a decrease in non-tax revenue categories and the assessor's pro-rata additions.

A second portion of every taxpayer's bill will be related to the second year of property revaluation phase-in. This figure varies from property to property, according to the assessed value of the property. Most taxpayers will see a total tax increase of 3% to 5%.

Last year's budgetary-related tax impact was -0.96%, which cushioned the impact of property revaluation.

Total Operating Budget

Last year, the overall adopted expenditures for the budget was a 0.77% decrease. The total operating budget, which combines the town government's budget and the Board of Education's (BOE) budget, increased 1.03% in the adopted FY 2010 budget.

The FY 2011 budget continues to contain expenditure increases. The total operating budget, which includes the town and the Board of Education's operating budgets plus the town's sewer assessment, debt service payment and capital projects budget, is proposed to increase 1.26%. The operating budget, which combines the town government's budget and the Board of Education's budget, is proposed to increase 1.02%. This minimal increase was largely made possible by the fact that the Board of Education continues to respond to decreasing school enrollment and has recommended a 0% increase over FY 2010, in part by reducing personnel levels and implementing wage freezes. The town has not experienced a similar reduction in the demand for its services. For example, over the past decade the town has added three miles of roads and ten traffic signals to operate and maintain, has seen a 30% increase in public safety calls and has received 60% more Social Services Division phone call inquiries for assistance.

The proposed FY 2011 debt service payments are level with FY 2010, as we have worked diligently over the last two years to keep these payments as level as possible to minimize their impact on the tax rate. In fact, in FY 2009 and FY 2010, the town refinanced its debt to reduce debt service payments in the next few years and to save over \$2 million over the next twelve years. The Metropolitan District Commission (MDC) assessment is essentially level. The proposed budget, as it is affected by revaluation, resets the mill rate from 28.34 to 28.38.

The proposed FY 2011 General Fund budget consists of the following major categories:

	FY 2010 Adopted Budget	FY 2011 Proposed Budget	\$ Change	% Change
Board of Education	60,724,650	60,724,650	0	0.00%
Town Operating Budget	25,658,810	26,543,630	884,820	3.45%
Sewer Service (MDC)	2,798,360	2,798,500	140	0.01%
Debt Service	5,888,150	5,888,150	0	0.00%
Capital Projects	0	314,600	314,600	100%
Total	\$95,069,970	\$96,269,530	\$1,199,560	1.26%

Town Operating Budget

The town operating portion of the budget, which is 27.57% of the overall budget, is proposed to increase by \$884,820. The majority of this increase (87.5%) is due to costs related to personnel:

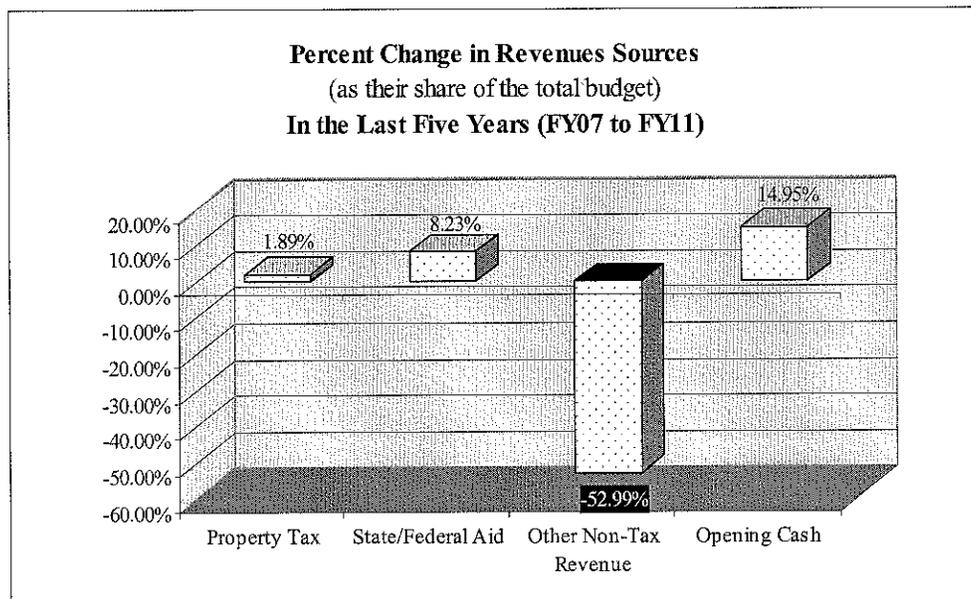

- Health care premium increases, \$196,000
- Pension contributions, \$385,000
- Salaries and wages, \$190,000, which is a 1.5% increase over FY 2010

Last year's town operating budget was reduced by 1.16% through reductions in capital outlay (equipment replacement), elimination of a full-time department director position and three other General Fund positions, reduced personnel hours in some departments and cutting contractual services expenditures.

FY 2011 Revenues

In FY 2011, the town will be heavily reliant upon property tax revenue, as is the case with all municipalities in the state. All sources of property tax will contribute 80.50% of our total revenues. Real estate property tax revenue is estimated to be 2.59% higher than the FY 2010 adopted budget level, but will be partially offset by a 13.96% reduction in motor vehicle taxes. We have been very fortunate to have above average Grand List growth over the last several years. That trend mitigated the tax burden on residential property owners. However, as the national and local economies have suffered, our Grand List growth has stagnated. Also, given the significant size of the Grand List (\$2.719 billion), even a 1% increase (\$27.2 million) to the Grand List today is far more difficult to achieve than it was several years ago.

Non-tax revenue sources are projected to continue to decline. The following graph depicts how much the town's revenue sources have changed in FY 2011 versus the town's revenue picture five years ago.

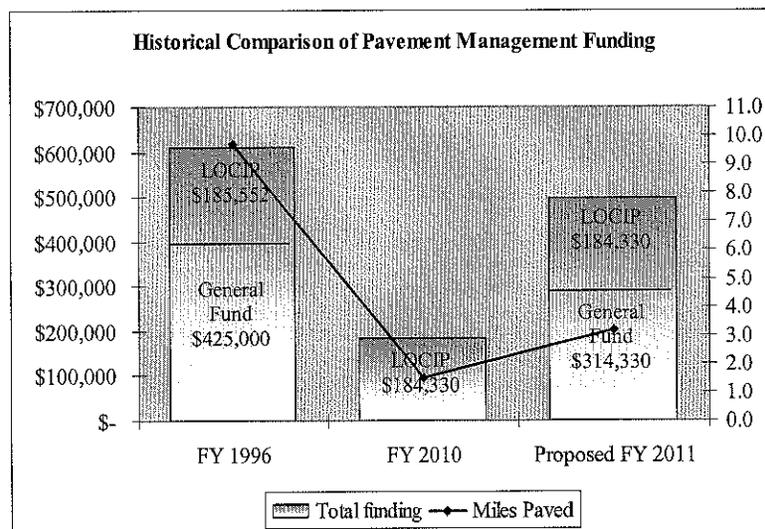

State aid, which includes school aid, casino funds and the boat tax, is projected to decrease by \$187,000. Revenue from interest earnings is expected to be \$295,000 less than FY 2010's budget. Conveyance fees are expected to be \$125,000 less due to a legislature-approved increment of this revenue source sun-setting. The machinery exemption revenue is also expected to be reduced by \$209,000 due to asset depreciation and less state reimbursement. Overall, non-tax revenue (excluding opening cash) is projected to decrease 2.8% or \$550,000.

This budget also proposes to decrease our use of opening cash by \$175,000 to \$900,000, which is still higher than the five year average of \$577,000 had been for this revenue source prior to the large increase in FY 2010. Preserving as much fund balance as we can is important to ensure that this emergency source of funding is available if other revenue sources are cut dramatically in the future or if unexpected costs arise during the year, and to help the town leverage the best possible bonding rates so that we can continue to reinvest in our infrastructure.

Capital Reinvestment

In FY 2003, the town broke from a long-standing tradition of using the General Fund to support annual and on-going capital project work, such as routine pavement management activities like milling and overlaying. Instead, and apart from a General Fund contribution in FY 2009, we have tapped other sources of revenue for these needs, to the point where these funding sources can no longer keep up with the level of investment that is needed. In an effort to provide for an increased level of reinvestment in our streets, the FY 2011 Proposed Budget includes \$314,600 for pavement management activities.

Given the condition of our roads today, the price of construction materials and the number of miles of road that need attention, the budget that is proposed for pavement management in FY 2011 still falls short of what is required to keep up with road

deterioration rates. The level of investment that we believe is minimally required calls for approximately \$525,000 in funding each year to accomplish roughly 3.3 miles of repaving and \$112,000 each year to perform preventative maintenance like crack sealing.

Another capital project that has been funded by the General Fund in the past is sidewalk and curb replacement. We have again proposed to fund a limited amount of this work through the Capital Projects Fund balance and also plan to use the Capital Projects Fund for sidewalk repairs, line striping and traffic control signs that were budgeted previously in the Public Works Department's operating budget.

FY 2010 Update

The adopted FY 2010 budget is \$95,069,970. Projected revenues are expected to be \$1.91 million less than the budgeted amount. However, this revenue shortfall is attributed largely to receiving \$1.65 million less in education cost sharing state aid, which was replaced with American Recovery and Reinvestment Act funding (also known as the federal stimulus bill). The Board of Education made corresponding decreases to its town-funded expenditures. Overall, the state school aid category is expected to be \$1.41 million less than budgeted. The town also expects to receive approximately \$570,000 less in the total property tax collection category, \$45,000 less in state casino funds, \$25,000 less in conveyance fees, \$29,000 less in recording fees, \$15,000 less in payment in lieu of tax payments (PILOT) and \$325,000 less in interest earnings. Fortunately, the town also expects to receive approximately \$300,000 more in building permit revenue than anticipated, \$250,000 more in special education excess aid, \$35,000 more in cell tower lease payments, \$45,000 more in state machinery exemption reimbursements and \$100,000 more in telephone personal property tax.

FY 2010 expenditures are projected to be \$92,752,240 or approximately \$2.39 million less than the budgeted amount. This projection assumes that approximately \$1.65 million of the Board of Education's General Fund budget of \$60.7 million is not spent and that this amount of federal stimulus funds is used instead. Town government departments project to save approximately \$745,000. This is offset by \$336,000 in less revenue than budgeted. The majority of these savings resulted from salary and benefits savings from positions that were held vacant for an extended time. Additional savings resulted from reduced utility expenses, deferring small capital expenditures and unexpectedly receiving a Dial-a-Ride operations assistance grant.

Concluding Remarks

The FY 2011 proposed budget preserves existing services, reinvests in our capital infrastructure and keeps the town in the most nimble position it can be to respond appropriately to the service demand and financial challenges that await us in FY 2012.

Over the course of the past several years, we have doggedly pursued efficiencies and cost reductions. Our options for additional cost containment in order to achieve a budget-related tax increase that is smaller than what is proposed (or no budget-related tax increase), and still maintain services at the current level, are extremely limited.

Lowering the proposed budgetary tax increase from 2.6% to 1.0% would require a budget cut of \$1,185,000 or a 4.5% reduction to the operating budget. That cut is the equivalent of 14 full-time positions or the combined budgets of our Health and Human Services Departments.

In closing, I want to remind readers that property revaluation will affect every property differently. I encourage residents to use the tax calculator on the town's website to determine what impact revaluation will have on their July 2010 tax bill.

Lastly, I would like to thank the Board of Education's administration, the town's leadership team, the town's budget review team and, especially, the Finance Department for their work in preparing this proposed budget for fiscal year 2010-2011.

Respectfully Submitted,

Peter Souza
Town Manager

ORGANIZATION VISION, MISSION AND CORE VALUES

The Windsor Vision

To create an exceptional quality of life that engages citizens, provides commercial and leisure amenities, promotes business and employment opportunities and unsurpassed value to all taxpayers.

We are in the business of creating a context and culture that allows and inspires people to pursue their aspirations. This vision statement assumes we will listen, take our customers' concerns to heart and provide the best leadership to make those dreams come true. The Town of Windsor's elegantly simple and clear vision statement is:

“To create an environment where dreams can come true for individuals, families and businesses.”

Our core values support our organizational vision. We have identified the values by way of a series of exercises that provide insight to our priorities, hopes and beliefs. The five core values that have emerged are:

Innovation. The process of effectively and profitably taking new ideas to satisfied customers. It is a process of continual renewal involving the whole organization and is an essential part of everyday practice.

Responsiveness. Quality as defined by the customer. We exemplify responsiveness in our willingness to help customers and to provide prompt service in a dependable and accurate manner.

Passion. The excitement of doing something – vocation or avocation, art or mission, idea or ideal that we find fulfilling and deeply satisfying. People with passion *ignite* enthusiasm, *inspire* excellence and *invoke* enhanced performance.

Integrity. Saying what we mean and consistently doing what we say. It means honestly matching words and feelings with thoughts and actions, with no desire other than for the good of the community.

Partnership. There are more leaders because people can take turns assuming leadership for tasks where they have knowledge and ability. Leaders inspire and facilitate rather than just give orders that have to be obeyed. Our partnerships also extend to the community where accountability also flows in two directions.

THE BUDGET PROCESS

The process leading to the adoption of the Town of Windsor budget is participatory and encourages input from citizens, boards and commissions, town departments and the Town Council. The budget process focuses on identifying funding levels necessary to continue basic municipal services, Council priorities and community goals.

Council Priorities

At the beginning of the budget process, the Council adopts a set of priorities that focuses on the use of current resources in specific areas that have been identified as the most critical. These priorities are used by the departments in formulating goals, objectives and strategies used to gauge the allocation of resources for the accomplishment of long-term goals. These priorities are also used by departments in formulating budget requests for the following fiscal year. The priorities are outlined in the Town Manager's budget message.

Capital Improvements Program

In accordance with the Town of Windsor Charter, the Town Manager shall present to the Town Council a six-year capital improvements program and shall recommend to the Council those projects to be undertaken during the first year of the program and the method of financing such projects. The six-year Capital Improvements Program may be found in Appendix A and the one-year Capital Projects budget is located in Section Q – General Services.

Council Retreat and Public Hearings

At the beginning of the budget process, the Town Council conducts a retreat to focus on the Town Manager's goals and to give direction for the ensuing year. After the Town Council retreat, public hearings are held to solicit input from the community as to its priorities for the upcoming fiscal year and to hear public opinion regarding the proposed budget once it has been submitted to the Town Council by the Town Manager and Board of Education.

Town Manager's Proposed Budget

The Town Manager is required by the Windsor Town Charter to present to the Council a proposed operating budget and a Capital Improvements Program at least thirty days before the date of the annual budget meeting of the town. The proposed budget contains a detailed allocation of projected revenues and expenditures for all of the town's various funds and a summary of the town's debt position. The Town Manager also includes a budget message that outlines the essential elements of the Town Council and other long-term strategies and goals.

FINANCIAL ORGANIZATION OF ACCOUNTS

The financial operations of the town are organized into funds and account groups, each of which is a separate fiscal and accounting entity. Each type of revenue received or expenditure made by the town is accounted for through one of the funds or account groups described below.

GOVERNMENTAL FUNDS

Most town functions are financed through what are called governmental funds. There are four types of governmental funds: the General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund.

General Fund - The General Fund is the major operating fund of the town government and it covers the vast majority of town operations. The General Fund accounts for property taxes, other forms of locally-raised revenue and grants not elsewhere classified and the operating expenditures of the town and the Board of Education.

Special Revenue Funds - Special Revenue Funds are used to account for those types of revenues that are legally restricted to being spent for a specific purpose (except for expendable trusts or major capital projects.) These revenues must be accounted for separately from the General Fund for a variety of reasons and do not necessarily follow the same fiscal year as the General Fund. The town's Special Revenue Funds are:

Educational Grant Programs - Accounts for all specially financed education programs under grants received from the federal or state government.

Cafeteria - Accounts for revenue and expenditures of the food service operations in the Windsor Public Schools.

Town Aid - Accounts for funds received from the State of Connecticut used for the improvement of town roads.

Community Rehabilitation Program - Accounts for block grants received from the United States Department of Housing and Urban Development and the State of Connecticut Department of Housing.

Other Special Revenue Funds - Accounts for intergovernmental and private grants for various special projects administered by the town.

Child and Youth Services - Accounts for grants received from the State of Connecticut used to enhance the town's day care services.

Board of Education Facilities - Accounts for revenues and expenditures in conjunction with the community use of Board of Education facilities.

Social Services Block Grant - Accounts for grants received from the State of Connecticut used to enhance the town's welfare services.

Capital Projects Fund - The Capital Projects Fund is used to account for the monies used for the acquisition or construction of major capital facilities (buildings, roads, etc.)

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

PROPRIETARY AND INTERNAL SERVICE FUNDS

Proprietary funds are used to account for the town's activities that are similar to those found in the private sector. These activities are not financed by taxes, but by fees charged to the users of the service. The accounting principles used for proprietary funds are very similar to those applicable to similar businesses in the private sector. The town has three proprietary funds that are called Enterprise Funds and one Internal Service Fund.

Landfill Enterprise Fund - Accounts for the operations of the Windsor-Bloomfield sanitary landfill.

Child Development Enterprise Fund - Accounts for the operations of the Milo Peck Development Center that provides day care services to town residents and to employees of businesses located in Windsor.

Adult Day Care Enterprise Fund - Accounts for the operations of the Caring Connection Adult Day Care Center that provides day care services to frail, elderly and handicapped residents of Windsor.

Insurance Internal Service Fund - Internal Service Funds are used to account for all liability, auto and fire insurance, health and workers' compensation activity including premiums and claims.

FIDUCIARY FUNDS

Fiduciary funds are used to account for assets held by the town in a trustee capacity or as an agent for individuals, private organizations or others. Generally, these are donations made to the town for a specific purpose. Expendable trust funds (principal and income may be expended in the course of their designated operations) are accounted for in essentially the same manner as governmental funds. The town has no non-expendable trust funds, but has two types of Fiduciary Funds.

Trust Funds

J. Bartash Trust - Accounts for a bequest made to the town by a former resident of Windsor.

Pension Trust - Accounts for the accumulation of resources to be used for future retirement benefits.

Agency Funds

Student Activity - Accounts for the cash receipts and cash disbursements of various student activities and clubs.

Adult Education - Accounts for the cash receipts and cash disbursements of educational programs that serve adults of the town.

Deferred Compensation Plan - Accounts for the accumulation of town employees' compensation that has been deferred.

BASIS OF ACCOUNTING

The modified accrual basis of accounting is used by all governmental fund types, expendable trust funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e. when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The town considers property taxes as available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred.

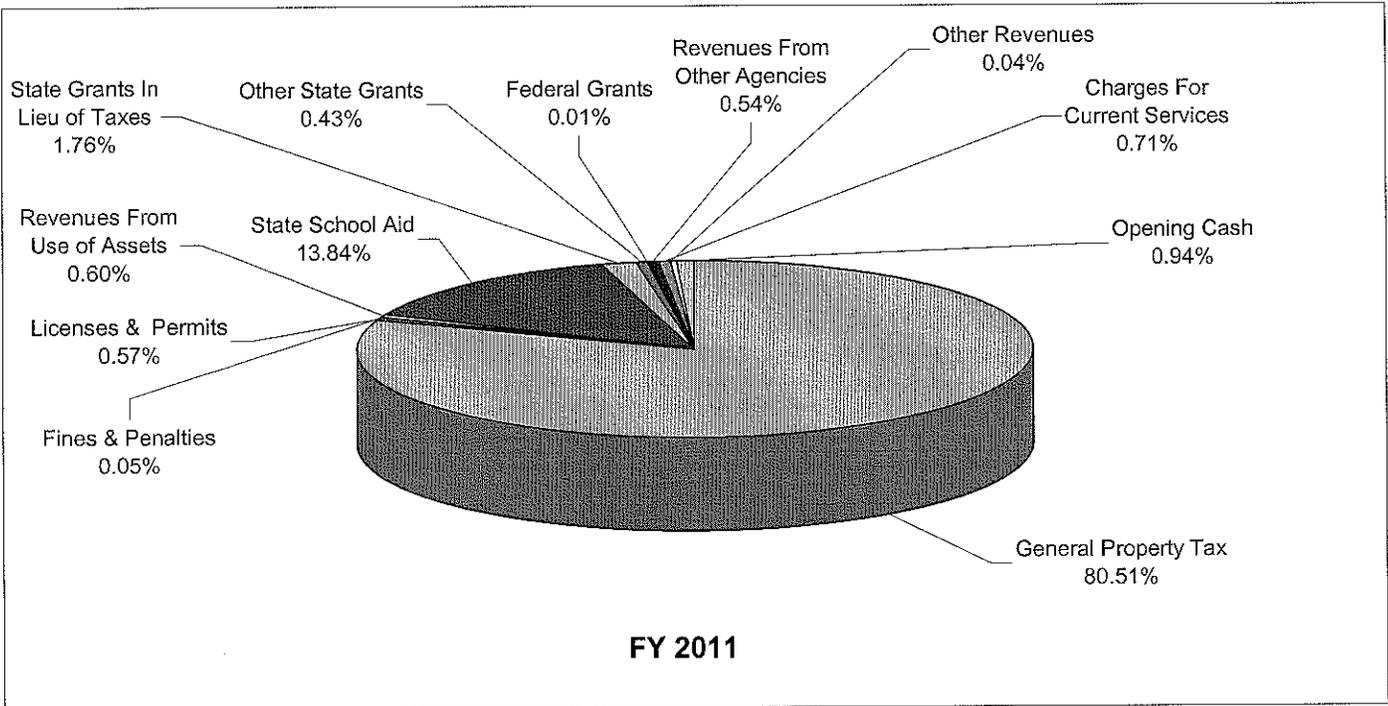

The town's accounting records for the Child Development, Landfill and Adult Day Care Enterprise Funds are maintained on a full accrual basis. Revenues are recognized when earned and expenses are recognized when incurred.

The differences between the budgetary and GAAP basis of accounting are:

- Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order is issued and, accordingly, encumbrances outstanding at year-end are reflected in budgetary reports as expenditures in the current year whereas they are shown as a reservation of fund balance on a GAAP basis of accounting.
- The current portion of vested compensated absences is reported as a fund liability for GAAP purposes. For budgetary purposes, compensated absences are recognized when used.
- State of Connecticut payments on behalf of the town for the teacher retirement system are reported for GAAP purposes only.

This section contains revenues received from property taxes paid by citizens and from taxes received on automobiles purchased after the tax list preparation date. Interest, lien and penalty fees are payments received on delinquent accounts.

The Town of Windsor's General Fund expenditure program for FY 11 totals \$96,313,530. Of this amount, \$76,106,654 will come from the current property tax levy, \$19,306,876 from other revenues, and \$900,000 from opening cash. The estimated Net Taxable Grand List for FY 11, which will be in the second year of a five year revaluation program is estimated at \$2,719,000,000. This is based on a revaluation of October 2008. The proposed collection rate is 98.80%. Accordingly, the required tax levy will be 28.38 mills; or \$28.38 for each \$1,000 of assessed value. The mill rate is calculated as follows:

MILL RATE CALCULATION

	<u>Proposed</u>	<u>Adopted</u>
Total Expenditure	96,269,530	96,313,530
Less: Other Revenues	(19,312,876)	(19,306,876)

915 LICENSES AND PERMITS

This category accounts for approximately 0.57% of the town's General Fund revenues in FY 11.

		FY 2009		FY 2010		FY 2011	
		Actual	Budget	Estimate	Proposed	Adopted	
51206	Building Permits	687,827	450,000	750,000	480,000	480,000	
	All Others	77,067	66,460	72,600	70,700	70,700	
		764,894	516,460	822,600	550,700	550,700	

Building and related permits are expected to finish FY 10 well over budget as renovations continue to be strong while new construction has tapered off because of the economy. Building permit revenue for FY 11 is budgeted for a \$30,000 increase from the FY 10 adopted budget.

The majority of other revenue sources (e.g., marriage licenses, food permits and hunting licenses) are fairly stable. Current rates for various licenses and permits are listed in Appendix G.

920 FINES AND PENALTIES

This category accounts for approximately 0.05% of the town's General Fund revenues in FY 11.

		FY 2009		FY 2010		FY 2011	
		Actual	Budget	Estimate	Proposed	Adopted	
51401	Court Fines	28,749	20,000	25,000	25,000	25,000	
51402	Parking Fines	17,292	25,000	17,000	17,000	17,000	
51403	Other Fines	-	-	-	-	-	
		46,041	45,000	42,000	42,000	42,000	

Court fines are those amounts received by courts and distributed by the state back to the town including the new surcharge for motor vehicle violations. The town does not have the authority to levy court fines. Over the past several years, this revenue item has ranged from a high of \$28,749 to a low of \$0. This has increased over the past several years while parking fines has dropped.

925 REVENUES FROM USE OF ASSETS

This category accounts for approximately 0.60% of the town's General Fund revenues in FY 11.

		FY 2009		FY 2010		FY 2011	
		Actual	Budget	Estimate	Proposed	Adopted	
51501	Interest: Unrestricted	801,980	550,000	225,000	255,000	255,000	
51504	Cell Tower Leases	213,776	144,962	180,780	210,540	210,540	
51505	Rental of Town Property	141,276	141,745	141,745	115,340	115,340	
		1,157,032	836,707	547,525	580,880	580,880	

Unrestricted interest is the revenue resulting from the investment of cash receipts not immediately used to meet expenditures. For FY 10, it is projected that the final figure will be substantially under budget. Investment rates dropped from 1.1% in July 2008 to .8% in July of 2009 to .4% in January 2010. We have decreased the FY 11 projections to account for the recent marked decrease in interest earnings.

There is \$210,540 in revenue projected for FY 11 for five cell sites including ground rents and co-location leases. The revenues from the cell tower at the L. P. Wilson (LPW) Center is being directed to the L.P.Wilson Building Fund as historically done.

The components of rental income are as follows:

	FY 2010		FY 2011	
	Budget	Estimate	Proposed	Adopted
Milo Peck Child Development Center	111,985	111,985	115,340	115,340
Landfill	-	-	-	-
Cell Tower Site	29,760	29,760	-	-
	141,745	141,745	115,340	115,340

The FY 11 budget includes rental income from the Milo Peck Child Development Center. Cell tower site revenue has been moved from Rental of Town Property to Cell Tower Leases. The Landfill rental income was eliminated in FY 09 in preparation of the pending landfill closure.

930 STATE SCHOOL AID

This category accounts for approximately 13.84% of the town's General Fund revenues in FY 11.

		13,562,298	13,216,243	11,801,738	13,330,263	13,330,263	

This section includes state grants received by the town for school operations as a result of formulas which are established by the state.

The FY 10 estimates for this group of accounts are anticipated to come in under budget by \$1,414,505 due in part to the reduction in State ECS which will be replaced by a Federal stimulus grant. There will be a similar reduction in Education expenditures that will be charged to the Special Revenue Grant Program. Transportation and Special Ed.- Excess Costs grants proposed amount of \$1,350,000 and Blind and Handicapped proposed amount of \$35,000 is the estimate of reimbursable costs as per the Board of Education. The remaining state school grants are obtained from the Governor's proposed budget. The FY11 budget category for State School Aid is projected in total to result in a \$114,020 increase over the previous year's budget due primarily to special education excess costs.

935 STATE GRANTS IN LIEU OF TAXES

This category accounts for approximately 1.76% of the Town's General Fund revenues in FY 11.

	FY 2009		FY 2010		FY 2011	
	Actual	Budget	Estimate	Proposed	Adopted	
51900 Machinery Exemption	1,419,986	1,500,000	1,545,657	1,290,800	1,290,800

This section contains state grants received by the town, most of which are paid to replace taxes once received. The town has been partially reimbursed by the state for tax exemptions given for eligible machinery and equipment exempt from personal property tax and for exemptions given to the elderly. The property tax boat reimbursement was not included in the Governor's budget for FY 11. The manufacturer's equipment is expected to be reimbursed based on the Governor's budget.

940 OTHER STATE GRANTS

This category accounts for approximately 0.43% of the Town's General Fund revenues in FY 11.

	FY 2009		FY 2010		FY 2011	
	Actual	Budget	Estimate	Proposed	Adopted	
52100 Bond Interest Subsidy	63,466	48,166	48,166	35,654	35,654	
52101 School Building Grant	339,733	342,257	342,257	338,246	338,246

	<u>446,706</u>	<u>433,623</u>	<u>431,023</u>	<u>414,500</u>	<u>414,500</u>	

The Bond Interest Subsidy is a grant received from the state to reduce the cost of borrowing for school construction projects and for projects financed prior to FY 96. This revenue decreases in proportion to the decrease in debt payments on school project bonds. The State now participates during the construction phase leaving the Town to borrow only its share of the project cost.

The Other State grants category includes a library grant (which now has to be set up as a Special Revenue Grant) and the state reimbursement of a portion of the town support for health services in private schools. The funding level is consistent with prior year collections.

945 FEDERAL GRANTS

This category accounts for approximately 0.01% of the Town's General Fund revenues in FY 11.

	FY 2009		FY 2010		FY 2011	
	Actual	Budget	Estimate	Proposed	Adopted

	<u>652,484</u>	<u>527,863</u>	<u>614,453</u>	<u>514,453</u>	<u>514,453</u>	

In-Lieu of Tax Payments revenue in FY 10 no longer includes a \$113,750 payment made by the Landfill Enterprise fund to the town for buildings and equipment owned and operated by the fund. Included here is now just the In-Lieu of Taxes of \$30,000 to be paid by the City of Hartford under the Keney Park Golf Course agreement. The Telephone Property Tax is personal property in Windsor for telecommunication equipment that is reported to the state, not the Town Assessor, and then paid to the town at a state wide rate. The CRT (Community Renewal Team) is money received for Head Start rent payment for the use of the Milo Peck Child Development Center.

	852,867	820,400	785,050	693,170	687,170	

Charges for the overall Current Services category is expected to be approximately \$35,350 under budget for FY 10. This is attributable to the fees for conveyance of property and Recording Legal Documents because of the slow down in the real estate market. The conveyance fee sunset provision was extended through FY 10. The sunset provision is taken into consideration for the FY 11 budgeted revenues. For FY 10 and FY 11, Administrative Overhead is composed of \$44,000 from the Milo Peck Child Development Enterprise Fund, \$17,020 from the Caring Connection Enterprise Fund and \$51,250 from the Landfill Enterprise Fund to the town for services provided to these funds by General Fund employees.

BOARD OF EDUCATION

As required by the Town Charter, the President of the Board of Education submits a separate budget document. For more detailed information, see the Board of Education's recommended Financial Plan for FY 11.

Budget Commentary

The FY 10 estimate for the Board of Education is expected to come in \$1,647,450 less than budget with a corresponding decrease in the revenue category, "State School Aid" - Education Cost Sharing (ECS) line. This change was a result of the American Recovery and Reinvestment Act of 2009. The revenues and expenditures related to the \$1,647,450 will pass through a special revenue fund as opposed to the General Fund for FY 10.

TOWN SUPPORT FOR EDUCATION

This account provides funds to meet the cost of town services for the schools. These services include mandated assistance to private schools, property maintenance, insurance, debt service and administrative services. Many of these costs are included in the town's expenditures for education per the State of Connecticut.

Expenditure Summary	FY 2009 Actual	FY 2010		FY 2011

Total	4,314,528	4,320,708	4,239,890	4,280,680	4,280,680

Funding Sources

Town Support for Education expenditures are funded solely by the General Fund.

The following products and services to education are budgeted for FY 11:

- Aid to private schools for health and welfare services
- Payment of interest and principal on bonded school construction projects
- Provision for an independent audit, town attorney and town treasurer services
- Provision for property, liability and workers' compensation insurance; retirement services for non-certified school employees
- Provision for a safe learning environment in Windsor schools and the minimization of violence through police activities, counseling and other services
- Provision of grounds maintenance and snow removal to the six schools.

Budget Commentary

The overall FY 10 budget for Safety Services is estimated to be \$46,000 or 0.5% over budget primarily due to Federal and State Grants and Police Private Duty activity. The FY 10 General Fund budget for Safety Services including Town Support for Education is estimated to come in \$197,000 or 2.4% under budget. The overall FY 11 proposed budget reflects a \$482,000 increase from the FY 10 budget or 5.5% and a General Fund increase of \$366,000 or 4.4% including Town Support for Education.

POLICE DEPARTMENT

Budget Commentary

FY 10 overall expenditures are estimated to come in \$51,000 or 0.7% above budget. Special revenue funded activity will be \$242,000 above budget due to increases in Police Private Duty traffic control, Asset Forfeiture funded narcotics enforcement and a Jag Pass Thru Grant. The FY 10 General Fund expenditures, including Town Support for Education, are estimated to come in at \$190,000 or 2.5% below budget. These savings are primarily due to unanticipated personnel vacancies, a cancelled cruiser purchase, electricity, and gasoline and vehicle repairs.

FY 11 overall expenditures are proposed to increase by \$359,000 or 4.6% as compared to the FY 10 budget. The FY 11 General Fund expenditures, including Town Support for Education, represent a \$359,000 or 4.8% increase. This is primarily driven by Personal Services, Services, and Maintenance and Repair expenditure increases. These increases will be partly offset by decreases in Energy and Utilities costs. Staffing, capital purchases, and infrastructure maintenance will remain the same as the current year.

POLICE - ADMINISTRATION AND RECORDS

The Police Administration and Records division provides leadership and guidance for the Police Department, stores and retrieves data, ensures the availability of resources and provides reports, permits and licenses to the public and works with the community to provide information as required for problem identification and resolution.

Budget Commentary

Expenditures for FY 10 will come in \$12,000 or 1.6% over budget mostly due to a \$25,000 JAG Grant from the state. The FY 10 General Fund expenditures are expected to come in at \$14,000 or 1.8% below budget. These reductions are primarily due to reduced Personal Services costs of \$10,000 and reduced Utilities costs of \$3,000. Overall expenditures for FY 11 reflect an increase of approximately \$10,000 or 1.3% due to Personal Services increasing by \$17,000 and Maintenance increasing by \$1,000. These increases will be offset by Utilities decreasing \$9,000.

Budget Commentary

Total expenditures for FY 10 are estimated to be \$109,000 or 8.9% under budget, which includes a \$37,000 increase in narcotics investigations funded by Asset Forfeitures. FY 10 General Fund expenditures, including Town Support for Education, will be \$150,000 or 12.4% less than budgeted due to shifting of Personal Services expenses to Uniformed Patrol. This is due to a Middle School Officer being withdrawn and reassigned to Patrol to save overtime expenses and for an additional detective moved back to Patrol as well. The FY 11 overall budget will decrease by \$5,000 or 0.4% due to the transfer of the Sage Park Middle School Officer position to Uniformed Patrol to help contain patrol shift replacement costs. The FY 11 General Fund expenditures, including Town Support for Education, reflect a decrease of \$39,000 or 3.2%.

Budget Commentary

Expenditures for FY 10 are estimated at \$152,000 or 2.6% higher than budget and is primarily due to an increase of \$30,000 in the Special Revenue Fund for JAG Grant equipment and a \$168,000 increase in Police Private Duty traffic control services, both of which are partly offset by a \$24,000 decrease in State Traffic Grant expenditures. FY 10 General Fund Expenditures are projected to come in at \$22,000 or 0.4% below budget. These savings are mostly a result of a \$3,000 decrease in Maintenance and Repair, a \$23,000 decrease in Capital Outlay due to a decision to forgo purchasing one police cruiser, and a \$2,000 decrease in Energy and Utility due to reduced gasoline costs. Expenditures for FY 11 are expected to increase by \$343,000 or 6.0%. State Traffic Grant funded activity is projected to decrease by \$22,000 and Police Private Duty fund activity is estimated to decrease by \$13,000. FY 11 General Fund expenditures will increase by \$377,000 or 7.0% over the FY 10 budget. This is primarily due to an increase in Personal Services resulting from contractual pay increases, benefits cost increases, and the re-allocation of the Middle School Officer from Support Services to Patrol. Services, Maintenance and Repair and Capital Outlay are increasing slightly, while Energy and Utility is expected to increase by \$2,000 due to gasoline cost increases.

Budget Commentary

FY 10 General Fund expenditures are projected to come in \$4,000 or 3.7% below budget. This is due to a \$7,000 decrease in Personal Services partly offset by an increase of \$2,000 in Energy and Utilities. FY 11 General Fund expenditures will be \$11,000 or 9.1% higher than FY 10 due to a \$6,000 increase in Personal Services and a \$5,000 increase in Energy and Utilities due to dog pound heating costs.

Budget Commentary

The Fire Department's FY 10 expenditures are expected to be \$6,000 or 0.7% below budget. The overall FY 11 increase in the budget is \$124,000 or 15.7% and is mostly due to a \$116,722 increase for the creation of the Length-of-Service Award Program that was approved by Town Council in March 2010. The remainder of the increase is due to Personal Services, maintenance and supply costs related to the Hayden Station firehouse renovation, and increased retention efforts related to firefighter uniform replacement. The FY 11 budget will show a \$7,000 or 0.9% increase in the General Fund compared to the FY 10 Budget.

Budget Commentary

FY 10 expenditures are estimated to come in on budget. The proposed budget for FY 11 is the same as in FY 10. The town's contractual obligation to North Central Emergency Medical Dispatch is estimated to be \$17,400, which is \$400 more than what was budgeted for in FY 10. After FY 09 concluded, the town's subsidy to WVA was separated from the Services category and was reflected in the Grants and Contributions category. The FY 11 Ambulance budget of \$69,000 includes \$10,000 for Maintenance and Repair services, which will be provided by the Public Works Department.

AMBULANCE SERVICES

Products & Services

Emergency Medical Care \$69,000

- Evaluate injuries and provide treatment at the scene and en-route to the hospital
- Provide highly qualified paramedics to administer advanced care to patients suffering from life threatening illness or injury
- Educate school children and the public in EMS to maximize early system activation.

FY 2010 Highlights

The number one highlight for 2010 is that the Town of Windsor was safer than it was last year. Our Part 1 crime rate, accidents with injuries and accidents are lower than they have been at anytime during the past five years. The Patrol Division was able to help maintain a low crime rate by continuing our philosophy of proactive law enforcement, which led to our high number of criminal arrests (1,756) in addition to our efforts in motor vehicle enforcement mentioned below.

The dispatchers of the Communications Division of the Windsor Police Department are the direct and first contact for citizens and all emergency services in the Town of Windsor. The dispatchers handled more than 66,000 Computer Aided Dispatch entries in the last calendar year. As a Public Safety Answering Point for the State of Connecticut, the Communications Division receives over 9,500 E-911 calls annually, and dispatches appropriate emergency responses. Regularly scheduled shifts are now fully staffed with the addition of a seventh civilian dispatcher.

The Records Division continues to support citizens, the department, and town, state and federal interests by assembling and disseminating information in a variety of formats, ranging from basic police reports to providing data for statistical analysis. The Records Division staff has assumed responsibility for the management and operation of the property and evidence functions of the department, and has been instrumental in the department's migrations from earlier to more recently implemented computerized data management systems.

The Support Services Division continued to assist the department with its efforts to lower the crime rate. Part 1 crimes were reduced by well over the 5% goal stated for FY 10. While the overall burglary rate increased from 2008, the division's clearance rate of 25% is higher than the national average of 12.6%. Of the six forcible rapes that were reported, the division cleared five, or 83.33%. Through the summer of 2008 and into 2009, a thief was responsible for taking \$120,000 worth of tractor trailer tires in eight separate thefts from local businesses in Windsor, and was responsible for other thefts in the greater Hartford area. In January, our detectives continued their pursuit of leads and were able to develop a suspect. Working with the cooperation of out-of-state agencies, the division was able to identify and arrest a suspect in this series of crimes that reached from Massachusetts to New Jersey. The Support Services Division also led the department in training by implementing new arrest booking procedures and continued forensics training.

The Patrol Division continued to focus on neighborhood and retail area foot and directed patrols. The Patrol Division maintained a high visibility in our most vulnerable communities by increasing directed patrols in our adult living communities from 1,707 in 2008 to 2,305 in 2009 an increase of over 35%. The primary focus of the above mentioned patrols was to reduce crime, but the Patrol Division also led the way in helping the department reduce Part 1 crimes by 10.4% (649 Part 1 Crimes in 2008, 581 Part 1 Crimes in 2009), well above the stated goal of reducing Part 1 Crime by 5%.

Motor vehicle enforcement efforts were increased by the Patrol Division from 16,352 in 2008 to 20,576 in 2009, an impressive increase of 25.8%. More importantly, motor vehicle accidents with injuries were decreased from 119 in 2008 to 88 in 2009, an outstanding reduction of 26.6%. This reduction of motor vehicle accidents with injuries is even more impressive when compared to the 156 accidents with injuries sustained in 2005.

In FY 10, the Fire Department actively worked on the procurement of a Rescue/Pumper truck and the design and procurement process for renovations to the Hayden Station firehouse.

In FY 10, volunteer firefighters responded to over 1,400 calls and logged over 6,000 hours of training. Training sessions were held at the Connecticut Fire Academy, the new major buildings in the northwest section of town and throughout the region.

A fun fact about the value of our services...

Did you know that...having an extremely proactive police department has led to the lowest burglary rate in the Greater Hartford area?

Since the inception of the Fire Explorer program, there have been 12 individuals from the Fire Explorers who have joined the Fire Department as active members.

FY 2011 Goals

1. Continue to intensify liaison with local, state and federal agencies in concentrated effort to prevent violent crimes and reduce illicit narcotics trade
2. Maintain a Part 1 crime rate below 600 crimes per year
3. Increase motor vehicle enforcements stops by 5%
4. Decrease the total number of accidents by 5%
5. License 3,000 dogs (2,815 in FY 10) and conduct animal awareness training in every elementary school
6. Maintain an average Fire Department response time of six minutes
7. Implement Fire Department Length of Service Program.

Budget Commentary

The total FY 10 budget is estimated to come in under budget by approximately \$5,000, or 0.2%, with a General Fund savings of \$13,000, or 1.0%. This is largely due to a decrease in Personal Services. For FY 11, the General Fund proposed budget increases 0.7%. This increase is largely due to Personal Services.

Budget Commentary

The overall FY 10 estimate will be under budget by \$5,500 or 0.6%, which is primarily due to the shifting of a full-time staff person from the recreation division to Northwest Park. It is estimated that the FY 10 General Fund will also be slightly under budget by 0.5%. For FY 11, there is an overall budget decrease of 8.7%. This decrease is due to cost reductions in Personal Services and program materials and supplies. The General Fund portion is increasing by 1.8%. The increase to the is due to Personal Services.

Budget Commentary

The FY 10 General Fund is estimated to be slightly above budget by 0.8% due to unexpected repairs needed on the L.P. Wilson tennis court lights. The FY 11 proposed General Fund budget reflects an \$3,500, or 0.9% increase. This increase is due to the increased cost of chlorine for the outdoor pools.

FACILITIES MANAGEMENT

Products & Services

L.P. Wilson Community Center \$314,950

- Provide support for the repairs, utilities, custodial services and the year round operation of the center.

330 Windsor Ave. Community Center \$30,350

- Provide support for utilities at 330 Windsor Avenue.

Outdoor Pools \$67,540

- Provide support for repairs, maintenance and daily operating mechanical expenditures associated with the pools.

YOUTH SERVICES BUREAU

The Youth Services Bureau (YSB) encourages youth to strive for excellence, integrity and community spirit by providing programs that focus on enrichment activities, social skills, problem-solving capabilities, community involvement and leadership opportunities.

Budget Commentary

The overall FY 10 estimate will be approximately \$8,000 or 5.3% over the adopted budget. This is primarily due to increased programming and enhancements to current programs requiring additional Personal Services and Supplies. The expenditures associated with these programs were offset by unexpected Youth Services Bureau grant awards from the State of Connecticut. For FY 11, there is an \$6,700 or 6.8% increase to the General Fund. This increase is due to Personal Services and shifting 0.18 FTE's from Northwest Park to the Youth Service Bureau for the afterschool programming.

YOUTH SERVICES BUREAU

Products and Services

Positive Youth Development \$44,430

- Provide after-school educational activity programs including art, computer literacy, culinary arts, gardening, games and adventure challenges

Funding Sources

In addition to the General Fund budget, other funding sources may become available. These items have no effect on the General Fund budget. Other funding comes from contracts with Windsor and other school districts for environmental education programs, fees for various general programs, contributions from the Connecticut Valley Tobacco Historical Society and the Friends of Northwest Park. These items have no effect on the General Fund.

Temporary/Seasonal Employees	2.55	2.16	2.70	2.70
Total FTEs	5.75	5.28	6.85	6.85

Budget Commentary

The overall FY 10 estimate will be under budget by \$11,000 or 4.3%. This is primarily due to the reduction of part-time FTE's. The FY 10 General Fund estimate is 9.9% lower than the approved appropriation. This is the result of reductions in part-time personnel and Services. The estimates also reflect the transfer of a recreation program specialist from the recreation division to Northwest Park. The appropriate funding source (Town Support for Education) was also transferred. The proposed FY 11 budget reflects an overall increase of 19.8%, with the General Fund portion decreasing by 7.6%. This overall increase is due to the addition of Temporary/Seasonal staff for summer camp programs. The cost associated to the staffing is offset by program fees. This also includes the transfer of the ropes course special revenue account from the recreation division to Northwest Park and the full costs associated to the transfer of the recreation program specialist. The General Fund decrease is due to the transfer of part-time staffing hours to the Youth Service Bureau for after-school programming.

Budget Commentary

The overall FY 10 budget is expected to come in slightly over budget by 0.2%. The FY 10 General Fund budget will be \$1,000 or 0.6% under target. Changes in the FY 11 budget reflect a decrease to the General Fund of 2.1%. This decrease reflects a drop in Utilities as a result of installing a grant funded geo-thermal system and the utilization of the special revenue fund. These two decreases are partly offset by an increase in Personal Services.

NORTHWEST PARK FACILITY/PROPERTY MANAGEMENT

- Develop and oversee a preventative maintenance program for all park facilities.

RECREATION AND LEISURE SERVICES

FY 2010 Highlights

Over the past year, 6,000 area school children have participated in Northwest Park environmental education lessons. An 8-passenger and a 4-passenger cart were purchased through a state grant from the Department of Environmental Protection for use with senior programs and for those with special needs. Several nature trail programs were conducted with senior groups using the carts.

The 1-acre Organic Garden Demonstration area was completed and opened for public visitation. This garden includes composting demonstrations, raised bed gardening, fruit trees, berry shrubs and a beneficial border.

The 1/8 mile Sensory Saunter Trail was completed and dedicated in July 2009. This trail includes a self-guiding rope, sensory stations with Braille and graphic signs and MP3 self-guiding audio systems.

The Youth Services Bureau (YSB) increased the number of its special events to one each month. The events were held at the L.P. Wilson Community Center and managed by the high school Leaders In Training program. The youth managed all aspects, including event design, budget, marketing, contracting vendors, procuring supplies, manning booths, ordering food, and interacting with customers, which provided them with the opportunity to develop entrepreneurial skills. The addition of transportation from Sage Park Middle School to the L.P. Wilson Community Center has allowed easier access for students to after-school programs offered by the YSB. The after school program has more than doubled in number of participants, and new collaboration was developed with Girls Scouts of America. The Crossroads program was successfully moved to the L.P. Wilson Community Center and has allowed the staff and youth more access to recreation resources. A module in teambuilding, problem solving, and decision-making utilizing the experiential education activities of the Adventure Challenge program has been added to the Crossroads program. The Youth Services Bureau was awarded a "Youth Services Enhancement Grant" that has supported the new modules that were added to the after-school programs and the increased number of community events.

A reading program was incorporated into the summer fun playground program. The reading program provided books and reading time for approximately 120 children each week. A new outdoor nature program was introduced into the after-school Romp-n-Learn program. The program provided nature based activities and learning for 25 children each week during the school year. The Middle School Extravaganza continued to grow as approximately 220 Sage Park students attended the monthly event.

Special events continue to be great attractions as more than 9,000 participants enjoyed various activities including a Scarecrow Contest, Dinner with Santa, Winter Carnival, Cabin Fever Festival, Flashlight Egg Hunt, Whose Egg Is It?, Tie Dye Extravaganza, Pirates Day, Luau Day, Creatures of the Night, 1,001 Pumpkins, Comedian Nights, Earth Day, Youth Fishing Derby, Mardi Gras, Winter Beach Party, Hollywood Fest and Turkey Shoot.

Budget Commentary

The FY 10 total expenditures are projected to come in 3.6% under budget and is primarily due to the restructuring of the Social Services division. The General Fund portion of the budget is projected to come in 10.3% under budget due to the shift of Dial-A-Ride expenditures from the General Fund to the Special Revenues Funds. The Dial-A-Ride Grant was not anticipated in FY 10 therefore these expenditures were budgeted for in the General Fund. However, the State has re-instated this grant. The decrease is also related to filling a Social Services vacant full time position with part time staff. The proposed total budget for Human Services for FY 11 is 0.5% over the adopted budget for FY 10. This is due mainly to the increased costs in energy and utility. Caring Connection's staffing and budgetary resources for transportation have been included in this budget and are funded through a transfer payment from the Caring Connection. The total General Fund proposed budget for FY 11 is 7.0% under the adopted FY 10 General Fund Budget. The savings are due to the re-instatement of the Dial-A-Ride grant and staff restructuring in Social Services.

Budget Commentary

The FY 10 total estimate vs. FY 10 adopted budget is projected to come in 1.4% under budget due to a savings in special revenue program costs as a result of increased collaboration and contributions from local organizations. FY 11 total budget vs. FY 10 adopted budget is proposed to increase by 1.2% due to the increased costs of Personal Services. The General Fund portion of the FY 11 proposed budget vs. the FY 10 adopted budget is expected to come in 4.0% higher due to increased costs of salaries, pension and health insurance.

Budget Commentary

The General Fund portion of the FY 10 estimate vs the FY 10 adopted budget will be approximately 22.3% lower than planned. This is largely due to the re-instatement of the Dial-A-Ride Grant. The FY 11 Services line includes funds to maintain the unit's new database. No major capital outlay expenditures or new staffing is proposed for the transportation unit in FY 11. The overall proposed budget for FY 11 vs the adopted budget for FY 10 will increase by 5.5% due to increases in Personal Services and Utilities. The General Fund portion of the FY 11 proposed budget vs the FY 10 adopted budget is 21.9% less and is due to the anticipated receipt of Dial-A-Ride and NCAAA evening and weekend grants.

TRANSPORTATION UNIT

Budget Commentary

The FY 10 total expenditures are projected to come in 7.2% under budget. The General Fund portion of the budget is projected to come in 8.5% under budget. This is due to restructuring the division. A full-time position was vacant for some time and replaced with a part-time position. The proposed total budget for FY 11 is 2.8% under the FY 10 adopted budget, and the total General Fund proposed budget for FY 11 is 4.1% less than the FY 10 adopted General Fund budget. The decrease in the FY 11 proposed budget is due to not filling a full-time vacancy and continuing to employ a part-time caseworker.

HUMAN SERVICES

FY 2010 Highlights

The Windsor Community Service Council (WCSC) continues to be incredibly generous in supporting the efforts of Social Services. The WCSC has seen a very successful annual appeal this year with donations totaling over \$23,000, which is \$1,150 more than last year. Social Services staff and WCSC volunteers continue to work seamlessly together to provide much needed financial assistance to the residents of Windsor. One hundred percent of donated monies are returned to the community through various programs such as the food pantry, the fuel bank, holiday programs, clothing vouchers and other efforts. One-hundred and fourteen households were provided with financial assistance for emergency fuel needs, electric shut-off prevention, and other emergency needs in the past year.

The food pantry has a total of 32 volunteers that are available to work in the food bank. All households are qualified through income guidelines and Windsor residency. The food pantry currently has 486 registered households comprised of 2,530 people with 504 of those being under the age of eighteen. The number of registered households has increased by 86. The number of average monthly visits to the food pantry is 220 monthly. Nearly 140,000 pounds of food were distributed during the last calendar year. For Thanksgiving, Social Services, along with the assistance of many volunteers, distributed 200 turkeys and trimmings to Windsor families. The diaper bank is also available to Windsor residents. This year a total of 2,390 diapers and wipes were distributed to the babies in town.

This year marked the first Volunteer Appreciation Luncheon for Food Pantry Volunteers. Volunteers were treated to lunch and were also provided important training by guest presenters from the Windsor Health Department and Windsor Risk Management. This event was well received and we will plan to host it again next year.

The Social Services division continues to collaborate with outside agencies including, but not limited to: Loomis Chaffee School which assisted in delivering holiday gifts to 31 low-income clients, the Kiwanis Club, Trinity Methodist Church who assisted in purchasing and distributing over 200 backpacks and supplies to school-age children in need during the third annual Back Pack to School Program, countless religious institutions, businesses, churches, civic organizations and individuals who responded to Social Services plea for assistance when our shelves were bare and they fully restocked the pantry.

Windsor C.A.R.E.S. (Citizens Assisting Residents Everywhere by Sharing) is in its ninth year and has grown to almost fifty members who contribute countless volunteer hours to benefit Windsor residents. Of the many projects this group continues to bake cakes for the birthdays of participants in the Adult Day Center, deliver homemade treats to twenty senior citizens and individuals with disabilities to wish them a happy spring and cook meals for an area shelter. Windsor C.A.R.E.S. donated almost \$2,000 in cash and goods to Windsor residents and to local programs that directly provide assistance to Windsor residents.

The annual Caring for Caregivers Day was a huge success. This event honors the caregivers in Windsor who help loved ones continue to live at home. Forty caregivers were treated to an afternoon of pampering including a delicious meal, arm chair massages and door prizes. This event is funded fully by the Social Services Block Grant.

A total of 146 families participated in the annual Windsor holiday toy drive with 323 children being provided with holiday toys. Over 70 local businesses, schools, religious institutions, civic groups, and individuals adopted families during the holiday season.

The Senior Center's two largest annual programs, the senior picnic and the health fair, were a success again this year. Over 100 seniors attended the picnic at Northwest Park and enjoyed the food, games and entertainment. The Health Fair was also a very successful collaboration between the Health Department Social Services. Over 35 local businesses were able to market their services to hundreds of seniors in our community during the fair. Over 450 flu shots were administered.

In the first 6 months of FY 10, Senior Transportation has provided 13,823 trips to elderly and disabled Windsor residents, both Caring Connection clients and Dial-a-Ride patrons. The transportation staff has provided 385 out-of-town medical rides and 534 in town medical rides. Thirty volunteers have provided 198 rides for seniors to out-of-town medical rides. For the first half of this year, sixty volunteers have delivered 5,013 meals to homebound seniors and the disabled in the Meals-on-Wheels program. The Senior Center is fortunate to have great volunteers who assist in many of the center's day-to-day administrative operations, customer service and transportation duties.

The Senior Center continues to be a site for CRT Elderly Nutrition Program. The number of meals served for the first quarter of the fiscal year has increased 9% from the same time period last year.

Part time Senior Center staff and volunteers tracked the phone calls received by the senior center for one month. The total number of calls was 1662 equaling over 80 calls a day.

In FY 10 the Senior Center introduced several new programs including a new members club designed to introduce new visitors to the numerous programs, events and services offered by the senior center. In October our new Zumba Gold fitness class sold out. We also began offering a seated Chi Gong class, a beginner's yoga class and also personal training by our fitness instructor. The fitness center has over 90 active members who make an average of 400 visits to the fitness center each month.

Our Monthly Early Bird Supper continues to attract 90 to 110 people per month. This is a collaborative event with Windsor Rehabilitation Center. This popular activity is attracting first time visitors to the center.

A fun fact about the value of our services...

There are currently 486 registered households that utilize the Windsor Food Bank with an average of 220 monthly visits. During the last calendar year, approximately 140,000 pounds of food were distributed to these households. Food for the food pantry comes from Foodshare and local food drives. On average \$1.00 purchased 21 pounds of food. This is 28% more food than can be purchased for that same dollar at retail prices.

The Senior Center is home to 18 senior lead clubs that greatly enhance the amount of offerings that the Senior Center provides. The clubs include dance groups, men's and women's groups, a genealogy group and also the Golden Fellowship to name a few.

Windsor Senior Transportation provides approximately 28,000 trips to our Windsor seniors and disabled each year. Not only do we provide our Dial-a-Ride patrons with essential trips to medical appointments, grocery and department store shopping, banking, the pharmacy, etc. but we also provide approximately 17,000 trips to the Caring Connection Adult Day Health Center which is essential in the health and well being of Windsor and surrounding town residents.

FY 2011 Goals

1. Continue creating improvements to transportation services and continue detailed tracking of the unit's statistics. Provide information about transportation via Caring Connection and Senior Center newsletter inserts monthly. Ensure route efficiencies wherever possible while continuing to provide on time transportation and receiving favorable reviews from our patrons
2. Enhance marketing and visibility of all Human Services programs and services by increasing the distribution of the Senior Center newsletter, including Social Services' and Senior Transportation inserts and utilizing press releases to publish activities. Staff will also continue to do public service announcements on WIN TV and WG -TV to promote town-wide community events
3. Continue to provide high quality programs and services that will attract more seniors and Social Services clients who can benefit from our services in the midst of a difficult economy and increasing service demands
4. The Senior Center staff will introduce a membership program for patrons of the senior center. The program will be a way to help update contact information of the seniors, including emergency contact information and email addresses
5. The Senior Center staff will plan and execute a 40th anniversary party in celebration of the Senior Center.

Budget Commentary

The total FY 10 budget is estimated to come in \$50,440 (8.9%) over budget, which is explained by an increase in both grant and user fees related to Bioterrorism (Emergency Management) and H1N1 (Clinic Services). The General Fund portion of FY 10 budget is estimated to come in 3.1% under budget reflecting the four month absence of one sanitarian due to disability. The Supplies and Services lines reflect expenditures related to the additional grants and user fees received for BT and H1N1. In FY 11, the overall proposed budget shows an increase of 6.7% and the General Fund shows an increase of 5.4%. These increases reflect an increase in BT grant funds, VNA senior clinic services, in Emergency Management Services for a multi-dimensional emergency notification system and in Personal Services.

Budget Commentary

For FY 10, the total Inspection & Regulation budget will come in 4.0% under budget and the General Fund will come in 5.3% under budget due to one Sanitarian, 88% of whose time is charged to this program, being out on disability for four months due to an injury. For FY 11, the overall budget will increase 4.4% and the General Fund portion will increase 2.8%. The increase in the total budget is due to money received from the State Health Department for lead poisoning prevention and budgeted in Contractual Services, for increases in Maintenance & Repairs for one department vehicle, and for Personal Services. The decrease in Energy & Utility reflects the transfer of costs for one phone line to the Disease Prevention program. The User Fees are the lead funds received from the state.

INSPECTION AND REGULATION

Products & Services

Food Safety \$62,300

- Issue permits and inspect 143 permanent and approximately 105 temporary food service establishments participating at 56 events
- Conduct follow-up inspections, as required, to abate unsanitary conditions

Budget Commentary

The total FY 10 budget will come in 1.5% under budget and the General Fund portion will come in 1.0% under budget due a four month absence of one Sanitarian, 10% of whose time is budgeted to this program, being out on disability and fewer expenditures for Supplies and Services. The FY 11 budget proposes an overall increase of 2.5% while the General Fund budget proposes an increase of 3.4%. The increase in the overall budget reflects increases in Personal Services and in Energy & Utility that reflects assuming the cost for one phone line previously budgeted in Inspection & Regulation. Grants are for receipt of a Public Health Block Grant, that grant being used for cholesterol testing supplies and User Fees are received for CPR classes, bike safety sales and for the toy drive.

DISEASE PREVENTION AND CONTROL

Budget Commentary

The total Clinic budget for FY 10 is estimated to come in 36.2% over budget and the General Fund portion is estimated to come in 0.9% over budget. This is due to costs related to the H1N1 clinics those costs being covered by money received from the federal government and shown as User Fees. Supplies and Services reflect the costs related to these clinics. Services also reflects an increase in VNA senior clinic services. For FY 11, the overall budget shows an increase of 4.5% while the General Fund portion shows an increase of 4.8%. This is due to increases in Personal Services and costs for VNA Services. The User Fees in FY 10 are for the state money received for the H1N1 Clinics and for the seasonal flu clinics; for FY 11 User Fees are revenues for the seasonal flu clinic only.

CLINIC SERVICES

Products & Services

Health Screenings \$10,220

- In cooperation with Human Services, conduct a Senior Health Fair which is designed to bring medical screening and a variety of health related information to approximately 1,000 Windsor residents and caregivers.

Budget Commentary

The FY 10 total budget will come in 66.1% over budget, attributed completely to an increase in bioterrorism (BT) grant funding and the receipt of an additional regional planning grant. The General Fund will come in \$200 or 7.3% under budget with less money being spent for Supplies. For FY 11, the total budget will increase 34.5% due to an increase in the public health planning grant funds (BT Grant) from the FY 10 budget amount and the General Fund portion will increase by \$10,730 as a result of purchasing a multi-dimensional emergency notification system for \$10,530. Supplies and other Services reflect expenses related to deliverables related to the BT grant funding.

EMERGENCY MANAGEMENT

Products & Services

Emergency Response \$13,480

- Update the town's Emergency Operations Plan (all hazards plan) annually, distribute it to and review this plan with all town departments

- Serve as MDA #31 lead to provide H1N1 vaccine to Windsor & South Windsor residents and meet required deliverables for H1N1 dispensing and distribution
- Coordinate and schedule distance learning opportunities for public health, emergency management and police.

HEALTH SERVICES

FY 2010 Highlights

During this fiscal year, the department engaged in a wide variety of public health programs and activities from emergency planning, drills and exercises, a Kids Safety Fair, health screenings, disease outbreak investigations, seasonal flu and rabies vaccination clinics, a Senior Health Fair, food service inspections, responding to a wide variety of complaints and responding to the H1N1 pandemic.

As lead agency for Mass Dispensing Area (MDA) 31, the department continued to participate with our South Windsor partners in planning and drilling our Pandemic Influenza and Point of Dispensing plans. One drill conducted in August was designed to test how quickly the clinic facility could be set up and operational. The second drill, conducted in conjunction with our annual Senior Flu Clinic and Health Fair in October was designed to test the operational components of our plans. The lessons learned from planning and drills conducted by MDA #31 over the past eight years were put to the test when public clinics were organized to vaccinate our residents in response to the H1N1 pandemic.

Between November 14, 2009 and January 25, 2010 six public clinics and numerous priority group clinics were conducted in both towns resulting in over 2,300 residents, first responders, and health care professionals being vaccinated for H1N1. The clinics, staffed by employees from both towns and over 100 MDA volunteers, functioned smoothly primarily because of the planning, drills, and exercises conducted since 2001. However, planning and scheduling for these clinics required a great deal of staff time both during and after regular department hours and included the following tasks: gathering information; coordinating plans and activities with the State Health Department; public research and education; securing clinic sites and planning patient flow; obtaining vaccine and purchasing and organizing clinic supplies; screening in excess of 200 calls per day and returning hundreds of calls each day to schedule clinic appointments; calling, scheduling and training volunteers to assist staff in the health department; and coordinating volunteers to assist in the clinics once the vaccine became available.

In anticipation of the H1N1 pandemic and the potential impact it could have on town staffing and services, the town developed a Continuity of Operations Plan (COOP) and instituted an employee absence reporting system designed to trigger that plan, if needed. Between October and the end of December town departments reported their daily absence numbers to the Health Department who assembled and analyzed them and informed the Town Manager and the HR Director if absences overall or by department exceeded established baseline numbers. The COOP plan and procedures established and tested will be instituted should any emergency be experienced that could impact employee absences and town services.

While the focus of the public, the media, and state and federal health officials was on H1N1, the department continued planning for and carrying out its seasonal flu clinics. Conducting these clinics was complicated by the fact that vaccine supplies were at a minimum as manufacturers tried to balance production and distribution of seasonal vaccine along with the production and distribution of H1N1 vaccine. Despite this challenge, the department was able to obtain and provide seasonal vaccine to over 800 persons in addition to first responders and town employees. Those attending the flu clinic in October were also able to visit the 33 regional and local health vendors who participated in the annual Health Fair.

In the spring, the Metropolitan District (MDC), the regional water authority, experienced a problem in their distribution system impacting the drinking water throughout Windsor. Within minutes of notification of the problem which came after regular business hours, the health department began alerting all food service establishments, nursing homes, schools, businesses and the public and worked with them over the succeeding six day period to review and approve their alternate water sources, answer their questions, and act as the communication link between these establishments and the MDC.

On the environmental side, the department continued to inspect all full-time and temporary food service operations, subsurface sewage system installations, schools, private drinking water installations and water test results, public and semi-public swimming pools and spas, industrial cleanup sites and respond to numerous public health, housing, and property maintenance complaints despite having one Sanitarian out on disability for 14 weeks. In Disease Prevention and Control, over 400 mandated reportable laboratory and disease reports were reviewed and followed up as needed; six reported disease outbreaks and 10 childhood lead poisoning cases investigated; and 18 people attended CPR, AED, and First Aid classes and were certified. Some of the

community programs conducted by or supported by the department this year included stroke screening for the public, cholesterol screening and education at the health fair, and cholesterol screening and education for town employees. In Clinic Services in addition to the seasonal and H1N1 clinics, a rabies clinic was conducted with the Town of Bloomfield and mandatory TB testing was conducted for 48 Police Department employees at a cost of \$5 per test. It is estimated that by providing this service in-house, testing can be conducted at the convenience of the officers as they go on or come off their shifts rather than sending them to a clinic, resulting in a savings to the town of approximately \$35 per test plus the officer's time.

Our nurse/health educator continued to work with TC2 (Thriving Children-Thriving Community) as it transitioned to the Early Childhood Council (ECC), the agency overseeing the continuation of the project. This council in collaboration with the many town departments planned and conducted a highly successful Kids Safety Fair at the Northwest Park Country Fair. Children and their families were given the opportunity to visit several stations for interactive hands-on learning which included safety in the home, water safety, bike and helmet safety, how to dial 911 and fire safety. The Project Santa Toy Drive/Toy Give Away co-sponsored by Health, Windsor EMS and Windsor Social Services distributed gifts to over 300 children through the generosity of local businesses, churches, and individuals.

In addition to the sampling of activities listed above and the many programs mandated by the state, department staff participated on a number of state committees and professional organizations. Involvement in these groups allows staff to help guide policy development promote legislation at the state level, investigate grant opportunities, set grant deliverables, review and approve research proposals, and initiate programs at the state and regional level. Participating on these various health committees is a definite advantage to health promotion and emergency preparedness programs and activities conducted by the Town of Windsor.

A fun fact about the value of our services...

In addition to its mandated regulatory duties, the health department provides a variety of other services such as the sale and personalized fitting of bicycle and multi-sport helmets of all sizes; sponsors and participates in the Safety Fair and Senior Health Fair; conducts health education classes for residents and employees (CPR, First Aid, AED, etc.); oversees the mosquito control program contractor and provides residents with larvicide dunks for standing water on their properties; mobile mammography screenings; and a mentoring program introducing students from local colleges to public health.

HEALTH SERVICES

FY 2011 Goals

1. Improve the health and sanitation levels of all permanent food service operations within Windsor by increasing the inspection frequency for all Class 3 and Class 4 operations to 90% of required frequency and by conducting three educational sessions for food service managers and employees
2. Continue to improve Windsor's emergency response level by revising Windsor's Emergency Operations Plan and all supplements and attachments to that plan, by conducting at least one drill or exercise involving all town departments that is designed to test various segments of that plan, and increase volunteer participation in Windsor's Civil Preparedness organization
3. Participate in regional emergency planning by continuing to lead MDA 31's planning and organizational efforts, actively participate in the Cities Readiness Initiative, and by becoming actively involved in DEMHS Region 3 emergency planning efforts
4. Improve the quality of life throughout Windsor by implementing a plan of action that involves active surveillance and educational efforts to address the anticipated property maintenance issues associated with the economic crisis and its impact on housing throughout Windsor. The focus of this plan will be on the maintenance of abandoned and foreclosed properties
5. Collaborate with the Board of Education to expand the town's Public Access Defibrillator (PAD) program.

Funding Sources

Donations include fundraising and gifts given by various independent organizations. The amount of funding and how it is spent may vary based on the organization's decision-making process. We anticipate that donations will be used for some programs, publicity and materials for loan. Capital Outlay is privately funded and will be used to purchase electronic equipment for teen programs. User Fees include revenue from book sales, select library fees and replacement fees for lost books. Funds will be spent on replacing lost books, purchasing video and audio items and purchasing paper/cartridges for public printers.

LIBRARY SERVICES

FY 2010 Highlights

Windsor Public Library's Kidspace 2009 Summer Reading Program theme was *Get Creative at the Library*. Throughout July and August Windsor children participated in creative activities that encouraged reading and decorated a mural that spanned the length of two football fields. The kickoff featured two published Windsor authors who read their books to 85 children and parents. The program culminated in an ice cream reception where participants wrapped their magnificent mural around the entire library building.

A cooperative effort between the town's Public Works Department and the State of Connecticut resulted in the installation of several new attractive signs directing patrons to the Windsor Library facility and parking lot.

A new "Wilson Kids Club" for children ages 9 to 12 meets weekly at the branch for fun programs that encourage reading and learning. The group created a website that contains links, updates and a section called *Kelsey's Blog* that shares reviews of new books for pre-teens.

Barbara Tolve-Silver, Head of Children's Services, featured 25 Windsor "celebrities" in a Community READ campaign created to encourage Windsor youth to read and visit the library. Celebrities included Bob the mailman, Don the mayor, Jim the grocery store manager, Peter the town manager and Peggy the teacher. Commercials were filmed with each celebrity describing a book they loved to read as a young person and then aired locally on WIN TV and globally on You Tube. READ posters with each celebrity and their book are displayed throughout town.

Actress/author Karyn Parsons (a.k.a. Hilary on Fresh Prince of Bel-Air) delighted an audience of 100 people at the Wilson branch this summer with excerpts from her new children's DVD series.

Main library teens paired up with Windsor seniors for a Wii bowling tournament event that helped develop a greater sense of camaraderie between the two groups. Young Adult Librarian, Amy McCue, also outreached to teens at Sage Park Middle School with several book discussions on titles nominated for the Nutmeg Book Awards. Students read the books and were able to vote for their favorites.

84.4% of respondents to the town's citizen survey rated Library Services as "Very Good" or "Good."

The main library building had an opportunity to "go green" with the installation of a roof garden. Town Environmental Planner, Cyd Groff arranged to have the large bed of native plants and edible herbs positioned on a portion of the flat roof on the south side of the library building. Heat and air conditioning use will be monitored as this extra vegetative layer on the roof is an effort to conserve energy.

Nearly 600 adults at the main library attended traditional programs featuring art, music, poetry and book discussions as well as new technologies such as "Twitter 101" and "Microsoft Word" classes.

A fun fact about the value of our services...

Did you know that the Main Library has three quiet study rooms on the lower level and that over 3,300 people used them last year? In a typical week people use those private rooms 53 times.

LIBRARY SERVICES

FY 2011 Goals

1. Work with the Connecticut State Library to assess main library building after four years in the renovated facility. Evaluate use of public and staff space, energy use and future technology needs. Develop a plan to incorporate efficiencies and upgrades
2. Work with full- time library staff, town risk manager and fire marshal to develop a comprehensive evacuation plan for both the Main Library and Wilson Branch. Communicate plan to entire staff and test with at least one unannounced drill at each location
3. Expand public computer printing to WiFi/wireless printing. Provide software and hardware necessary to implement service improvement for growing number of laptop users. Increase library public printing by 5%
4. Complete Wilson Branch Library renovation project to improve the facility and increase energy efficiency. Improvements include a handicap accessible vestibule, conversion from gas/electric HVAC to geothermal energy, installation of thermal insulated glass windows and usability of underutilized meeting room space
5. Work with the town's Information Technology Department to distribute quarterly newsletter via email in-house rather than through a commercial vendor. Promote newsletter to new readers and increase email distribution list by 25%.

#2501 - Library Copy Machine Fund - Revenues are derived from public copiers at the Main Library and the Wilson branch. Funds are used for rental/purchase, maintenance/repairs and supplies for machines used by the public (computer, copiers, faxes, etc.) and for the office copier at the Main Library.

#2502 - Windsor Library Association Grant - The Windsor Library Association (WLA) owns the Wilson Branch building and makes an annual payment to the town to help pay for the Wilson Branch maintenance and repairs.

#2503 - Main Library Non-Print Materials - Revenues are from fees and donations made to the library, reimbursements for lost library materials and snack sales. Funds are used to buy non-print materials (dvds, cds, etc.) to replace lost materials and for miscellaneous purchases.

#2504 - Wilson Library Non-Print Materials - Revenues are from fees and donations made to the library, reimbursements for lost library materials and snack sales. Funds are used to buy non-print materials (dvds, cds, etc.) to replace lost materials and for miscellaneous purchases.

#2505 - Connecticard - By State statute, revenues are from the State to help reimburse the library for non-residential use. Funds can be used for library materials, supplies, staff and equipment.

#2507 - Cary Nearing Book Project - Revenues are from a one-time donation made by Cary Nearing to be used expressly for the purchase of large print books. The library will spend a portion of these funds on an annual basis until it is depleted.

#2509 - State Library Grant - Revenues are from a one-time grant source to be used for the purchase of print material.

Budget Commentary

Building Safety will come in 2.6% under budget in FY 10 due to a temporary vacancy in Building Safety and cost containment efforts. The FY 11 proposed General Fund budget will be increased 4.3% due to increased Personal Services including pension, health insurance and a return to full staffing levels. A clerical error has been corrected to .47 Part Time Employee to reflect the actual staffing time. There was no change in dollars budgeted as a result.

BUILDING SAFETY

Products & Services

Preventing Fire, Structural & Storm Losses \$549,490

- Conduct more than 5,000 inspections of new and existing buildings to ensure compliance with fire, building and related safety codes
- Administer the permit process including plan review, issuance of permits and maintenance of records for more than 1,800 permit applications
- Provide reference, research and consultation services on code issues to design professionals and their clients, building owners and occupants
- Present in partnership with private and other government agencies (state & local) 60 public education programs to the community related to fire safety and code compliance
- Present public education programs related to building code safety for residential usage
- Provide support and technical assistance to the Zoning Board of Appeals, the Building Code Board of Appeals and the Local Emergency Planning Commission
- Maintain and update hazardous materials information on industrial and commercial facilities in support of emergency services and aid in public access to the information.

After Emergency Assistance \$28,920

- Conduct investigations of fires, alarms and building failures to determine the cause, origin, circumstances and responsibilities
- Coordinate with owners, tenants and other agencies in the rehabilitation and restoration of fire, storm-damaged and abandoned structures
- Further develop relationships and protocols with other local governments and with state and federal authorities to ensure the availability of advanced investigative, laboratory and on- scene forensic services at no cost to the town.

ECONOMIC DEVELOPMENT

Economic Development promotes the town as an attractive location for new and existing businesses in order to provide jobs for residents and to ensure the future economic health of the community.

Budget Commentary

The FY 10 Planning budget will come in 1.4% below the adopted budget due to the reduced number of IWWC and TPZC applications. In FY 11, the overall budget represents the cost of delivering the same level of services. Due to the lower utilization of Special Revenue Funds, increases in Personal Services, and the shifting of Boards and Commissions Supplies and Services from General Government to Development Services, the FY 11 budget reflects an overall increase of 4.9% and a General Fund increase of 6.8%.

PLANNING

Products & Services

Plan Review & Design Development \$ 257,420

- Monitor federal, state and local plans and programs to maximize their benefit and minimize their liabilities to the community
- Prioritize future open space acquisitions
- Design town projects (e.g., parks, landscaping, parking lots, beautification and recreational facilities)
- Conduct environmental education and other programs
- Review applications going to the Town Planning & Zoning Commission (TPZC) to ensure compliance with the master plan and regulatory mechanisms and to encourage good development
- Review applications to Inland Wetlands & Watercourses Commission (IWWC) to ensure compliance with the master plan and regulatory mechanisms and to encourage development to be in reasonable harmony with the environment
- Update the standards of zoning, subdivision and wetland regulations on a regular basis
- Update and implement the Plan of Conservation and Development
- Monitor 2010 Census activities and provide local review and input as required.

Geographic Information System \$41,270

- Continue updating the property map and prepare this map for use with future applications
- Create maps/databases and perform analysis to support town programs.

Support Boards & Commissions \$98,920

- Prepare agendas, perform research and analysis, collect applications and perform administrative functions for:
 - Town Planning & Zoning Commission
 - Inlands Wetlands & Watercourse Commission
 - Historic District Commission
 - Conservation Commission
 - Energy Task Team

DESIGN SERVICES

Design Services develops the town's infrastructure for non-building related projects in accordance with the Plan of Development and the Capital Improvements Program (CIP). It also provides engineering support services to design roads and sidewalks, prepare and update engineering maps and drawings and serves internal needs as well as those of the general public.

Funding Sources

The Town Engineer provides services associated with the landfill operations and closure. The General Fund is therefore compensated for a portion of the Engineer's salary with charges to the Landfill Enterprise Fund in FY 11 budgeted at \$18,400.

Budget Commentary

The FY 10 Engineering budget will come in approximately 2.0% below the adopted budget. This is primarily due to the ability to charge staff time to the Day Hill Road Pavement Rehabilitation Project. The FY 11 General Fund proposed budget will increase 3.2% due primarily to increased Personal Services costs including pension and health insurance.

DESIGN SERVICES

Products & Services

Road Improvements \$208,770

- Provide survey, design and engineering support for major road improvement projects.

DEVELOPMENT SERVICES

FY 2010 Highlights

During FY 10 Building Safety oversaw the following projects that were either completed or are nearing completion including:

- New England Veterinary Center & Cancer Care @ 955 Kennedy Rd. – 9,039 SF new construction
- WB Meyers @ 175 Great Pond – 125,000 SF new construction (phase 1 of 2)
- Tire Rack @ 100 International Dr. 304,200 SF new construction (phase 1 of 2)
- Aero Gear @ 1050 Day Hill Rd. 16,175 SF addition (phase 1 of 3)
- Iron Mountain @ 1070 Kennedy Rd, over \$500,000 racking project in new addition
- Verizon @ 482 Pigeon Hill Rd. 16,400 SF interior renovations
- Konica Minolta @ 500 Day Hill Rd. 15,580 SF interior renovations

Loomis Chaffee continues to expand and renovate:

- Clark Science Center – 45,000 SF renovation & new construction
 - Chaffee Hall - 34,000 SF new construction and 17,000 SF renovation
- Other Loomis Chaffee construction valued at \$800,000 in the first six months of FY 10 included new slate roofs and kitchen remodels.

Solar photovoltaic electric systems were installed at Walgreens, 80 International Drive totaling 500 KW and at The Hartford, 1 Griffin Rd. North, totaling 202 KW. All rooftop areas that were not shaded by rooftop heating and cooling units were covered with solar panels.

94 new single family home construction permits have been issued to date in FY 10. The majority are in the Country Walk subdivision. These permits were paid for and issued in FY 10 and will be under construction thru FY 12.

Lauri Volkert became fully certified as a Fire Safety Code Inspector. She has also taken the lead in Fire Prevention Education. The Fire Marshal's Office has presented 37 public education programs since July 1st for more than 3,000 Windsor residents and employees.

The FMO proposed two ordinance changes that the town council approved. The changes in the Installation of Fire Alarms and Liquefied Petroleum Gas Piping were written to keep up with ever-changing technology and to provide Windsor residents and businesses with more choices during construction.

The FMO has provided training and guidance to town employees to develop evacuation and emergency plans for town buildings.

Dispatchers and fire officers have been trained and are assisting the FMO in gathering information in order to better enforce the false alarm ordinance.

The FMO continues to conduct monthly day drills for the Windsor Volunteer Fire Department allowing Building Safety to update the fire department with information, changes, work going on, or hazards. The FMO has been working with the fire department to update water flow information.

Economic Development continued the systematic business visitation program which completed more than 170 visits during FY 10. Information gathered in these visits has been used to create a database of local businesses and to help coordinate technical assistance.

A Phase II/III environmental assessment of the parks garage site located at 69 Mechanic St. was completed as part of the continued planning for transit-oriented development in Windsor Center.

The town continued its successful partnership with the Chamber of Commerce and local businesses to address the immediate and long-term transportation needs of the corporate area. This group is actively supporting the Capitol Region Council of Governments' Northwest Corridor Transit Study of Windsor's employment areas.

Engineering completed the in-house design of Lang Road Reconstruction, Phase 2; Town Green Improvements, Phase 5; Day Hill Road Pavement Rehabilitation, FY 09; Rainbow Road Traffic Diverter; Rainbow Road Medians; Clover Street Playground; Washington Park Improvements (partial); Timothy Terrace Road Improvements; Capen Street Improvements; and Seymour Street Drainage Improvements. The Day Hill Road Pavement Rehabilitation, FY 09 project was one of 4 projects selected in the Capital Region as part of the initial funding under the American Reinvestment and Recovery Act.

Engineering provided construction contract administration and inspection services for projects valued at more than \$1.44M. Projects included: Lang Road Reconstruction, Phase 2; Town Green Improvements, Phase 5; Day Hill Road Pavement Rehabilitation, FY 09; and sidewalk repairs/reconstruction and mudjacking. The Day Hill Road rehabilitation project was performed at night with minimum disruptions to the 17,000 vehicle trips per day that occur in this corridor. Engineering also awarded and administered consultant planning contracts for Meadow Brook Channel Stabilization, Stone Road Reconstruction, River Trail Project, and Day Hill Road Capacity Improvements. The inventory and condition assessment of pavements, sidewalks and drainage systems continued. Engineering also participated in the Route 305 Corridor Study.

In 2009 town council adopted three new ordinances administered by the town engineer including the Erosion & Sediment Control Ordinance, Stormwater Management Ordinance, and Illicit Discharges and Connections Ordinance. In 2009, fourteen applications for Erosion & Sediment Control Permits were received. A total of six applications for Stormwater Management Permits were received in 2009. Permit fees collected in 2009 for the two new permits were \$2,824.

Engineering supervised two interns who worked on GIS projects. One project was the inventory of all of the town's regulatory and warning traffic signs. The second project was the GIS input of approximately 80% of town-owned drainage easements.

Despite a slowing economy, the Town Planning and Zoning Commission (TPZC) approved plans for over 360,000 SF of new commercial and industrial space in calendar year 2009. The new projects included:

- Movie Studio 338,000 SF addition for film studio and ancillary facilities at 1001 Day Hill Road
- Archer Memorial AME Zion Church 11,727 SF addition at 320 Hayden Station Road
- Hayden Station Fire House building alteration and 6,525 SF addition at 54 Basswood Road
- Go Dog Go 3,700 SF dog kennel at 909 Stone Road.

Lord's Woods Subdivision – The 60-lot Lord's Woods subdivision has received all of its land use permits and could begin development in FY 11.

For calendar 2010, the town is looking forward to the completion of several projects approved during 2008 and 2009. They include:

- W.B. Meyer's 350,000 SF warehouse on Great Pond Drive
- AeroGear's 60,000 SF addition on Day Hill Road
- Scapa Tape's 20,000 SF factory addition at 111 Great Pond Drive off of Day Hill Road
- New England Veterinary Center & Cancer Care's 9,039 SF veterinary center at 955 Kennedy Road

In addition to their typical planning and zoning duties, the TPZC also completed a comprehensive update of the Subdivision Regulations, making them more user-friendly and addressing recommendations of the Plan of Conservation and Development as well as the concerns of the community and staff.

Assistant Town Planner Lauren Good passed her planning certification exam, becoming a member of the American Institute of Certified Planners (AICP), which is a mark of excellence and integrity in planning.

A fun fact about the value of our services...

Entrepreneurs and existing business owners wishing to do business in Windsor can schedule an informal discussion with members from all of the development services departments for valuable input on their project in just one Tuesday morning meeting.

DEVELOPMENT SERVICES

FY 2011 GOALS

1. Continue partnership with the Volunteer Fire Department by implementing strategies such as training and pre-fire plans, and upgrade the town's ISO fire protection rating by 1 class level
2. Contact approximately 250 owners and complete final inspections and closeouts of permitted projects that have been backlogged because of schedules or as a result of the contractor/owner not calling for inspections
3. Continue to increase public awareness of Building Safety information via public forums, electronic and printed media and television public service announcements (PSAs)
4. Continue small business outreach and assistance program to address town council goals
5. Facilitate the redevelopment of one of the town's priority redevelopment properties
6. Update the 2004 Plan of Conservation and Development Chapters on Economic and Residential Development
7. Sign up 100 new households for green energy
8. Complete permitting and design of the River Trail Project
9. Complete the design and construction of the right turn lane project on Day Hill Road
10. Complete the design and construction of Stone Road Drainage and Pavement Project
11. Complete the design and construction of the Day Hill Road Pavement Improvement Project.

#1704 - **Wetlands Inventory Grant** - This grant was used to conduct an inventory of inland wetlands. The inventory work has been completed and the terms of the grant allow for the remaining funds to be expended by the town for related purposes.

#1705 - **Wetlands Account** - This account was created from an escrow account held for an IWWC habitat evaluation report that was completed but never charged against the General Fund. This account can be used to enhance inland wetlands programs and activities.

#1706 - **Energy Task Force Fund** - This fund is from a grant from the Connecticut Clean Energy Fund to be used for promoting local energy conservation and use of renewable energy sources.

#1707 - **Earth Day** - This fund was created to accept donations to sponsor Earth Day activities and pay for other expenses, with any balance donated to the Open Space Fund.

#1720 - **Walden Woods Inspection Account** - This account was created from a bond from CT Windsor Developers to cover the cost of inspections during their construction. It has been used by the Engineering and Planning departments to offset the cost of inspections of erosion, sedimentation and stormwater management controls for compliance with their IWWC and TPZC permits. At the completion of construction, the funds may also be used to perform any unfinished activities required by their permits. Any unused funds will be returned to the CT Windsor Developers at the completion of construction in accordance with their permits.

COMMUNITY DEVELOPMENT

The Office of Community Development (OCD) solicits and administers grant funds for a variety of activities including housing rehabilitation, down payment assistance, a small business loan program and infrastructure improvements. In addition, the OCD is involved with neighborhood issues and assistance with the facilitation of the redevelopment of targeted properties.

Funding Sources

The Office of Community Development's operating budget is largely dependent on securing grants. In addition, they have revolving funds which generate program income for the activity from which such income was derived. The town's General Fund contributes \$25,000 annually to cover a portion of administrative expenses.

Budget Commentary

FY 10 contractual services exceeds the budget figure by 95%. This is based on the anticipated completion of two projects funded under the American Recovery and Reinvestment Act, specifically the demolition of the Dunfey Tavern and infrastructure improvements in the Deerfield neighborhood. The availability of these funds was not anticipated at the time FY 10 budget was proposed.

COMMUNITY DEVELOPMENT

Products & Services

General Administration \$176,330

- Solicit and administer federal and state funds including Community Development Block Grant (CDBG) - Small Cities and Small Town Economic Assistance Program (STEAP) funds
- Provide staff support to the Wilson/Deerfield Advisory Committee, the Economic Development Commission, One Book – One Windsor, the Human Relations Commission, the Fair Rent Commission and the Conversations on Race initiative
- Plan and implement educational forums for local residents focusing on property improvements and financial literacy
- Address quality of life issues in neighborhoods
- Administer the Neighborhood Assistance Act (NAA) Tax Credit program
- Promote fair housing awareness by holding educational forums
- Assist with the town's effort to facilitate reinvestment in targeted sites
- Facilitated an environment assessment of town owned property identified for potential future development (Town Parks Garage site).

Rehabilitation of Public Housing \$323,500

- Partner with the Windsor Housing Authority by providing financial and technical assistance for the modernization of existing public housing. Particular emphasis will be on energy conservation and security issues.

Housing Rehabilitation/Refinance Program \$342,850

- Provide financial and technical assistance to income-eligible residential property owners for home repair, provide cost-effective energy conservation measures, perform lead and asbestos abatement, removal of underground storage tanks and render properties handicapped accessible
- Preserving neighborhoods through a neighborhood stabilization initiative funded through the American Recover and Reinvestment Act by way of a comprehensive rehabilitation and refinance program.

COMMUNITY DEVELOPMENT

FY 2010 Highlights

- Rehabilitated 24 residential units through the town's Housing Rehabilitation program. The scope of work included cost-effective energy conservation measures, the correction of code violations, the removal (or encapsulation of) hazardous material including lead based paint, asbestos and underground fuel storage tanks, and modifications for handicapped accessibility
- Completed a Phase I and Phase II environmental assessment of the former Parks Division garage

Budget Commentary

The General Fund for FY 10 for the Department of Public Works is expected to be under budget by \$140,640 or 2.8% due primarily to savings in Personal Services, Energy & Utility, and the snow & ice program. The overall budget for FY 10 is anticipated to be under budget by \$144,280 or 2.4% for the same reasons, plus reductions in the Town Aid Roads grant. The FY 11 General Fund budget is proposed to be increased by \$74,930 or 1.5%. The primary reasons for the increase are Personal Services costs. The overall budget for the department for FY 11 is proposed to be reduced by \$9,410 or 0.2% due primarily to the reason stated above plus reductions in expenditures under the Town Aid Roads grant.

Budget Commentary

The General Fund budget for Park & Grounds is estimated to finish FY 10 \$46,045 lower than budgeted, or 5.5% less. The primary reason for this is the savings resulting from the equivalent of a Maintainer II position being vacant for about 1/2 of the fiscal year. The FY 11 proposed increase to the General Fund budget is 1.8%, due primarily to increases in Personal Services and Supplies, and corresponding decreases in Services and Utilities. The overall budget for FY 11 is also expected to be slightly higher for the same reasons.

Budget Commentary

The General Fund budget for Facilities Management in FY 10 is expected to be under budget by approximately \$31,690, or 4.1% primarily due to a part-time position vacancy for most of the fiscal year, plus lower estimated costs for services and repairs at town facilities. The overall FY 10 budget is anticipated to be \$37,745 lower than budgeted for the reasons above. The FY 11 proposed budget for the General Fund is \$6,050 lower due primarily to estimated savings in Energy & Utilities. The overall budget for FY 11 for Facilities Management is anticipated to be reduced by \$37,705 compared to the budget for FY 10 for the reasons stated above as well as the completion of improvements to the gym at 330 Windsor Avenue in FY 10.

- Assist in staging town-sponsored community events such as events on the town green, fairs and carnivals, holiday lighting displays, Martin Luther King Day ceremony, Bridge Builder's awards and Conversations on Race forums
- Perform maintenance of bus shelters, storage sheds and park and recreation accessory buildings
- Provide electrical repairs for Veterans Cemetery
- Provide maintenance and utilities for the Clover Street Park clubhouse, Sage Park field house concession stand, ambulance facility and the employee fitness center located at the Old Wilson Firehouse
- Perform preventive and emergency maintenance to the exterior of the various cell phone towers on town property
- Assist Registrar of Voters with setup of polling places for elections and referenda.

Administration of Building Improvements \$120,000

- Support the Public Building Commission with information and reports
- Perform construction management function for certain town construction projects
- Administer and oversee contracts and budgets
- Manage rental properties.

PAVEMENT MANAGEMENT

Pavement Management provides safe and clean streets and sidewalks by resurfacing (paving), reconstructing and maintaining existing street pavement and sidewalks.

Budget Commentary

The General Fund budget for Pavement Management is estimated to finish FY 10 \$5,070 lower than budgeted, or 0.5% less. The primary reasons for this are savings in Personal Services, and partially offset by higher expenditures in Supplies (for asphalt materials). The overall FY 10 budget in this program will be over budget by 1.0% due to the greater expenditures in Services and Supplies. The FY 11 proposed increase to the General Fund is 0.7%, due to increases in Personal Services. Funding is also moved from Contractual Services to Supplies to assist with expenses for asphalt. The overall FY 11 budget is 2.7% more than the FY 10 overall budget. This is due primarily to the reason stated above, but balanced by revisions in the amounts budgeted from the capital grant for recording fees and the Town Aid Roads grant for this program. FY 11's budget also reflects the reduction of \$15,000 for sidewalk repair, which will be funded by the Capital Projects Fund.

PAVEMENT MANAGEMENT

Products & Services

Seal Pavement Cracks \$105,500

- Clean and seal roadway cracks to eliminate water seepage into road base on numerous streets.

Localized Pavement Repairs \$180,120

- Repair surface defects and potholes caused by poor base and sub-base material.

Pavement Preventive Maintenance \$88,680

- Perform thin overlays and other related maintenance measures on certain street sections.

Repair Sidewalks \$14,000

- Maintain worn or damaged sidewalks and bike paths throughout town in response to complaints and accidents.

Reclaim or Mill Street Pavement \$384,750

- Perform milling of the street surface or pavement reclamation of the street surface and the base followed by resurfacing with hot-mix asphalt overlay on Matianuck Avenue, Rood Avenue and Day Hill Road.

Repair Curbing \$171,650

- Replace damaged or worn curbing at various locations throughout town.

Repair Lawns \$81,720

- Repair lawns damaged during snow removal.

Repair Dirt Roads \$19,700

- Grade, shape and roll town dirt roads affected by weather conditions. Install new drainage as needed.

Repave Streets \$204,030

- Restore street surface with hot-mix asphalt overlay on Ford Road, Philip Henry Circle and Seymour Street.

STORMWATER DRAINAGE

The Stormwater Drainage division maintains drainage channels, stormwater outlets and detention ponds. It also repairs existing drainage structures, such as catch basins, and adds new drainage structures as needed throughout the town.

Budget Commentary

The General Fund budget for Stormwater Drainage in FY 10 is expected to be under budget by \$9,650 or 3.3% due primarily to savings in Personal Services. The overall FY 10 budget for this program is anticipated to also be under budget by 6.2% for the same reason, as well as the reduced use of Town Aid Roads grant money in this program. The FY 11 proposed increase to the General Fund is \$9,440 or 3.2% due to Personal Services costs. The overall budget for FY 11 is reduced by 2.0% because of the reduced use of the state grant mentioned above.

STORMWATER DRAINAGE

Products & Services

Repair or Replace Catch Basins and Adjust Manholes \$95,280

- Repair or replace damaged catch basins and manholes in response to complaints and in conjunction with pavement overlay and road reclamation programs.

Clean Detention Ponds \$30,860

- Remove accumulated silt and vegetation in detention ponds on town maintained property.

Maintain Concrete Channel of Deckers Brook \$17,040

- Clean debris, remove silt and vegetation.

New Drainage Systems \$48,165

- Install new drainage structures and systems to alleviate erosion, road flooding and icing problems.

Complaint Resolution \$22,270

- Investigate and resolve complaints related to flooding, pipe blockage and erosion.

Maintain Stormwater Drainage Pipe \$33,085

- Maintain 92 miles of stormwater pipe in the town rights-of-way
- Replace pipes where they are broken or joints are separated
- Flush and purge blocked pipes to remove silt, debris and roots to enable water to flow freely.

Maintain Inlet, Outlet & Watercourses \$23,100

- Maintain and clean out natural drainage channels to eliminate problems caused by sedimentation, erosion and concrete deterioration.

Catch Basin Sand and Litter Removal & Inspection \$40,430

- Inspect and remove sand, litter and other debris from 4,000 catch basins.

TRAFFIC SAFETY AND COMMUNITY SUPPORT

Traffic Safety and Community Support provides for the management of traffic safety, traffic signs, signals and pavement markings, streetlights and traffic signals, support for community events and support for elections.

Budget Commentary

The General Fund for FY 10 for this program is expected to be under budget by \$11,035 or 0.9%, which is a result of savings in Personal Services costs. The overall FY 10 budget is anticipated to be under budget by \$11,035 for the same reason. The FY 11 General Fund is proposed to increase by 34,100 or 2.8% as a result of Personal Services costs and additional funding for Utilities (electricity related to streetlights & traffic signals). The overall budget for FY 11 is proposed to increase by \$1,295 or 0.1% due to the reasons stated above. The FY 11 budget also reflects a reduction in the Supplies category for funding for traffic signs and in the Services category due to a reduction in the Town Aid Roads grant (pavement markings), both of which will be funded through the Capital Projects Fund.

TRAFFIC SAFETY AND COMMUNITY SUPPORT

Products & Services

Town-Wide Safety Markings \$87,300

- Install and maintain pavement markings
- Repaint crosswalks, stop lines and railroad crossings as needed.

Traffic & Safety Signing \$89,000

- Install traffic control and street name signs
- Replace vandalized, stolen or outdated signs
- Provide special street signing as requested.

Streetlights \$608,330

- Fund utility costs for 3,699 streetlights
- Maintain 776 town-owned streetlights
- Repair damaged streetlights
- Inspect/accept new streetlights in subdivisions
- Monitor and inspect contractor repairs.

Traffic Signals \$99,000

- Fund utility costs for 57 traffic signals
- Maintain traffic signals and school signs
- Conduct annual safety tests and monitor repairs.

Community Events \$92,990

- Set up and take down equipment for events which include:
 - Shad Derby
 - Northwest Park Country Fair
 - Chili Fest
 - Fife & Drum Muster
 - Fishing Derby
 - Halloween events in Town Center
 - Memorial Day events
 - Library Book Fair
 - Lion's Art & Crafts Fair
 - St. Gabriel's and Wilson carnivals
 - Columbus Day weekend soccer tournament
 - Block parties

Guard Rails \$13,500

- Maintain and repair four miles of guard rails.

State-Mandated Evictions and Auctions \$24,670

- Respond to up to 45 evictions yearly
- Move and store property for evictions
- Auction unclaimed property from evictions and town surplus property.

Election Setup \$32,600

- Set up and take down equipment for referenda, primaries and elections.

24-Hour Emergency Response \$35,500

- Respond to police request to remove debris caused by motor vehicle accidents
- Remove dead animals from roads
- Respond to requests for chemical spill containment.

Traffic Engineering \$60,830

- Perform traffic engineering investigations
- Confer with State of Connecticut Department of Transportation traffic liaison
- Review traffic impacts from proposed commercial and residential developments.

Clean Streets \$89,970

- Sweep and remove sand and litter from 136 miles of roads and from town and Board of Education parking areas
- Sweep streets in support of street resurfacing as well as community events.

EQUIPMENT REPAIR

Equipment Repair provides for the repair, maintenance and replacement of DPW vehicles and heavy equipment and supports the town's fuel dispensing system.

Budget Commentary

The General Fund for FY 10 for this program is expected to be under budget by \$19,230 or 2.2%, primarily from savings from fuel costs. The FY 11 General Fund is proposed to be increased by 6,000 or 0.7% resulting from changes in several expenditure categories. Planned expenditures for vehicle replacement in FY 11 will continue to be augmented from the vehicle and equipment program capital project account that was established in FY 09.

EQUIPMENT REPAIR

Products & Services

Fleet Maintenance \$514,300

- Maintain and repair Public Works vehicle and equipment fleet
- Manage inventory and parts for fleet
- Maintain inventory, registration, emission testing and insurance cards
- Respond to emergency breakdown of vehicles.

Fuel Management \$194,130

- Procure gasoline and diesel fuel for town
- Monitor automated fuel system for town vehicles.

Vehicle & Equipment Procurement \$173,470

- Procure vehicles and equipment for Public Works.

STORM CONTROL

The Storm Control division's goal is to minimize disruptions caused by inclement weather, especially winter storms. An additional goal is to provide safe streets and other public ways, reduce delays for motorists and emergency service vehicles and allow for the efficient transportation of goods.

Budget Commentary

The General Fund for FY 10 for the Storm Control program is anticipated to be under budget by 10.0% due to the number and timing of storms during the winter of 2009-10. The overall FY 10 budget for this program is anticipated to be under budget by 6.6%. The FY 11 proposed increase to the General Fund is \$10,530 to meet higher overtime costs. The FY 11 overall budget is proposed to increase by \$2,155 or 0.7%, due to a reduced use of Town Aid Roads grant funds in this program for materials and supplies.

STORM CONTROL

Products & Services

Clear, Safe Pavement Surfaces \$272,320

- Respond immediately 24-hours-a-day to hazardous road conditions reported by the Windsor Police Department
- Plow and sand 136 miles of roads, 189 cul-de-sacs and 39 acres of public parking lots
- Maintain snow plowing and ice control vehicles and attachments including 25 snowplows, 19 material spreaders, three payloaders and two sidewalk plows/sanders
- Mix and maintain a stockpile of sand/salt material for traction control
- Maintain sand/salt barrels throughout the Town of Windsor.

Complaint Response \$46,500

- Investigate and resolve customer complaints
- Repair and replace mailboxes damaged by storm control activity
- Repair driveway, curb and turf damage caused by plows
- Patch potholes caused by weather, road age and traffic
- Sand or otherwise alleviate icing conditions.

PUBLIC WORKS

2010 Highlights

Productivity Improvements for Street Sweeping & Curb Repair

The spring street sweeping program was completed by May 8th, which was approximately 4 weeks earlier than normal. This was due to reduced amounts of sand applied to roads during the snow program, and this resulted in greater efficiency for street sweeping crews. This faster response represents a benefit to citizens, as streets were swept earlier than in previous years. Another benefit to citizens due to the faster completion of sweeping was to allow crews to take on other work sooner than in the past, such as storm water system construction and curb repair. A further benefit was that the street sweeping program was more productive for this year because fewer personnel were used on the crew to carry out the program than in the past. This also allowed staff to perform other work during the street sweeping period. Because the street sweeping ended earlier, the town was able to carry out the curb repair program earlier than in previous years. This year we completed the curb work several months earlier than last year.

Storm Water System Repairs

Due to the productivity and efficiency improvements in our street sweeping and curb repair programs, we were able to assign more resources to handle storm water system construction and repair work this year. This became especially important because the heavy rain we received in 2009 resulted in more pavement cave-ins requiring repair. The number of crews performing storm water system repairs was doubled this year in an attempt to better maintain our drainage infrastructure. We are also attempting to reduce the size of a typical storm water system repair crew without adversely effecting safety. This will allow us to make staff available for another drainage crew, while continuing our level of service in other priority areas of Public Works.

Snow Program Improvements

We have installed computerized spreader controls on the four newer snow plow trucks with the "all-season" bodies. These new controls will also allow for greater efficiency in the use of materials, including brine (liquid salt) or magnesium chloride. These trucks (along with the new tandem-axle truck, which has the computerized controls and brine tanks) respond at the beginning of a snow storm with the "on-call" crew to spread pre-wet salt or salt/sand to certain streets. The spreaders on all the snow plows were calibrated for the most efficient distribution of materials during storms. Refinements to snow plowing routes were made to complete the plowing work quickly and more efficiently. The dump body and spreader on truck 103 were determined as being in poor condition and unusable, and were replaced. This truck is an example of the type of vehicle that we will not replace as part of the vehicle replacement program, therefore, components of these trucks will be replaced as needed. This component replacement plan will save hundreds of thousands of dollars over ten years in avoided vehicle replacement costs.

Cleaning of the East Street Yard

The East Street Yard is the property immediately west of the Veteran's Cemetery. This site had been used as a storage yard for the town for many years. The property was cleaned out last year and significant amount of materials, including soil, were removed. This soil will be reused as top soil for lawn damage repairs, curb repairs, construction projects and other similar uses, instead of purchasing top soil for these initiatives. In the future, it may be possible to expand the Veteran's Cemetery into the adjacent yard area. It is estimated that the existing areas of the cemetery will reach capacity in about 10-12 years. A plan will be developed to continue to improve the yard for this purpose, should a decision be made in the future to expand the existing cemetery.

Pavement Management

The pavement, drainage and curbing were completely rehabilitated on Timothy Terrace and Michael Lane. Work on these streets included the milling off of the existing pavement, removal of the old curbing and various drainage improvements. The base under the streets was augmented with stone and related material to improve the strength of the base and to increase the height of the crown on the streets (to also improve drainage). Some of this material was reused from the reconstruction project on Day Hill Road (saving the purchase cost of this material). The project on the two streets was completed with the installation of new curbing. Performing the work in this manner saved hundreds of thousands of dollars versus the cost of reconstructing the street. Street sections which were milled and paved included Matianuck Avenue between Rood Avenue and West Wolcott Street, as well as from Park Avenue to Sunnyside Circle. In addition similar work was done on a section of Deerfield Road. Streets that were resurfaced included Poplar Drive, Walnut Drive, Stone Road, River Street, Graham Road and Timber Lane.

Volunteer Efforts

The Public Works Department partnered with various volunteer groups to make improvements in town. We worked with the Civitan Club to beautify the town-owned property along the Farmington River and the Riverwalk. This effort included the removing of dead plantings and weeds from the planter boxes and adjacent areas. Replacement plantings and mulch were installed to beautify and allow for improved maintenance. The Civitan Club has committed to continue their efforts and take on the maintenance of this area in the future.

Volunteers from ING, with department assistance, worked to beautify the front of Sage Park Middle School by removing dead plantings and installing new shrubs at the school. The costs of this effort were paid for by ING.

Lastly, employees from public works assisted a group from Clover Street School with the installation of a new playscape at the school. The department excavated the site, installed drainage, backfilled it with stone, and assisted the group with the installation of the playscape. Our thanks go out to the volunteers for their efforts in improving the town.

In addition to the volunteer efforts mentioned above, town management staff worked in conjunction with department personnel to make improvements and beautify the Deerfield Memorial following the replacement of the globe. Overgrown shrubs were removed and replaced with new colorful plantings, and the stone Deerfield signage was painted to improve the visibility of the memorial.

A fun fact about the value of our services...

Employees of the Department of Public Works remove illegal advertising signs (“low cost health care”, “we buy cars”, etc.) from public right-of-way and utility poles. These illegal signs detract from the appearance of the town. The number of such signs removed in 2009 was 273. We started keeping records in 2007. Here is how it looks:

2007	511 signs
2008	409 signs
2009	273 signs

It appears that aggressive sign removal by the town is playing a part in helping to keep Windsor attractive. Thanks to all who notice and remove these signs.

PUBLIC WORKS

FY 2011 Goals

1. Increase the efforts in pavement preventive maintenance
2. Further implement the stormwater management and repair plan by completing the items funded
3. Continue to work towards completing the facility asset management plan
4. Reuse wood chips created in the tree trimming program to reduce costs in the maintenance of planted areas in cul-de-sacs, medians and parks
5. Increase the use of liquids in the snow and ice program to improve response and lessen costs.

#1980 - Stony Hill School - This is a former one-room school house on Windsor Avenue near the intersection of Hillcrest Road. This historical structure is maintained by the Department of Public Works. Most recently, it was rented out for yoga classes. Funds are used to pay all expenses associated with the maintenance of this facility.

#2014 - 330 Windsor Avenue Maintenance - This revolving fund is used for repair and maintenance at the facility. Revenues are received from the Caring Connection, Recreation Department and the Chinese Restaurant on site. Expenses include repair, maintenance and utilities.

#4003 - Archer Road Maintenance - This account was funded by a developer for the repair and maintenance of Archer Road in the Hayden Station neighborhood. Funds from the account will be used for paving/resurfacing of the street in the future.

#4009 - Town Aid Road Improvements - This is a state grant used primarily for street maintenance and repair-related activities. This account is used as a revolving fund for management of this grant. A major use of this account is for the purchase of materials for the snow and ice program. It is also used for street pavement markings, pavement preventive maintenance (such as crack filling), and catch basin cleaning.

#4010 - East Granby Road Maintenance - Funding for this account was received from a developer along East Granby Road to pay for future improvements to the street. This account will be treated similar to the Archer Road Maintenance account where funds will be used for paving or other improvements to the street in the future.

#4012 - Local Capital Improvements, Recording Fees - This account differs from the Local Capital Improvements Program (LoCIP) which is an annual grant from the State. This account was established to receive funds which are the result of an increase in the recording fees charged by the State. These funds may be used for improvements by local governments in the State.

#4018 - Veterans Cemetery - The Department of Public Works places headstones (provided by the government) at grave sites and maintains the cemetery grounds. The town receives funding from the Department of Veterans Affairs (VA) to place the headstones in their designated area. Expenses associated with the maintenance of the cemetery are paid from this account.

#4100 - Rental Revenue properties - This revolving fund is for the receipt of rental revenue and the payment of expenses for properties owned by the town. Presently, this includes the Luddy House (Town Green) and Carriage House (Town Green). The Luddy House is used by the Chamber of Commerce and the Luddy Carriage House is rented by a hair salon. Larger expenditures expected in the near future include painting work at the Luddy House.

#4101 - Train Station/Freight House - The Amtrak Train Station (Central Street) and Freight House (Mechanic Street) are properties leased from the Greater Hartford Transit District and are sub-leased by the town to others. The tenant at the Train Station is presently an architect/engineering firm. The Freight House is presently being used as an Arts Center. Larger expenditures expected in the near future include roof work at the Train Station.

#4800 - Landfill Reuse Planning - A study was performed a few years ago to plan the future use of the landfill site following its capping and closing. A citizen's group worked with a consultant to develop the plan, which primarily incorporated various active and passive recreational uses. The balance shown represents the amount unspent during this planning effort.

Budget Commentary

In FY 10, overall expenses are estimated to come in under budget by 1.5%, the result of the cost savings in Personal Services, Supplies and imaging maps through the wide format scanner/printer. The FY 10 General Fund expenditures are estimated to come in under budget by 1.7%, the result of the cost savings in Personal Services, Supplies and imaging maps through the wide format scanner/printer. The overall increase in the FY 11 budget of 3.2% is due to increased Personal Services, reduced state grant offset by the increased utilization of user fees. The FY 11 proposed increase to the General Fund is 2.9% due to increased Personal Services.

Budget Commentary

In FY 10, the overall Public Relations budget reflects a slight decrease as the result of savings in copier maintenance contracts, training and printing expenses. Copier lease and maintenance contract savings were the result of an initiative that included the Windsor Housing Authority and the Town of Windsor Locks to combine our purchasing power in a way that will result in saving an overall total of \$10K by the end of 2012. The proposed FY 11 General Fund budget shows an overall increase of 6.5% primarily reflected in the Services line for video streaming.

PUBLIC RELATIONS

Products & Services

Support to Town Manager \$78,260

- Conduct customer satisfaction surveys to solicit citizen input concerning town services and programs
- Recognize outstanding citizen and community achievements with resolutions, proclamations and certificates of appreciation.

Support to Other Departments \$35,150

- Support departments with copying, mail and supply resources to meet the daily needs of our customers
- Provide technical assistance and referral for office machinery and audio/visual equipment.

Marketing/Information Assistance \$130,850

- Assist in maintaining Windsor's website including *Windsor E-Mail Direct, E-Gov Direct, E-Calendar* and video streaming
- Write and publish three seasonal brochures, Citizen's Guide to the Windsor Town Budget, Newcomer's A to Z Guide to Windsor town services and other public relations materials promoting town services
- Provide information packets to prospective and new Windsor residents and businesses
- Coordinate marketing efforts with Windsor Public School system
- Develop budget communications methods and materials to educate residents on budget process and value of town services
- Plan Memorial Day and Veteran's Day observances
- Conduct Citizen's Academy to educate citizens on town services
- Assist community groups in special event planning
- Interpret and clarify the town's graphic standards for various departments. Examine language, attitude and presentation to make sure they are consistent with organizational standards

- Provide technical assistance to other departments in public relations and marketing.

Public Relations partnered with three Loomis Chaffee Environmental Science classes to develop public education materials to encourage recycling for Windsor residents.

INFORMATION SERVICES

FY 2010 Highlights

Information Services created an organization-wide agreement on the future leasing of copiers. This initiative, which included the Windsor Housing Authority and the Town of Windsor Locks, combined our purchasing power in a way that will save \$10K by the end of FY 2012.

Public education efforts in FY 10 focused on revaluation and the value of town services. In addition to public workshops and printed materials, computer stations featuring an online tax calculator were set-up at five locations in public facilities. More than 3,000 residents utilized the tax calculators to learn the impact of revaluation on their property taxes.

A partnership with Loomis Chaffee Environmental Science students resulted in the development of several creative public education tools to assist the town in promoting the benefits and information about recycling to residents.

Election Activity:

Voters went to the polls multiple times in 2009.

1. State Assembly District 15 had a special election on March 24th because of the untimely death of State Representative Faith McMahon. The percent of Windsor voters from town districts 1, 2, and 3, who turned out to vote was 12%.
2. The Budget Referendum was passed on the first time on May 12th. The percent of Windsor residents voting was 14% approving the question 1,840 'Yes' to 965 'No'.
3. On November 3, 2009, 4,458 registered voters out of 19,869 participated in the Municipal Election for a 22.44% turnout. The Democrats won the Town Council, Board of Education and the constable offices as the majority party.

Land Activity & Revenues:

The Town Clerk's Office took in 6,310 land recordings during the fiscal year 2009, which is down by 935 documents from last fiscal year and reflective of the economic climate. The revenue generated to the general fund for land recordings is still down resulting from fewer transfers of property and increased lien filings. The conveyance revenue is down 50% from the 2008 fiscal year, which is characteristic of the stagnated housing market. Below is a list showing the activity and revenue of the past years. The temporary Conveyance Tax legislation will sunset as of June 30, 2010. Unless extended again, the conveyance tax collected by the municipality will go back to \$1.10 per thousand.

The FY 10 Historic Document Grant was reduced to \$10,000 by the action of the Governors' Budget Mitigation plan. However, the town was awarded the reduced grant for use to continue developing the Records Management program. The grant allowed the inputting of an additional 29,831 pages for a total of 31,660 documents that are available to the town staff for electronic search.

<i>Performance Measures</i>	<i>Outcomes</i>
Provide next day assembled land record books for convenient and efficient land record research by receiving, recording, scanning, and printing all documents within a turnaround time that is ranked in the top 3 of our comparable towns.	Windsor ranks in the top 3 towns offering completed land record volumes within the 10 comparable towns in Greater Hartford, allowing our citizens and customers the ability to research land records without having to review individual documents.
Provide next day on-line access to land record indexes 24/7 from 1970 to the current day by indexing and editing all land records received on the current day maintaining a ranking within the top 3 of our comparable towns.	Windsor is one of only 3 towns offering on-line indexes in the 10 comparable towns in Greater Hartford. Our customers have 24/7 access and experience a 99% success rate when looking up the land record indexes.

A fun fact about the value of our services...

Surveyors use the land records, especially the maps, to ascertain the boundaries of properties. The surveyor surveying the grant funded river trail from Hartford through Windsor was required to produce specific documentation establishing clear title to the Hartford/Windsor boundary. Following several days of research, the surveyor, with the help of the Town Clerk was able to locate the document in volume 20 recorded on November 23, 1808 establishing the southern boundary between Hartford and Windsor, in that same volume were recorded the boundary documents for Suffield 11/23/1787, Farmington 11/1/1787, and Simsbury 12/3/1805.

FY 2011 Goals

1. Develop and execute a project plan for the implementation and installation of a new operating system in the Town Clerk's office by September 2011
2. Apply for the Targeted Historic Preservation grant to accelerate the imaging of the land record documents between 1970 and 2003 in preparation for the new operating system, as well as continuing to fund a seasonal part time records clerk to assist departments with their records management
3. Introduce video streaming as an additional public education resource.

#1304 - Town Clerk Copier - Funds are derived from fees associated with the use of the Town Clerk copier. These funds are used for the upkeep, maintenance, restoration and preservation of the Town of Windsor's records.

#1306 - Historic Preservation - Funds are derived from fees for land records. The State of CT receives a portion of these funds and the remainder is used to match funds when applying for the Connecticut State Library Historic Documents Preservation Grant.

#1308 - Preservation Microfilming Grant - This account is used for the CT State Library Historic Documents Preservation Grant program. There are two possible grants that could be received in any one fiscal year - \$10,000 for the Targeted grant or up to \$50,000 for the Competitive grant.

ADMINISTRATIVE SERVICES

Administrative Services supports town operations by providing other departments with financial, personnel and information resources they need in order to deliver products and services to the community. Administrative Services also protects town personnel and assets from the risk of loss through risk management services.

Budget Commentary

The FY 10 General Fund for Administrative Services is expected to come in under budget by approximately \$102,180 or 5.5%. This is due primarily to salary savings for some partial year vacancies in the Financial Accounting and Reporting department as well as a decrease in planned capital outlay expenditures in the Information Technology division. The overall FY 11 increase to the Administrative Services budget is 2.8% or \$57,250. The increase is attributable primarily to salary, benefits and unemployment cost increases.

Budget Commentary

The General Fund is expected to be under budget by approximately \$95,040 or 14.1% due to savings in Personal Services for two partial year vacancies. The overall FY 11 increase to the Financial Accounting and Reporting budget is \$4,182. The FY 11 proposed increase to the General Fund is 1.1% due primarily to cost increases in the Personal Services category.

Budget Commentary

The FY 10 Human Resources budget is expected to come in less than one percent over budget. This is due primarily to unemployment costs. The FY 11 increase to the Human Resources budget is 4.7% or \$17,120. This increase is due to salary and benefit cost increases and potential unemployment charges.

Total	2.00	2.00	2.00	2.00

Budget Commentary

The FY 10 budget is anticipated to be approximately \$1,840 or 0.7% under budget due to reduced expenditures in Personal Services. The FY 11 General Fund proposed budget reflects an increase of 4.0% or \$9,880 due primarily to increases in salary and benefit expenditures and increases in contractual services.

PROPERTY VALUATION

Products and Services

- Property Valuation* \$204,440
- Develop and maintain valuations for 12,040 real estate, 27,386 motor vehicle and 1,237 personal property accounts
 - Maintain and enhance the town GIS/Assessment web site.

- Exemptions & Benefits* \$51,230
- Administer various exemptions to over 2,800 veteran, elderly, blind and disabled taxpayers with total benefits exceeding \$300,000.

TAX COLLECTION

The Tax Collector's Office is responsible for collecting property taxes which provide support for the educational system and the town-wide services in the most courteous and efficient manner possible.

Budget Commentary

The FY 10 budget is expected to come in slightly under budget by approximately 0.6%. The FY 11 proposed budget will be increased by approximately 3.2% which is due entirely to salary and benefit cost increases.

TAX COLLECTION

Products and Services

Current Tax Collection \$58,390

- Collect 95% of the total levy during normal tax-due period (July-August and January.)

Delinquent Tax Collection \$131,150

- Use a variety of methods and procedures such as updating new addresses, mailing delinquent tax notices, issuing alias tax warrants through state marshals and constables, recording liens against real estate with the Town Clerk's office and conducting foreclosures in an attempt to collect the balance of the total tax levy.

Parking Tickets \$2,140

- Collect parking tickets fees for the Police Department.

Tax Billing Preparation \$59,600

- Prepare for annual tax billing by creating consolidated tax statements by coding appropriate bills to be sent directly to leasing companies and to banks holding tax escrow accounts
- Mail more than 44,000 tax bills.

ADMINISTRATIVE SERVICES

FY 2010 Highlights

The Tax Office continues to diligently create partnerships with mortgage companies to assist non-escrowed taxpayers in bringing their outstanding real estate taxes current. We have also been working closely with many taxpayers in working out mutually agreeable payment schedules for their outstanding taxes.

Risk Management worked with the assistant town manager and fire administrator to design and implement a Continuity of Operations exercise for all departments to insure town services continue to function in an emergency situation.

Risk Management assisted the Senior Transportation Coordinator with safety training for all bus drivers.

Risk Management provided specialty training to the Public Works personnel throughout the year including work zone safety, trenching and excavation and defensive driver training.

Human Resources coordinated and participated in negotiations with the town's public works and clerical bargaining unit in FY 09 and FY 10 resulting in the settlement of the successor contract. Human Resources successfully implemented the resulting wage and benefit changes for the bargaining unit members. The benefit changes included health and prescription insurance plan design changes made to help mitigate the increasing costs of providing health and prescription benefits.

The town's personnel rules were updated and approved by the town council, including changes in retiree health insurance coverage and benefit eligibility, mitigating increasing costs of retiree benefits.

Seven full-time, two promotional and thirteen part-time recruitment processes were conducted by Human Resources along with seasonal and temporary recruitments, resulting in approximately 100 employees being hired.

Thirty-one employees were recognized at the town's annual employee service awards ceremony. Eleven of the thirty-one employees had been employed by the town for twenty years or more.

Information Technology implemented a new data network and phone system in seven facilities. The department also replaced the infrastructure and upgraded the applications at the Police Department. The applications included Computer Aided Dispatch, Records Management and Mobile Units.

A fun fact about the value of our services...

Over the past six months Information Technology utilized a product called VM Ware that allowed the consolidation of applications and servers. The results were the town saved approximately \$2,670 in power consumption, \$14,000 in hardware related costs and we anticipate a drop in cooling costs.

ADMINISTRATIVE SERVICES

FY 2011 Goals

1. Continue to monitor employee benefit trends to ensure Windsor remains competitive, continue employee cost containment efforts which is critical in light of the current economic environment, keep employees informed of such efforts through meetings, newsletters and electronic communications
2. Coordinate preparation for contract negotiations with the Public Works and Clerical bargaining unit and the dispatcher's bargaining unit and participate in successful negotiations of new contracts for 7/1/2011
3. Work with all departments that have vehicles to reduce accidents by 10% over the next two fiscal years using a combination of learning through classroom, on-the-road, and simulator training
4. Work with the Board of Education Safety and Health Committee to develop an indoor quality program for the school system
5. Continue to make improvements to the five-year budget forecast and budget monitoring process
6. Continue to provide efficient, friendly and courteous service in the tax office to our customers while at the same time maintaining Windsor's 98+% collection rate
7. Continue to assist taxpayers with bringing their taxes to a current level by calculating mutually agreeable payment schedules as needed
8. Consolidate existing high traffic servers in a virtual environment that will provide better management flexibility and power cost savings
9. Implement a pilot program for secure mobile connectivity to allow data communications with handheld devices (cell phones).

The town council is the town's legislative and policy making body composed of nine volunteers elected at large for terms of two years. The mayor is selected by the other members of the council. Responsibilities include:

- Establishment and review of policies and measures that promote the health, safety and welfare of all Windsor residents
- Appropriation of funds for town services and programs
- Appointment of a town manager, town attorney, clerk of the council, town treasurer and members of various boards/commissions.

Budget Commentary

Estimated expenditures for FY 10 are expected to be 22.1% less than the adopted budget due in large part to fewer expenditures in printing and advertising. The FY 11 proposed budget is 8.8% lower than the adopted FY 10 budget due to minor changes in Services, such as for advertising.

Council Action

During budget deliberations, the Town Council added \$50,000 to this budget for consulting services for an efficiency and effectiveness study. In addition, the Town Council decreased \$3,000 from this budget overall. The net increase to the Town Council budget is \$47,000.

There are currently 24 boards, commissions and committees serving the Town of Windsor. Responsibilities include:

- Hearing appeals and rendering decisions on orders issued by the town staff
- Advising the town council, town manager and town staff on specific policies
- Conducting public hearings and granting approvals for proposed or existing activities
- Presiding over specific activities and functions as mandated in the Town Charter, *State of CT General Statutes* and local ordinances.

Budget Commentary

Estimated General Fund expenditures for FY 10 are expected to be 18.7% less than the adopted budget due to fewer transcribed meetings and fewer expenditures for supplies. The FY 10 Special Revenue Fund was spent according to the budgeted plan and will be tapped for the same amount in FY 11. The FY 11 proposed General Fund budget is 27.0% lower than the adopted FY 10 budget primarily due to reallocating the largest boards expenses to their respective liaison departments' budgets.

Funding Sources

The town's required expenditures for the Probate Court are funded solely by the General Fund.

Personnel Requirements

Probate staff, including one Judge, and two clerks are exempt and are not considered town employees.

The Probate Court of the District of Windsor was established on July 4, 1855 and is located in the Windsor Town Hall. The judge of probate is elected by the residents of Windsor for a four-year term. Responsibilities include:

- Oversight of the probate of wills and administration of estates of deceased persons
- Appointment of administrators and executors, trustees, conservators and guardians
- Presiding over the adoption process
- Ordering the commitment of mentally ill persons to private and state institutions
- Assisting and advising town staff on matters related to specific cases of individual health, safety and welfare.

Budget Commentary

The current plan is for the Windsor Probate to merge with South Windsor in January 2011, which may impact the budget for the second half of FY 11.

Personnel Requirements

Elections staff, including two elected registrars, two deputy registrars and election workers are exempt and are not considered town employees.

Products and Services

The Office of the Registrar of Voters is located in the Windsor town hall and is staffed by two elected registrars and two deputy registrars. The registrars supervise all elections and keep the records of 20,294 registered voters. Funds are included for supplies, payroll for election workers and the costs of the annual enumeration.

Budget Commentary

The FY 11 budget is based on one state primary for each party, one state election in November 2010 and one budget referendum in May 2011. If a second budget referendum is needed then the department will need additional funding.

The town attorney is the legal advisor of the town council, board of education, town manager and other town officials, boards and commissions. Appointed by the town council for a two-year term, the town attorney protects the rights of the town in actions, suits or proceedings brought by or against it or any of its departments, officers, agencies, boards or commissions. Responsibilities include:

- Representing the town in suits, litigation, hearings and labor matters
- Advising the town on policy issues and questions of law
- Preparing or approving contracts or other instruments in which the town has an interest
- Appealing orders, decisions and judgments (upon approval of town council)
- Compromising or settling any claims by or against the town (upon approval of town council)
- Coordinating outside legal services for the town.

Budget Commentary

The breakdown of the Town Attorney's budget is as follows:

The Town Manager is the Chief Executive Officer of the town and is responsible to the town council for the administration of all designated departments, agencies and offices. Responsibilities include:

Town Council

- Propose the adoption of policies to improve the health, safety and welfare of the town; uphold those policies adopted by council
- Keep council informed of the financial condition and future needs of the town
- Communicate the policies and financial plans of the town by submission of the annual budget
- Provide processes for the efficient and effective purchase of supplies using budgeted funds.

Town Staff

- Serve the needs of the community by hiring qualified and competent individuals
- Create an environment that encourages town employees to focus on the customer, deliver superior services, strive for continuous improvement and recommend increasingly efficient use of resources.

Community

- Guide the balanced growth of Windsor by promoting economic development effort
- Represent Windsor among other towns, states and regional organizations to exchange effective ideas and to promote policies used in Windsor
- Serve residents by keeping the community informed on town affairs, encouraging dialogue between citizens and municipal officers and improving the quality and range of public service.

Budget Commentary

Estimated expenditures for FY 10 are expected to be 1.8% less than the adopted budget due primarily to decreased spending in Services (training, travel, meeting expenses, etc.) The FY 10 estimate includes the town's share of a grant-funded capital outlay purchase of an electronic white board for the Emergency Operations Center. The FY 11 proposed budget is 3.6% higher than the adopted FY 10 budget due to increases in personnel costs.

An annual audit is conducted by an independent public accounting firm appointed by the town council. The auditor ensures the lawful expenditure of local revenues as well as state and federal grants. The auditor also reports on management or record keeping practices that need improvement. The auditing entity does this by:

- Auditing general purpose financial statements and all governmental, proprietary, fiduciary funds and account groups of the town and board of education
- Assisting town staff in the preparation of the Comprehensive Annual Financial Report (CAFR)
- Conducting federal and state single audits and preparing required reports
- Conducting compliance audits as applicable in accordance with Generally Accepted Accounting Principles (GAAP)
- Reviewing State Department of Education reports including the ED001, ED006 and DTL forms
- Preparing a management letter that includes audit findings and recommendations affecting internal controls, accounting systems and legality of actions.

Budget Commentary

FY 10 is estimated to increase by \$3,200 due to an extra charge for GASB 45 - OPEB accounting. The FY 11 funding will be used for the auditing of the FY 10 financial records.

Intergovernmental Services are funds that assist the town in developing and maintaining effective, cooperative relationships with federal, state, regional and other town governments and in obtaining maximum intergovernmental support and research for town programs. The forums and mechanisms for these cooperative relationships include:

- Contributions to the Capitol Region Council of Governments
- Ongoing review of federal and state proposed legislation, regulations, rate setting activities and regional affairs, taking appropriate steps to serve the town's interests
- Contributions to the Greater Hartford Transit District
- Contributions to the Connecticut Conference of Municipalities for membership.

The Metropolitan District Commission (MDC) is a non-profit municipal corporation that was established in 1929 by Special Act 511 of the Connecticut General Assembly. Member municipalities in the district include the City of Hartford and the towns of East Hartford, West Hartford, Wethersfield, Rocky Hill, Newington, Bloomfield and Windsor. The total population served by the district is approximately 400,000. Sewer Service provides funds for the payment of the MDC charges for sewer services to the residents of Windsor. The MDC charge is based on the tax collections of Windsor in proportion to the tax collections of the other seven towns in the district.

The Town of Windsor is exposed to various risks of loss related to torts, thefts, damage or destruction of its property, on-the-job injury to its employees and natural disasters, all of which are covered by some form of insurance. Due to prohibitive cost, the town has chosen to manage a certain amount of its risks internally and has set aside assets to settle those claims. To meet these obligations, the town has established an Insurance Internal Service Fund out of which premiums, administrative costs and claims are paid. The Internal Service Fund receives revenue during the year from the General Fund and the town's three enterprise funds, as well as refunds and adjustments based on prior years' claims.

Annual payments from the General Fund to the Insurance Internal Service Fund are made to cover the town's exposure to loss from liability, employee injury, property damage, theft and misappropriation of assets (See Section R.)

The portion of insurance which is budgeted in Town Support for Education is itemized as follows:

Liability	Amount
Auto	7,200
Umbrella	50,700
Comprehensive General	98,400
Property Protection	117,450
School Board Errors & Omissions	26,000
Sports Accident	14,000
Psychologists	12,000
Workers Comp.	280,000
Excess Workers Comp.	27,500
Total	633,250

RETIREE HEALTH BENEFITS AND RETIREMENT PLAN ACTUARIAL COSTS

The Town of Windsor provides health, dental and prescription insurance coverage to retirees. Actuarial and plan advisor costs are also included in this section of the budget. The amount of funding required by the General Fund to contribute to these costs is included in this section of the budget document.

Total Expenditures

Funded By General Fund - General Services - FY 2011

Retiree Health Benefits

\$808,800

- Provides health, dental and prescription benefits to retirees on the Town of Windsor pension plan.

Retirement Plan Actuarial Costs

\$47,000

- Provides funding for actuarial reviews to comply with GASB (Governmental Accounting Standards Board) statements dealing with retirement services and plan management financial analysis.

OPEB (Other Post Employment Benefits)

\$5,000

- Planning and implementation to comply with GASB (Government Accounting Standards Board) Statement No. 45.

Budget Commentary

As we implement the Government Accounting Standards Board's Statement 45 (GASB 45) with regard to Other Post Employment Benefits (OPEB), we are making some changes to the presentation of retiree health insurance benefits to state the information more clearly. For FY 11 the general fund contribution increase to retiree health, dental and prescription benefits as well as actuarial review costs rose 7.5% over the FY 10 adopted budget.

REVALUATION

Expenditures

Expenditure by Category	FY 2010		FY 2011	
	Budget	Estimate	Proposed	Adopted
Revaluation	30,000	24,350	20,000	20,000

Funding Sources

Funding Source	FY 2010		FY 2011	
	Budget	Estimate	Proposed	Adopted
General Fund	20,000	20,000	20,000	20,000
Special Revenue Fund	10,000	4,350	-	-
Total	30,000	24,350	20,000	20,000

Budget Commentary

Revaluation is the mass appraisal of all property within the town to determine the fair market value for municipal tax purposes. The last revaluation (10/1/08) that was completed and implemented for FY 10 will be phased in over a five-year period. The Funding for FY 11 is estimated at \$20,000 in order to build up a balance to be available for the next required revaluation for 10/1/2013 which is estimated to cost \$100,000.

RECYCLING

The Town of Windsor contracts for curbside pick-up and disposal of recyclable materials for Windsor residences. In addition to promoting resource conservation, it helps the town meet state-mandated recycling goals. Leaf collection is also funded in this account.

Expenditures

Expenditure by Category	FY 2010		FY 2011	
	Budget	Estimate	Proposed	Adopted
Recycling	409,150	406,700	413,770	413,770

	Budget	Estimate	Proposed	Adopted
General Fund	409,150	406,700	413,770	413,770
Non-General Fund	-	-	-	-
Total	409,150	406,700	413,770	413,770

Curbside Collection Services \$348,100

- Contract for the curbside collection of recyclable materials for approximately 9,650 Windsor households.

Leaf Collection Services \$49,370

- Collect 1,000 tons of residential leaves in paper bags and cans during an eight week period in the fall.

Contract Administration & Public Education \$16,300

- Contract with the Landfill Enterprise Fund for the oversight and administration of contracts related to curbside recycling collection and disposal and bagged leaf collection
- Track and report quarterly and annually to the CT Department of Environmental Protection the status of residential and commercial recycling programs in Windsor.

Budget Commentary

The overall FY 10 General Fund budget is estimated to come under budget by \$2,450 or 0.6%. The overall increase to the FY 11 General Fund budget is approximately \$4,620 or 1.1%. The multi-year agreement for curbside recycling collection increases by 0.8% for FY 11. The above budget assumes a 3% increase for leaf collection services in FY 11 above the amount expended for FY 10.

CAPITAL PROJECTS

Capital Projects are projects in the town's six year Capital Improvement program that are financed using a variety of funding sources including bond proceeds, state and federal aid and General Fund resources. Projects or specific phases of projects that are financed out of the General Fund are referred to as "pay as you go" projects. The funding for these projects comprise one account in the General Services section of the budget.

TAX REFUNDS - PRIOR YEAR

Prior year tax refunds are issued by the town if there is an adjustment to the taxable value of a property for a prior year assessment. These payments constitute an expense to the town (refunds for the current year show as a reduction of revenue.) This item can vary significantly from year to year. They are mandatory payments outside the managerial control of a department.

#1630 - Revaluation - This fund provides the revenue source to conduct annual revaluations.

#1703 - Open Space Fund - This fund is intended to create a pool of funds to be readily available for the acquisition of open space as opportunities arise. These funds can be used separately or more effectively as a match to available grants for the purchase of open space or development rights. They can also be used to improve open spaces and conduct other open space related activities.

INSURANCE INTERNAL SERVICE FUND

An Internal Service Fund is a proprietary fund type which is similar in nature to an enterprise fund (commercial accounting). However, it is internally rather than externally focused. An internal service fund (also called intergovernmental service fund, working capital fund, or revolving fund) is used when one service unit within the town finances the goods and/or services provided to another service unit on a cost reimbursement basis. An internal service fund allows the town to determine the total cost of providing a service by isolating the accounting for this service into separate funds and by matching the total cost of providing this service with the user charge revenues generated by it. Each service or capital project served by an internal service fund includes in its budget an amount sufficient to cover the estimated cost of the goods/services to be serviced from the internal service fund. Internal service funds normally recover their complete cost of operations without producing any significant profit.

Insurance Internal Service Fund - Finances both the current cost of the town's insured and self-insured programs and future obligations of the town's risk management program.

Liability Insurance: The town utilizes a variety of insurance programs to provide coverage against liability exposures. The Insurance Commission along with the town's agent of record provides coordination in the purchase of insurance policies for various coverages, high deductibles and limits. The town presently utilizes high deductibles to assist in controlling cost.

Self Insurance Workers Compensation: This program is utilized for paying first dollar claims for injuries sustained by town and Board of Education employees who qualify to receive benefits as injured employees under state law.

Each year the town allocates funds to be used to pay claims below the \$500,000 retention limit. The town purchases insurance for claims in excess of \$500,000. The funds are also used for third party claims, administrative services, excess insurance policy premium and costs associated with centralized safety and training.

Health and Benefit: This program accounts for the town's health insurance premiums for existing employees and their dependents as well as the life insurance and disability programs offered by the town.

DESCRIPTION OF INSURANCE POLICIES

Automobile Liability - A form of liability insurance to protect the insured against claims for bodily injury and property damage arising out of the use of town-owned or operated vehicles. Our current policy is with Travelers. The town has a \$1,000,000 policy limit.

Boiler Insurance - Coverage for loss or damage to objects, structures and personal property of the insured resulting from accidents to heating, air conditioning, cooking, power generating or driven machinery and equipment. Our current policy has a \$100,000,000 limit and a \$5,000 deductible. The policy is with Traveler's Insurance.

General Liability - A broad form of liability insurance to protect the insured against claims for bodily injury and property damage arising from the insured premises, operations, products, completed operations or contractual liability. Our current policy has a limit of \$1,000,000 per occurrence and a \$3,000,000 aggregate per location. Our current policy is with Travelers.

Excess Workers Compensation - Insures against losses in excess of a self-insured retention for benefits specifically provided by the Workers Compensation or Occupational Disease Laws in the State of Connecticut. Our current self-insured retention is \$500,000 for both the Board of Education employees and town operations. The Excess Insurer which provides coverage over the retention has statutory limits (state limits). Insurance is with Safety National.

Employee Blanket Bond/Crime - Crime coverage includes Faithful Performance (F/P) and Employee Dishonesty (E/D) which indemnifies the town for a loss caused by failure of an employee and loss of money, securities or any property due to acts of fraud, dishonesty, forgery, theft, embezzlement, or willful misappropriation from a covered town employee. Current coverage for F/P & E/D has a limit of \$1,000,000 and a \$2,500 deductible. Our insurance policy is with Travelers.

Catastrophe Coverage/Umbrella - Protects the insured against claims in excess of the limits of the primary General Liability, Automobile Liability, Police Professional, Public Officials Liability, and School Board Errors and Omissions policies. Current coverage limits are \$10,000,000 per occurrence and aggregate with a self-insured retention of \$10,000. Our insurance is with AIG. BUDGET COMMENTARY

Each year the town allocates funds to be used to pay claims below the \$500,000 retention limit. The town's excess insurance provides protection for single claims or any one event involving several employees in which the cost exceeds \$500,000. The funds are also used for third party claims, administrative services, excess insurance policy premium and costs associated with centralized safety and training.

EMPLOYEE/RETIREE BENEFITS INSURANCE INTERNAL SERVICE FUND

This program accounts for the town's health insurance premiums for existing retirees, employees and their dependents as well as the life insurance and disability programs offered by the town. Active employees are reflected in their individual service units whereas retirees are reflected in the General Services section of the budget document (see page Q-5).

Budget Commentary

The FY 10 overall employee and retiree benefit cost is expected to come in 1.1% or \$48,300 under budget.

The FY 10 cost for health insurance for employees and retirees is expected to be 1.4% or \$45,000 under budget and the FY 10 prescription drug cost for employees and retirees is expected to be 3.2% or \$18,700 over budget.

The FY 10 cost for dental insurance for employees and retirees is expected to be 5.0% or \$11,000 under budget. The dental plan was self-funded in FY 08 and had positive claims experience in FY 10 resulting in lower than expected expenditures.

The FY 10 cost for life and disability insurance for employees is expected to come in 7.6% or \$11,000 under budget. We anticipated a premium increase for FY 10 but the vendors kept the rates flat for FY 10.

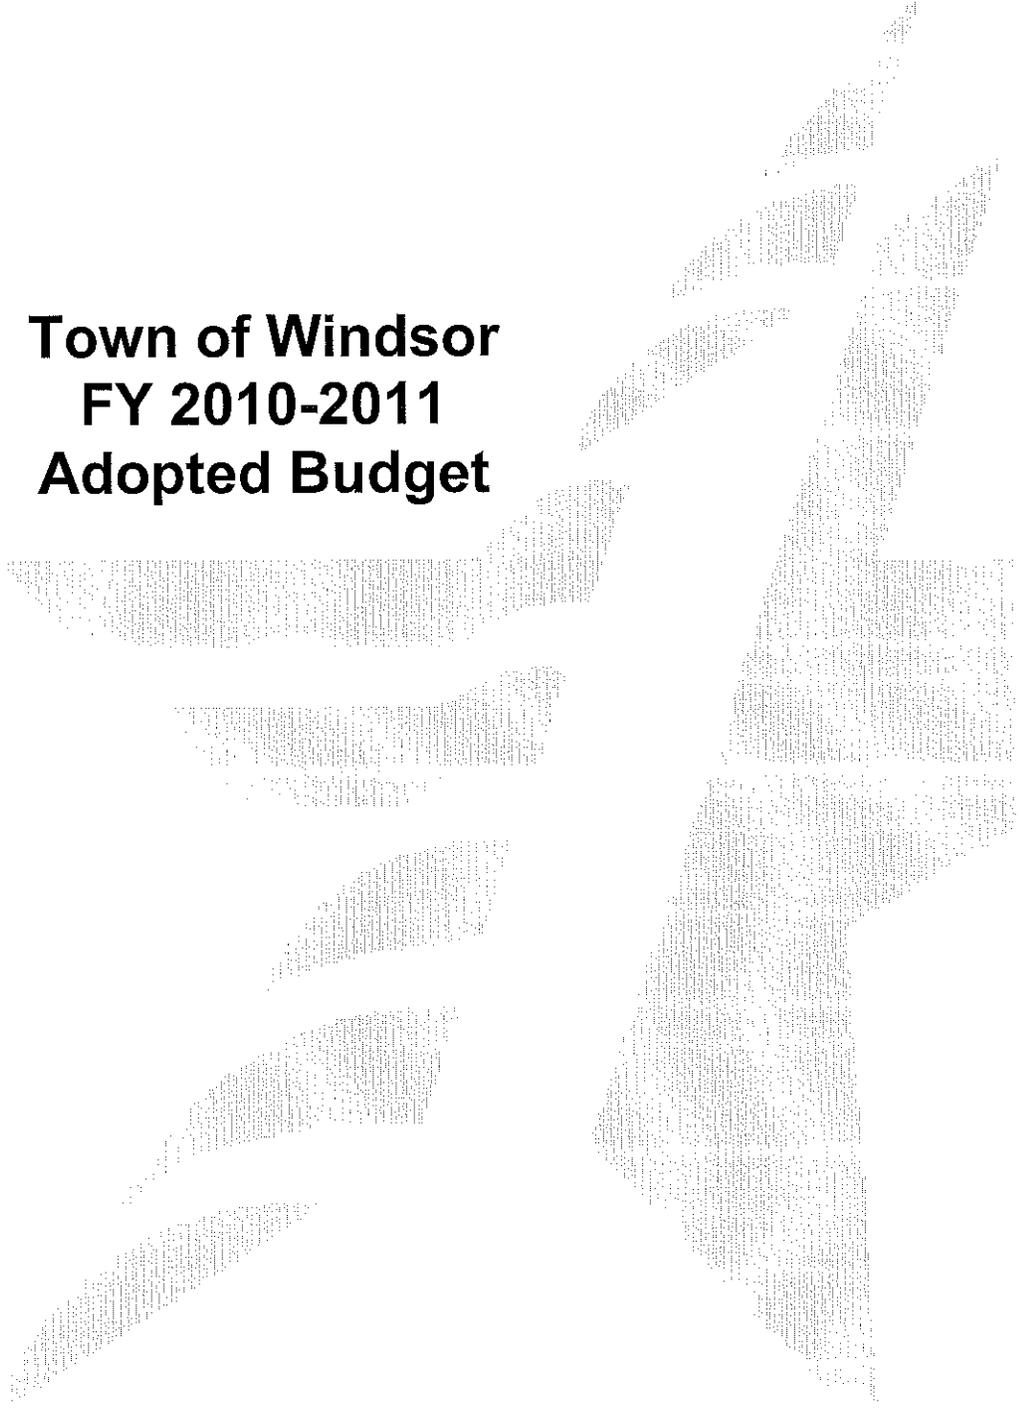

The FY 11 overall increase for employee and retiree benefits is 7.6% or \$321,200 over the FY 10 budget; however, this increase is offset by employee and retiree copays and contributions from the Enterprise Funds resulting in an overall increase of 6.8% or \$223,590 to the General Fund.

The FY 11 cost for retiree and employee health insurance is increasing 7.9% or \$260,000 over the FY 10 budget. The FY 11 cost for retiree and employee prescription drug coverage is increasing by 10.9% or \$64,200 over the FY 10 budget. The FY 11 cost for retiree and employee dental coverage is decreasing by 0.5% or \$1,000 under the FY 10 budget. The increases in health and prescription drug coverage are due to premium increases and enrollment changes such as; retirements, births, marriages and the legislation that was passed in January 2009 requiring employers in Connecticut to continue coverage for dependents to age 26. The increase in the prescription drug coverage is also due to higher claims experience and expenses related to a few chronic illnesses.

The FY 11 cost for employee life insurance is decreasing 2.2% or \$1,000. The disability insurance is decreasing by 1.0% or \$1,000.

LANDFILL ENTERPRISE FUND

HIGHLIGHTS

For more than thirty years the Windsor-Bloomfield Sanitary landfill has served the solid waste disposal needs of the towns of Windsor and Bloomfield. In February of 2004, a final landform was approved that presented the best environmental and fiscal options to the residents of the towns of Windsor and Bloomfield. This landform allows for the post-closure uses that were identified by the Landfill Steering Committee in 2001 and has been incorporated into the final closure plan that has been submitted to the State Department of Environmental Protection (DEP) for their approval.

As was the case over the last few years, the local solid waste marketplace continues to be a dynamic place in which to do business. The staff's ability to attract additional municipal solid waste (MSW) from within our marketplace remains restricted by an agreement, executed by all of the area's significant waste haulers, to deliver all of their MSW to the Connecticut Resources Recovery Authority (CRRA) facility in Hartford.

Municipal waste tipping fees in our marketplace were stable for a few years, but have now experienced a decline in response to the lower quantities of MSW available within the region. Tip fees at the CRRA facility in Hartford were lowered in FY 2010 in response to this shortage. This has had a negative effect on the deliveries of MSW at the Windsor-Bloomfield landfill in FY2010.

Bulky wastes continue to be deposited in the area approved by the DEP in FY 99, but this area is expected to reach final grade in mid-calendar-year 2010. The plan is to dispose of the construction and demolition debris (bulky waste) in the MSW cells adjacent to the bulky waste cell when the bulky waste area reaches capacity.

The landfill gas extraction system was last expanded in the fall of 2004 and will be expanded further if necessary.

FINANCIAL SUMMARY

It is anticipated that the total revenues for the Landfill Enterprise fund will be greater than the amount budgeted for FY 2010. As shown on page S-3, total revenues are estimated to be \$453,130 greater than budgeted. Two factors, with opposite effects on our revenues, contribute to these results. As mentioned previously, the MSW tipping fees in the area have been reduced and have had a negative impact on deliveries to the landfill. Revenues are expected to finish better-than-budget, however, because of the increased flow of bulky waste to the landfill since the Hartford Landfill was closed approximately 14 months ago (Dec 31, 2008).

Total expenses for FY 2010 are estimated to be \$150,204 less than budgeted. Considering revenues and expenditures together, it is estimated that the annual operating income will be \$603,333 better than budgeted for FY 2010.

For FY 2011, it is estimated that total revenues for the Enterprise Fund will total \$2,365,132. This figure is similar to the estimate for FY 2010, except that interest income is reduced for FY 2011 as a result of the dropping interest rates. Tipping fees for the Windsor and Bloomfield municipal solid waste are proposed to remain at \$68 per ton for the upcoming fiscal year and the annual residential permit fee for Windsor and Bloomfield residents will remain at \$77.00 a year as well.

Operating expenses for FY 2011 are estimated to be \$1,572,030. These expenses are not limited strictly to landfill operational costs, but also include some activities that are related to the upcoming cost of closing the landfill as well.

ESTIMATED YEAR-END BALANCE NEEDED FOR FUTURE OBLIGATIONS

The annual operating income in FY 2011 is projected to add \$778,392 toward the estimated end of year balance needed for future obligations (the retained earnings of the Landfill Enterprise Fund) which may be used to meet costs of landfill closure, post-closure monitoring, leachate management, the methane gas collection system and other obligations. Assuming these projections in net income are realized, this will bring the total estimated balance to approximately \$28,704,617 at the end of FY 2011.

During FY 2010, the town received feedback from the DEP which indicates that a final cover system made of impermeable soils will be acceptable at the site. This decision should have a favorable effect and is expected to reduce one component of our long-term closure cost estimates. Staff is in the process of revising these estimates.

Budget Commentary

The expenses of the Landfill Operations program of the Landfill Enterprise Fund for FY 10 are expected to be under budget by \$196,100 due primarily to savings in Personal Services, Maintenance & Repair and Utilities and Supplies. The overall FY 11 budget in Landfill Operations is anticipated to be reduced by 6.4% due to leaving a vacant position unfilled and the reduction of other expense categories.

LANDFILL OPERATIONS

Products and Services

Solid Waste Management \$932,950

- Weigh and process approximately 26,000 commercial and residential vehicles per year
- Produce monthly invoices for billing by the finance department
- Submit quarterly reports to the state on the amount of incoming and outgoing refuse
- Process approximately 650 residential permit renewal applications through direct mailing
- Process, compact and cover approximately 2,300 tons of municipal solid waste, construction and demolition materials per month
- Perform cell maintenance, excavation and site improvements per Department of Environmental Protection (DEP) requirements
- Conduct regular site inspections to ensure compliance with federal and state regulations
- Review special waste disposal requests prior to approval and admittance
- Maintain operation records according to DEP and EPA regulatory requirements
- Maintain all federal and state landfill permits.

Equipment Purchase, Maint. & Fueling \$219,900

- Inspect, purchase, repair and maintain heavy equipment
- Perform scheduled preventive maintenance & oil sampling on equipment to detect major failures before they occur.

Recycling Service \$6,970

- Process and compost leaves, wood chips and brush
- Collect and market approximately 1,500 tons of recyclable materials - metal, tires and batteries
- Operate small business recyclables receiving area
- Track and report quarterly and yearly the status of residential and commercial recycling to the DEP.

Technical Assistance \$7,160

- Respond to 1,500 requests from residents and businesses regarding:
 - recycling
 - household hazardous waste
 - composting
 - grass cycling
 - problem resolution
- Organize household hazardous waste collection days.

Public Education \$3,300

- Conduct public education programs for residents and businesses on Household Hazardous Waste collection, and promotes the safe disposal and recycling of electronics and mercury containing devices.

Property Maintenance \$66,500

- Perform ground maintenance on 200 acres of landfill property including:
 - Maintain 13,900 feet of perimeter fence line
 - Mow and plant three acres of grassed area
 - Plow access roads, recycling and transfer station areas
- Provide preventive maintenance for all structures and facilities.

Administrative \$51,250

- Provide administrative services and guidance towards the operation of the enterprise

LANDFILL RECYCLING & COMPOSTING

The Landfill Enterprise Fund oversees the management of recyclables received at the landfill site and the receipt of bagged leaves and brush. The landfill also provides educational services to residents through a variety of programs and mailings throughout the year. The composting program at the landfill processes more than 2,700 cubic yards of leaves and approximately 400 tons of wood and brush per year and generates compost and wood chip products.

Budget Commentary

Funds from this program support design and engineering services for landfill water and air quality monitoring, closure and leachate management alternatives and management of the landfill gas collection system. The use of engineering services in FY 10 has been more than originally budgeted primarily due to additional reporting requirements and meetings with the CTDEP.

Products & Services

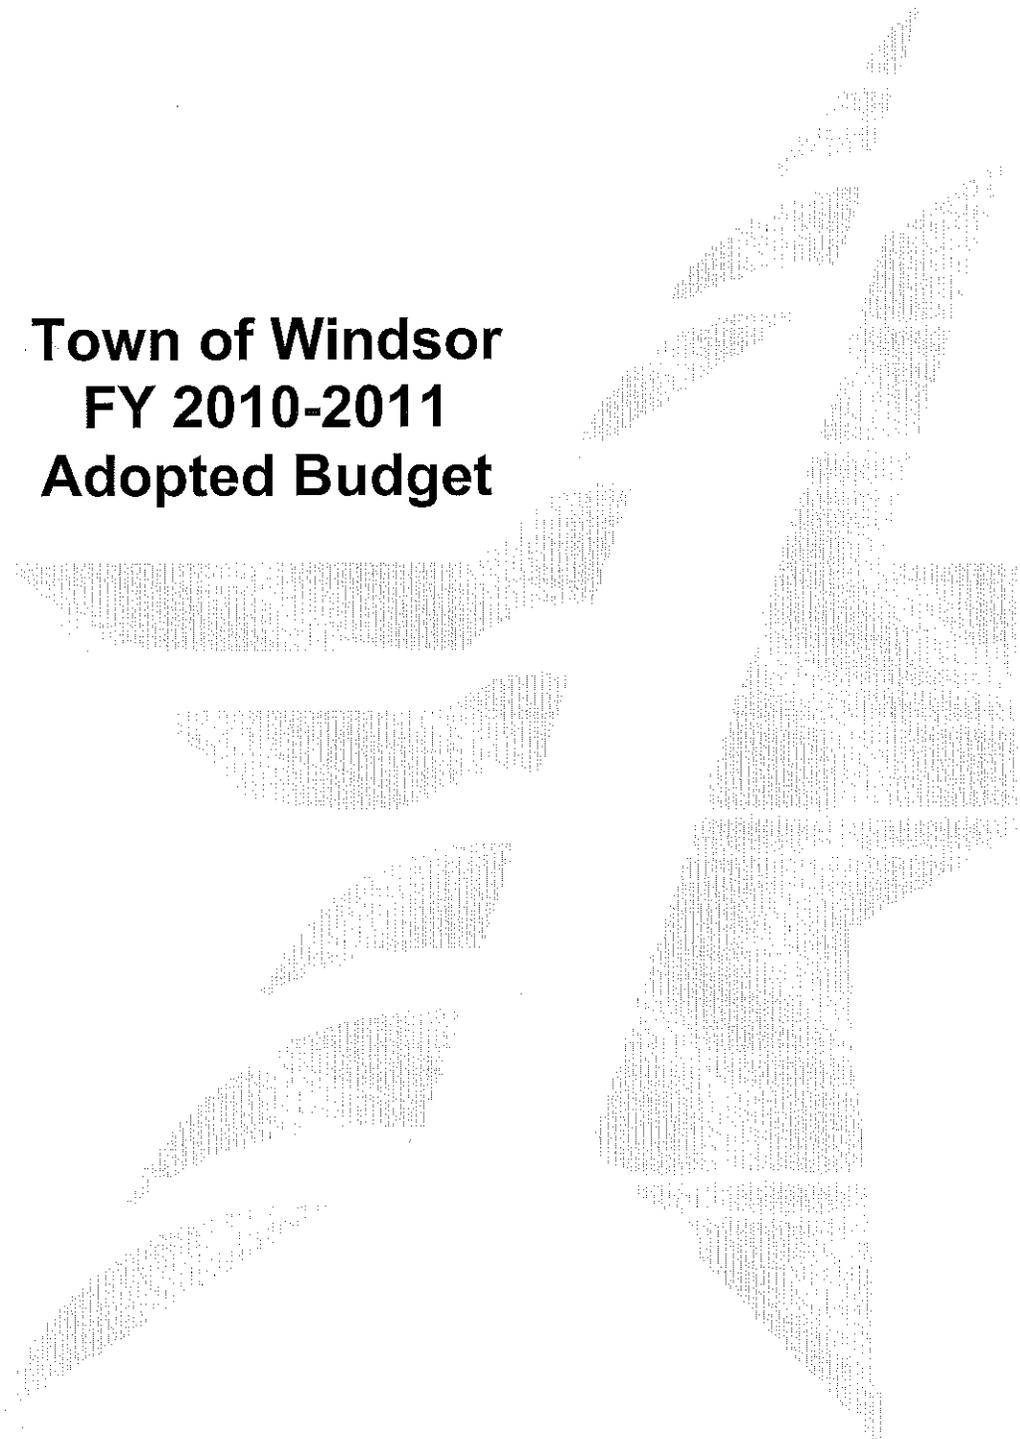

Engineering

\$284,000

- Provide engineering and survey support services on a contractual basis
- Sample, analyze and issue reports for water quality monitoring as required by federal and state environmental regulations
- Continue compliance with the DEP consent agreement including:

ADULT DAY CARE ENTERPRISE FUND

INTRODUCTION

Windsor's Adult Day Health Center, The Caring Connection, celebrated its 22nd anniversary in November of 2009. The service was established in 1987 as a community option to long-term care and continues its commitment to that mission today. A team of professionally trained staff provides care to approximately 42-50 frail or disabled adults per day while giving respite, support and peace of mind to caregivers.

The Caring Connection was recertified in October, 2009 as a medical model adult day center, pursuant to the authority by the Connecticut State Department of Social Services. The program is certified by the Connecticut Association of Adult Day Centers, Inc. for a three-year period expiring in November, 2012. The service provides skilled nursing, nutrition, family counseling, personal care, socialization, transportation, therapeutic recreation and specialized therapies. Foot care is also available for an additional fee. In addition, space is allocated to speech, and physical and occupational therapists to provide these services as ordered by physicians. Engagement in an individualized plan of care provides services to maintain and enrich a dignified quality of life for both the client and the caregiver.

The FY 11 budget is based on an average daily census of 42 clients at our 330 Windsor Avenue location. The service enrolls an overall census of 65-70 clients in the Monday through Friday program. Funding is provided by User Fees generated at the daily rate by clients participating in the Home Care for Elders program, Respite Care program, Alzheimer's funding, North Central Area Agency on Aging, State of Connecticut Department of Social Services, private foundations, and private-pay individuals. Enrollment in the program continues to keep pace with the demand for community-based services to serve the residents of our aging community.

The Caring Connection continues to offer the option of home and community care versus institutionalization. The program benefits frail, disabled and geriatric adults. This allows individuals and caregivers the choice of remaining at home with caregivers or living independently in their residences. The program is a cost-effective option for all taxpayers in Windsor, those referred by the State of Connecticut and in-home service agencies. The Caring Connection continues to be an integral part of the federal, state and municipal government programs by meeting the needs of its senior residents.

Budget Commentary

FY 10 is anticipated to come in \$1,170 or 1.1% over budget due to costs higher than expected for capital outlay items as well as a slight increase in part-time administrative assistant hours. The proposed FY 11 budget for Administration increased 65.5% or \$68,040 due to combining half of the previous Social Work division as well as combining all of the cleaning services into this program for FY 11. FY 11 also includes additional part time administrative assistant hours and facility upgrades which include new carpeting.

CHILD DEVELOPMENT ENTERPRISE FUND

INTRODUCTION

The Windsor Discovery Center began with four children in 1980 as a supplemental program to Windsor Head Start. What started as a child care program for three and four year olds has expanded to an accredited comprehensive child care and educational enrichment program for children between the ages of three months and twelve years. Windsor Discovery Center and Windsor Montessori School continue to maintain a national accreditation status awarded by the National Academy of Early Childhood Programs and the American Montessori Society.

During the school year, the center will serve a total of 140 children from 127 families in the following programs: Infant/Toddler, Montessori Toddler, Montessori Kindergarten, Montessori Primary, and Before and After Elementary School. For the summer months, the Discovery Center and the Montessori School offer a variety of summer camp programs that have separate enrollments serving an average of 120 children per week.

The programs are designed to meet the developmental needs of young children. The individual programs provide experiences that enrich and enhance each child's development. With the daily schedule, each child has opportunities to create, explore the environment, learn problem-solving and personal interaction skills, and learn concepts through first-hand experiences. Children develop a positive self-concept through a balance of self and teacher directed activities. The professional staff serves as positive role models and provides care and education that is supportive, nurturing, warm and responsive to each child's individual needs. The staff respect parents as the primary and most important provider of care and nurturing and believe that parents and teachers are partners in their child's care and education.

Budget Commentary

The overall increase in expenditures for FY 10 budget versus estimate is 9.2%. This is due to the addition of an afternoon Toddler Montessori classroom. The increased proposed budget for FY 11 versus FY 10 adopted budget is 13.0%. This is due to the reconfiguration of programs and staff and an increased cost of salaries, pension and health insurance.

INFANT/TODDLER PROGRAMS

Products & Services

Infant/Toddler \$212,550
• Conduct a year-round, full-time program for 12 children age three months to three years.

Montessori Toddler \$67,400
• Provide a half-day, morning and afternoon school year Montessori enrichment program for twelve children ages 18 months to three years.

PRESCHOOL/KINDERGARTEN PROGRAMS

The Milo Peck Child Development Center provides a nationally accredited preschool, an American Montessori accredited primary program and summer camps for children ages three through five on a part-time or full-time schedule. During the school year, a total of 91 children are served in these programs with an additional enrollment during the summer months.

Budget Commentary

The FY 10 budget estimate versus the FY 10 adopted budget reflects a 5.1% decrease, which is due to the reconfiguration of a regular full-time staff member to another program. The overall decrease in expenditures for FY 11 proposed budget versus FY 10 adopted budget is 2.1% and is due to an overall increase in salary, pension, health insurance and field trips, but is offset by the reduction of regular full-time staff hours .

PRESCHOOL/KINDERGARTEN PROGRAMS

Products & Services

Preschool \$0

- Operate a developmentally appropriate early care program for three and four year old children during the school year.

Total	3.35	3.35	3.35	3.35

Budget Commentary

The FY 10 estimate versus FY 10 adopted budget shows a decrease of 1.1%. This is due to the decreased cost of part time hours needed for the school year program. For FY 11 proposed versus FY 10 adopted, the increase is 1.4% and is due to the increase cost of health insurance, pension, salary increases and bussing costs.

ELEMENTARY PROGRAMS

Products & Services

Before and After \$166,960

School Elementary

- Provide a before and after-school program for first through fifth grade students

Budget Commentary

FY 10 estimate versus FY 10 adopted reflects a 1.1% decrease due to the actual costs of utilities for the first 7 months and the remainder of the year projected out based on the current rates and previous year history. FY 11 proposed budget versus FY 10 adopted budget is proposed to be 0.6% less due to projecting actual costs for utilities based on past history usage but is offset by a 3% increase in rent expense.

FACILITIES MANAGEMENT

Products & Services

Management *\$159,340*
• Pay rental and administrative fees to the Town of Windsor.

Support Services *\$38,590*
• Provide custodial services and utilities for Discovery Center programs.

FY 2010 Highlights

The Windsor Discovery Center and Montessori School maintain their National Accreditation from the National Association for the Education of Young Children (NAEYC). The center will remain accredited through September 2012.

The Windsor Montessori School maintains their accreditation from the American Montessori Society (AMS). The School remains accredited through June 2013.

Children attending Camp Discovery raised money through a car wash and bake sales to donate to UNICEF.

The Milo W. Peck Child Development Center, again this year, offered a variety of programs and services for families attending the center and the community-at-large. Food was collected throughout the year for the Windsor Food Bank and toys were collected for the Human Services Holiday Toy Drive. Children were fingerprinted for free at our Fall Festival by volunteers from New York Life. Montessori kindergarten children participated in some intergenerational programs both at the Caring Connection Adult Day Health Center and the Windsor Senior Center. Teachers presented a parent education seminar on the Montessori Philosophy and Curriculum to families of children attending the program and any new families interested in enrolling their children in the program. Staff also presented a workshop titled, "Montessori in the Home" for all parents attending the school and the community-at-large. Over 50 parents attended this seminar and free childcare and food was provided by the staff.

Parents, relatives and friends were invited to participate in "special person" visiting days, a fall center-wide celebration, a winter social, a talent show, plays put on by both the elementary after school program and the kindergarten program, a kindergarten ceremony and an end of the school year celebration.

The Mental Health Association of Connecticut, Inc. presented their Kids on the Block program on "Feelings are Important" to the 91 preschool age children attending the Windsor Discovery Center and the Montessori School.

This year staff held a "Parent Appreciation Day" in May. Staff provided a buffet breakfast for all parents in the morning and in the evening childcare, dinner and activities were provided for the children so parents could have a "Parents Night Out."

APPENDIX "A"
Capital Improvement Program
2011-2016

Town of Windsor
FY 2010 – 2011
Adopted Budget

**TOWN OF WINDSOR, CONNECTICUT
CAPITAL IMPROVEMENT PROGRAM
FY 2011 – FY 2016**

Relationship Between Operating and Capital Projects Budgets

The Town of Windsor prepares a Capital Improvement Program separate from its operating budget. The operating budget provides for general municipal service delivery, including personnel services costs, supplies, other contractual services and certain capital equipment. Revenues for the operating budget are derived primarily from ad valorem taxes, user fees and intergovernmental sources.

The Capital Improvement Program is a financial plan for the expenditure of monies that add to, support, or improve the physical infrastructure, capital assets or productive capacity of the town. Capital projects typically have the following characteristics: expenditures that take place over two or more years, which require continuing appropriations beyond a single fiscal year; funding with debt due to significant costs that will be shared by current and future beneficiaries; systematic acquisition over an extended period of time in order to implement major operating systems or public programs; and scheduled replacement or maintenance of specific elements of physical assets. Revenues for capital projects can be derived from bond sales, current tax revenues, state and federal grants or private sources.

A proposed Capital Improvement Program (CIP) is typically submitted to the Town Council, Town Planning and Zoning Commission and other review boards in the winter. Projects that require General Fund financing and appear in the first year of the proposed CIP are incorporated into the proposed operating budget, which is submitted the following spring.

The following pages represent the schedule of projects in the proposed CIP. The General Fund financing corresponds to the Capital Projects budget in section Q of this document.

***Not included in Town System

#2501 - Library Copy Machine Fund - Revenues are derived from public copiers at the Main Library and the Wilson branch. Funds are used for rental/purchase, maintenance/repairs and supplies for machines used by the public (computer, copiers, faxes, etc.) and for the office copier at the Main Library.

#2502 - Windsor Library Association Grant - The Windsor Library Association (WLA) owns the Wilson Branch building and makes an annual payment to the town to help pay for the Wilson Branch maintenance and repairs.

#2503 - Main Library Non-Print Materials - Revenues are from fees and donations made to the library, reimbursements for lost library materials and snack sales. Funds are used to buy non-print materials (dvds, cds, etc.) to replace lost materials and for miscellaneous purchases.

#2504 - Wilson Library Non-Print Materials - Revenues are from fees and donations made to the library, reimbursements for lost library materials and snack sales. Funds are used to buy non-print materials (dvds, cds, etc.) to replace lost materials and for miscellaneous purchases.

#2505 - Connecticut - By State statute, revenues are from the State to help reimburse the library for non-residential use. Funds can be used for library materials, supplies, staff and equipment.

#2507 - Cary Nearing Book Project - Revenues are from a one-time donation made by Cary Nearing to be used expressly for the purchase of large print books. The library will spend a portion of these funds on an annual basis until it is depleted.

#2509 - State Library Grant - Revenues are from a one-time grant source to be used for the purchase of print material.

#1704 - Wetlands Inventory Grant - This grant was used to conduct an inventory of inland wetlands. The inventory work has been completed and the terms of the grant allow for the remaining funds to be expended by the town for related purposes.

#1705 - Wetlands Account - This account was created from an escrow account held for an IWWC habitat evaluation report that was completed but never charged against the General Fund. This account can be used to enhance inland wetlands programs and activities.

#1706 - Energy Task Force Fund - This fund is from a grant from the Connecticut Clean Energy Fund to be used for promoting local energy conservation and use of renewable energy sources.

#1707 - Earth Day - This fund was created to accept donations to sponsor Earth Day activities and pay for other expenses, with any balance donated to the Open Space Fund.

#1720 - Walden Woods Inspection Account - This account was created from a bond from CT Windsor Developers to cover the cost of inspections during their construction. It has been used by the Engineering and Planning departments to offset the cost of inspections of erosion, sedimentation and stormwater management controls for compliance with their IWWC and TPZC permits. At the completion of construction, the funds may also be used to perform any unfinished activities required by their permits. Any unused funds will be returned to the CT Windsor Developers at the completion of construction in accordance with their permits.

#1980 - Stony Hill School - This is a former one-room school house on Windsor Avenue near the intersection of Hillcrest Road. This historical structure is maintained by the Department of Public Works. Most recently, it was rented out for yoga classes. Funds are used to pay all expenses associated with the maintenance of this facility.

#2014 - 330 Windsor Avenue Maintenance - This revolving fund is used for repair and maintenance at the facility. Revenues are received from the Caring Connection, Recreation Department and the Chinese Restaurant on site. Expenses include repair, maintenance and utilities.

#4003 - Archer Road Maintenance - This account was funded by a developer for the repair and maintenance of Archer Road in the Hayden Station neighborhood. Funds from the account will be used for paving/resurfacing of the street in the future.

#4009 - Town Aid Road Improvements - This is a state grant used primarily for street maintenance and repair-related activities. This account is used as a revolving fund for management of this grant. A major use of this account is for the purchase of materials for the snow and ice program. It is also used for street pavement markings, pavement preventive maintenance (such as crack filling), and catch basin cleaning.

#4010 - East Granby Road Maintenance - Funding for this account was received from a developer along East Granby Road to pay for future improvements to the street. This account will be treated similar to the Archer Road Maintenance account where funds will be used for paving or other improvements to the street in the future.

#4012 - Local Capital Improvements, Recording Fees - This account differs from the Local Capital Improvements Program (LoCIP) which is an annual grant from the State. This account was established to receive funds which are the result of an increase in the recording fees charged by the State. These funds may be used for improvements by local governments in the State.

#4018 - Veterans Cemetery - The Department of Public Works places headstones (provided by the government) at grave sites and maintains the cemetery grounds. The town receives funding from the Department of Veterans Affairs (VA) to place the headstones in their designated area. Expenses associated with the maintenance of the cemetery are paid from this account.

#4100 - Rental Revenue properties - This revolving fund is for the receipt of rental revenue and the payment of expenses for properties owned by the town. Presently, this includes the Luddy House (Town Green) and Carriage House (Town Green). The Luddy House is used by the Chamber of Commerce and the Luddy Carriage House is rented by a hair salon. Larger expenditures expected in the near future include painting work at the Luddy House.

#4101 - Train Station/Freight House - The Amtrak Train Station (Central Street) and Freight House (Mechanic Street) are properties leased from the Greater Hartford Transit District and are sub-leased by the town to others. The tenant at the Train Station is presently an architect/engineering firm. The Freight House is presently being used as an Arts Center. Larger expenditures expected in the near future include roof work at the Train Station.

#4800 - Landfill Reuse Planning - A study was performed a few years ago to plan the future use of the landfill site following its capping and closing. A citizen's group worked with a consultant to develop the plan, which primarily incorporated various active and passive recreational uses. The balance shown represents the amount unspent during this planning effort.

#1630 - Revaluation - This fund provides the revenue source to conduct annual revaluations.

#1703 - Open Space Fund - This fund is intended to create a pool of funds to be readily available for the acquisition of open space as opportunities arise. These funds can be used separately or more effectively as a match to available grants for the purchase of open space or development rights. They can also be used to improve open spaces and conduct other open space related activities.

#2100 - L.P. Wilson Fund - This is the town's portion of expenses for facility maintenance/utilities at the L.P. Wilson Center and for the use of the space. The balance is being used for planned on-going maintenance projects.

#5200 - Community Use of Schools - The Board of Education charges groups for the use of school facilities. However, due to State regulations, the town is required to receive this money and it is placed into this account. In the past, the Board of Education has used these funds for custodial overtime at their facilities. These funds can also be used for facility repairs and maintenance (i.g., refinishing of gym floors).

APPENDIX “F”
Debt Management

Town of Windsor
FY 2010 – 2011
Adopted Budget

DEBT MANAGEMENT POLICY

Windsor continues to enjoy an outstanding credit rating of Aa2 by Moody's Investor Service and AAA by Standard and Poor's Corporation, which is the same as that is assigned to obligations of the United States Government. In general, bond ratings are assigned by the rating services on the basis of established standards covering four basic criteria: economic strength and diversity, debt burden, administrative process and fiscal performance. In order to maintain its debt burden in line with available resources, the town adheres to certain fundamental policies with respect to incurrence of debt:

- a) Windsor maintains its total debt service requirement to within a range of 6% - 8% of its total operating expenditures
- b) When any new bonds are issued, the future forecasted annual debt service requirements will not exceed 8% of annual operating expenditures
- c) Windsor does not issue bonds, the total amount of which would exceed 50% of its legal debt limit
- d) The town will maintain an undesignated, unreserved fund balance of between 8% - 11% of annual General Fund operating expenditures.

The town's legal debt limit is in turn based upon its tax collections for the most recently completed fiscal year including interest and lien fees, and net of state reimbursements for revenue losses. For the current fiscal year, Windsor's base for establishing its debt limit is \$76,607,944. State law establishes various debt percentage limitations based on the purposes for which the debt is issued. The following limitations are currently in effect:

- 1) General Purpose - 2.25 times the base
- 2) Schools - 4.50 times the base
- 3) Sewer - 3.75 times the base
- 4) Urban Renewal - 3.25 times the base
- 5) Unfunded Past Pension - 3.00 times the base
- 6) Total Debt - 7.00 times the base.

As of the latest CAFR, the town's total net direct and net overlapping indebtedness totals \$53,733,445.

APPENDIX "H"
Charter Provisions Concerning
Annual Budget

Town of Windsor
FY 2010 – 2011
Adopted Budget

CHARTER PROVISIONS CONCERNING ANNUAL BUDGET

CHAPTER 8. FINANCE AND TAXATION

Sec. 8-1. Departmental estimates.

It shall be the duty of the town manager to compile preliminary estimates for the annual budget. The head of each department, office or agency of the town supported wholly or in part from town funds, or for which a specific town appropriation is made (except the board of education) shall, at least ninety (90) days before the end of the fiscal year file with the town manager, on forms provided by the town manager a detailed estimate of the expenditures to be made by said department or agency and the revenue (other than tax revenues) to be collected thereby in the ensuing fiscal year.

Sec. 8-2. Duties of town manager on budget.

Not later than thirty (30) days before the date of the annual budget meeting of the town, the town manager shall present to the council:

- (a) Estimates of revenue, presenting in parallel columns the itemized receipts collected in the last-completed fiscal year, the receipts estimated to be collected during the remainder of the current fiscal year and estimates of the receipts to be collected in the ensuing fiscal year;
- (b) Itemized estimates of expenditures, presenting in parallel columns the actual expenditures for each department, office or agency for the last-completed fiscal year, the expenditures as estimated for the current fiscal year and the manager's recommendations of the amounts to be appropriated for the ensuing fiscal year. The town manager shall present reasons for these recommendations. The president of the board of education shall have the same duties and follow the same procedure with respect to the budget for the board of education;
- (c) A program previously considered and acted upon by the Town Planning and Zoning Commission, in accordance with section 8-24 of the general statutes, as amended, concerning municipal improvements, of proposed capital projects for the ensuing fiscal year and for the fiscal years thereafter. Estimates of the cost of such projects shall be submitted by each department, office or agency annually in the form and manner prescribed by the town manager. The town manager shall prepare a six-year capital improvements program and shall recommend to the town council those projects to be undertaken during the first year of such program and the method of financing the same. The town council will establish by ordinance a capital improvement committee with at least one representative from the Public Building Commission to advise and assist the town manager in preparing said program for the second through the sixth year of such program.
- (d) Nothing herein shall preclude the town council from approving any capital project not included in the above described program.
- (e) Times of performance specified in this section are not of the essence, but are goals to be achieved for the orderly processing of the town budget.

Sec. 8-3. Powers and duties of council on budget.

The format of the supporting documentation for the estimates presented to the town council under sections 8-2 (a) and 8-2 (b) shall be determined by the town council before January 15. The town council shall hold one or more public hearings not later than fifteen (15) days before the annual budget meeting at which any elector or taxpayer may have an opportunity to be heard regarding appropriations for the ensuing fiscal year. Following receipt of the estimates from the town manager and the president of the board of education and the holding of such public hearing or hearings, the town council shall prepare a budget which complies with any minimum standards or requirements of the state tax department and shall recommend the same to the town

budget meeting of the town. Sufficient copies of said budget shall be made so as to be available for general distribution in the office of the town clerk and the town manager, and at least five (5) days prior to said annual budget meeting the town council shall cause to be published in a newspaper having circulation in the town a summary of the budget showing anticipated revenues by major sources, proposed expenditures by functions or departments, and the amount to be raised by taxation. The budget shall become effective when approved by said annual budget meeting and an official copy shall be filed with the town clerk.

CHAPTER 9. THE TOWN MEETING

Sec. 9-1. Annual budget meeting and special meetings.

(a) Upon town council approval of its recommended annual budget, it shall set a date for an adjourned town meeting vote on the voting machines. If any budget recommendation fails to pass, the council shall make adjustments and resubmit such adjusted budget recommendations to a vote on the voting machines until approved by the voters at which time the final budget shall be considered adopted.

This procedure for the adoption for the annual town budget shall be in lieu of the petition procedures set forth in *Connecticut General Statutes* § 7-7.

(b) Special town meetings shall be called by the town council when required under the terms of this Charter. The procedure for calling a special town meeting shall be as provided in the *Connecticut General Statutes*.

Sec. 9-2. Procedure.

All town meetings shall be called to order by the town clerk or in the absence of the town clerk, by the town manager or the mayor of the council. A moderator shall be elected and all business conducted in the manner now or hereafter provided by the general statutes, except as in this charter otherwise provided. It shall be the duty of the town clerk to serve as clerk of all town meetings but in the absence of the town clerk, an acting clerk may be designated by the meeting.

Sec. 9-3. Appropriation - manner of approval.

(a) Any appropriation in excess of one (1) per cent of the tax levy in the fiscal year for which the appropriation is made in addition to or supplementary to the annual budget appropriation, the issuance of bonds or notes in excess of two (2) per cent of the tax levy for the fiscal year in which the borrowing is made except notes in anticipation of taxes to be paid within the fiscal year in which issued and any ordinance providing for the sale of real estate of the town valued in excess of ten thousand dollars (\$10,000.00) used or reserved for town purposes or any appropriation for the purchase of real estate valued in excess of ten thousand dollars (\$10,000.00) for such purposes, shall become effective only after it has been adopted at a town meeting by the vote of a majority of those present and entitled to vote at such meeting, except that any appropriation in excess of three (3) percent of the tax levy for the fiscal year for which the appropriation is made in addition to or supplementary to the annual budget appropriation and any bond issue or issuance of notes or other borrowing in excess of three (3) percent of the tax levy for the fiscal year for which the borrowing is made in any fiscal year shall only require approval by referendum vote on the voting machines at any regular or special election. The town meeting shall not act upon any proposal for the sale or purchase of real estate or the issuance of bonds or other borrowing, except upon the recommendation of the town council contained in a resolution of said town council nor act upon any appropriation which has not been acted upon by the town council. The town meeting shall not increase the amount of any appropriation above the amount recommended by the town council or make any appropriation not recommended by the town council and shall not increase the amount of any bond issue above the amount recommended by the council.

(b) The annual budget shall be adopted in accordance with the procedures set forth in § 9-1.

(c) If the voters disapprove the budget appropriation recommended by the town council, the annual budget appropriation for the then existing fiscal year shall be continued until the new budget appropriation is adopted.

APPENDIX “I”
Glossary

Town of Windsor
FY 2010 – 2011
Adopted Budget

APPENDIX I

GLOSSARY OF TERMS

ACCOUNTING SYSTEM: The total set of records and procedures which are used to record, classify and report information on the financial status and operations of an entity.

ACCRUAL BASIS OF ACCOUNTING: The method of accounting under which revenues are recorded when they are earned (whether or not cash is received at that time) and expenditures are recorded when goods and services are received (whether cash disbursements are made at that time or not).

APPROPRIATION: An authorization made by the legislative body of a government that permits officials to incur obligations against and to make expenditures of governmental resources. Appropriations are usually made for fixed amounts and are typically granted for a one-year period.

ASSESSED VALUATION: A valuation set upon real estate and certain personal property by the Town Assessor as a basis for levying property taxes.

ASSETS: Property owned by a government that has a monetary value.

BOND: A written promise to pay (debt) a specified sum of money (called principal or face value) at a specified future date (called the maturity date[s]) along with periodic interest paid at a specified percentage of the principal (interest rate). Bonds are typically used for long-term debt.

BUDGET DOCUMENT: The official written statement prepared by the budget office and supporting staff which presents the proposed budget to the legislative body.

BUDGET MESSAGE: A general discussion of the proposed budget presented in writing as a part of or supplemental to the budget document. The budget message explains principal budget issues against the background of financial experience in recent years and presents recommendations made by the Town Manager and budget officer (if not the chief executive).

CAPITAL ASSETS: Assets of significant value and having a useful life of several years. Capital assets are also called fixed assets.

CAPITAL IMPROVEMENT PROGRAM: A plan for capital expenditures to be incurred each year over a fixed period of several future years setting forth each capital project, identifying the expected beginning and ending date for each project, the amount to be expended in each year and the method of financing those expenditures.

CAPITAL OUTLAYS: Expenditures for the acquisition of capital assets.

CAPITAL PROJECTS: Projects that purchase or construct capital assets. Typically a capital project encompasses a purchase of land and/or the construction of a building or facility.

CASH BASIS: The method of accounting under which revenues are recorded when received in cash and expenditures are recorded when paid.

CONTINGENCY ACCOUNT: A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted for.

DEBT SERVICE: Payment of interest and repayment of principal to holders of a government's debt instruments.

DEFICIT: (1) The excess of an entity's liabilities over its assets. (See Fund Balance). (2) The excess of expenditures or expenses over revenues during a single accounting period.

DEPRECIATION: (1) Expiration in the service life of capital assets attributable to wear and tear, deterioration,

APPENDIX I

action of the physical elements, inadequacy or obsolescence. (2) That portion of the cost of a capital asset which is charged as an expense during a particular period.

ENTERPRISE FUND: A fund established to account for operations financed in a manner similar to a private business enterprise; i.e., where the costs of providing goods and services to the public are financed or recovered through user charges.

EXPENDITURES: Where accounts are kept on the accrual or modified accrual basis of accounting, the cost of goods received or services rendered whether cash payments have been made or not. Where accounts are kept on a cash basis, expenditures are recognized only when the cash payments for the above purposes are made.

FULL FAITH AND CREDIT: A pledge of the general taxing power of a government to repay debt obligations (typically used in reference to bonds.)

FUND: An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources together with all related liabilities, obligations, reserves and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives.

FUND BALANCE: The excess of a fund's assets over its liabilities. A negative fund balance is sometimes called a deficit.

GENERAL FUND: The fund supported by taxes, fees and other revenues that may be used for any lawful purpose.

GENERAL OBLIGATION BONDS: When a government pledges its full faith and credit to the repayment of the bonds it issues, then those bonds are general obligation (GO) bonds. Sometimes the term is also used to refer to bonds that are to be repaid from taxes and other general revenues.

GRANT: A contribution of assets (usually cash) from one governmental unit or other organization to another unit or organization. Typically, these contributions are made to local governments from the state and federal governments. Grants are usually made for specified purposes.

MATURITIES: The dates on which the principal or stated values of investments or debt obligations mature and may be reclaimed.

MILL: The property tax rate that is based on the valuation of property. A tax rate of one mill produces one dollar of taxes on each \$1,000 of property valuation.

MODIFIED ACCRUAL BASIS: The basis of accounting under which expenditures other than accrued interest on general long-term debt are recorded at the time liabilities are incurred and revenues are recorded when received in cash except for material and/or available revenues, which should be accrued to reflect properly the taxes levied and revenue earned.

OBJECT OF EXPENDITURE: Expenditure classifications based upon the types of categories of goods and services purchased. Typical objects of expenditures include:

- personal services (salaries and wages);
- contracted services (maintenance contracts);
- supplies and materials; and
- capital outlays.

OPERATING BUDGET: A plan of financial operation embodying an estimate of proposed expenditures for the calendar year and the proposed means of financing them (revenue estimates).

OPERATING TRANSFER: Routine and/or recurring transfers of assets between funds.

APPENDIX I

REVENUE: The term designates an increase to a fund's assets which:

- does not increase a liability (e.g., proceeds from a loan);
- does not represent a repayment of an expenditure already made;
- does not represent a cancellation of certain liabilities; and
- does not represent an increase in contributed capital.

REVENUE ESTIMATE: A formal estimate of how much revenue will be earned from a specific revenue source for some future period; typically, a future fiscal year.

SPECIAL ASSESSMENT: A compulsory levy made against certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties.

TAX LEVY: The total amount to be raised by general property taxes.

TAX RATE: The amount of taxes (mills) levied for each \$1,000 of assessed valuation.
