## A READER'S GUIDE TO THE BUDGET

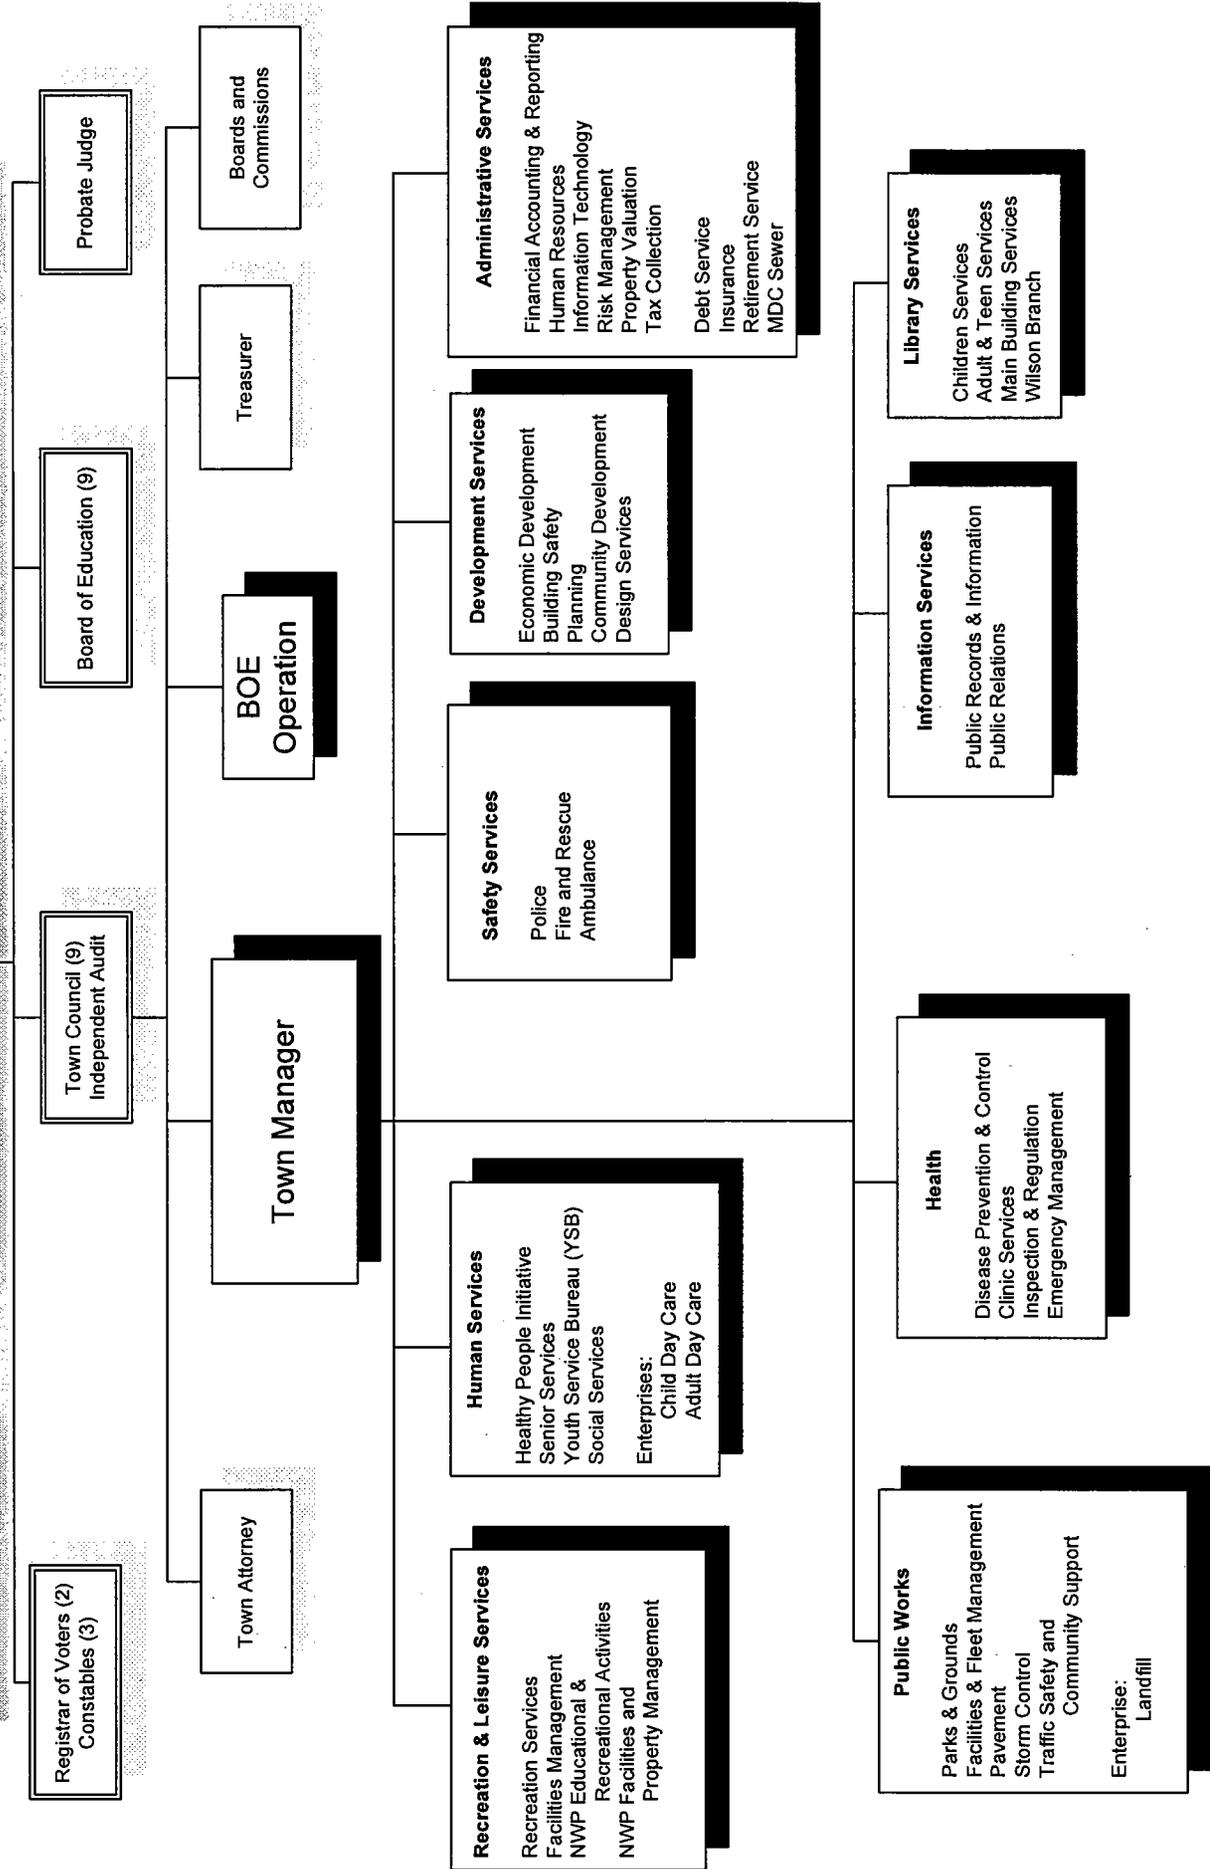

This budget is designed to serve as both a financial tool and a public communications forum. Consequently, we have worked to produce a document that is clear and complete with information that our readers want to know.

The budget may be broken down into the following components:

- 1) **Introduction.** The introductory section of the budget describes the overall philosophy upon which the budget was developed. The Manager's Message provides an executive summary of the budget and outlines the organization's short-term and long-term strategies. The Budget Process gives an overview of the procedures used to prepare the budget and provides a calendar of important dates.
- 2) **Financial Summary.** Sections A (Summary of Town Funds) and B (General Fund Revenues) provide a summary of all the funds managed by the town, as well as a detailed explanation of revenues. Section C (General Fund Expenditures) lists the General Fund impact of each department and the Board of Education. Upon the recommendation of the Town Council, the community will vote on the total proposed General Fund Expenditures for fiscal year 2005 including the new capital projects budget as described on pages Q-9 and Q-10.
- 3) **Support Sections.** Sections D through R are the supporting sections of the budget document. These sections explain in detail how total and General Fund expenditures were derived and what products and services will be offered to our residents. These sections also list the individual department goals and highlights.
- 4) **Non-General Fund Services.** Section S contains the budgets for the three town enterprise funds – Windsor Child Development Center, the Caring Connection Adult Day Health Center and the Windsor-Bloomfield Sanitary Landfill. Each of these funds is dependent upon revenues generated from the users of these facilities and is not funded by tax dollars. The budget for the Windsor's Office of Community Development is listed in Section L. The Community Development Office receives minimal support by town tax dollars - the Office operates almost exclusively through grant funds and loan repayments.
- 5) **Appendices.** Section T contains various informative items for the reader. For example, a summary of the Town's Capital Improvement Program is provided in Appendix A and a Price Guide listing rates for various Town services is provided in Appendix F. Also, Appendix H consists of a Glossary of Budget Terms that the reader may find helpful when using this document.

We hope that you find this budget document informative and easy to read. If you have any questions or comments, please contact us at (860) 285-1800. We can also be reached via Email at [townmanager@townofwindsorct.com](mailto:townmanager@townofwindsorct.com).

# Voters of Windsor

April 1, 2005

Honorable Mayor, Town Council and Citizens of Windsor,

I am pleased to submit the FY 2005-06 Financial Plan and Program of Services. This proposed plan includes recommendations that strive to balance a variety of goals, objectives and values, which at times often compete with one another. I assure you that these recommendations were deliberated with careful thought, especially in light of the revaluation impact last year.

One priority when crafting this financial plan was to maintain the integrity of core municipal services to insure that the citizens and businesses of Windsor continue to enjoy a relatively high quality of life. In addition, it addresses the need for Windsor to maintain our competitive edge so we can continue to attract and retain residents and businesses. Finally, this budget presents a multi-year outlook for service delivery and future fiscal choices. In the end, it is no less than a maintenance budget, and I caution the Town Council that a continuation of erosion in service levels as outlined in this document could jeopardize that high quality of life if extended into future years.

Based on fixed costs and contractual obligations, a 5.4% expenditure increase over the FY 2005 budget would be necessary if we were to propose a “maintenance” budget. This scenario is illustrated below.

BOE	5.4%	\$2.74 M
General Government	5.0%	\$1.10 M
Debt Service	6.0%	\$345,000
Sewer Services (MDC)	7.4%	<u>\$185,000</u>
		\$ 4.37M

Resources including grand list growth (\$1.28 M) and other revenues (\$480,000) total \$1.76 million. When taken from the \$4.37 million total expenditures needed to implement a “maintenance” budget, a gap of \$2.61 million remains for FY 2006.

There were four primary options available to close the gap on the \$2.61 million. Thoughtful combinations of these approaches have been taken in crafting this budget.

1. Reduce expenditures and service levels
2. Raise other revenues
3. Utilize the town's cash reserve funds
4. Increase the mil rate.

The leadership of both general government and the Board of Education clearly understand this is not a "business as usual" year. The Board of Education budget reflects an increase of 2.98% or \$1.5 million. To achieve this, their needed resources were reduced by approximately \$1.2 million from the fixed cost amount of \$2.74 million. Reductions of staff in the Board of Education budget include 5.2 teachers, 4.5 paraprofessionals, 2.0 administrators and others coupled with non-salary savings.

In working with the Town of Windsor Leadership Team, I have developed a budget that proposes an increase of approximately 2.95%, or \$641,000 for general government. This is approximately \$459,000 less than the projected fixed cost increase.

When increases in debt service and MDC assessments are factored in, the proposed budget results in an overall (ie: town and BOE) spending increase of \$2.7 million, or 3.33% over the FY 2005 budget. To mitigate a tax increase for FY 2006, this budget includes the use of \$283,800 in additional reserves. The proposed budget increases the mil rate to 29.13, an increase of 0.30 mils over last year's mil rate of 28.83, resulting in an increase to property taxes by 1.0%.

The proposed FY 2006 General Fund Budget is summarized as follows:

	<b>FY 2005 Budget</b>	<b>FY 2006 Budget</b>	<b>\$ Change</b>	<b>% Change</b>
<i>Board of Education</i>	50,839,400	52,356,447	1,517,047	2.98%
<i>Town Operating Budget</i>	21,725,620	22,366,820	641,200	2.95%
<i>Sewer Service (MDC)</i>	2,491,225	2,677,130	185,905	7.46%
<i>Debt Service</i>	5,584,948	5,927,450	342,502	6.13%
<i>Capital Projects</i>	0	0	0	
<b>Total</b>	80,641,193	83,327,847	2,686,654	3.33%

In order to maintain current services, or achieve a greater level of service delivery, proposed expenditure levels would need to be increased. That is why this proposed financial plan is ultimately a policy and service delivery document comprised of an array of choices related to:

- Levels of service delivery
- Willingness and ability to pay
- Funding mechanisms
- Short term fiscal context
- Long term quality of life and fiscal impacts

While striving to balance this array of choices, a basic set of parameters were utilized as filters. They include but are not limited to:

- Attempt to maintain the integrity of core municipal services
- Apply a multi-year approach in terms of service delivery and fiscal management
- Address Town Council goals and objectives.

The ability to provide a range of public services so citizens and businesses may continue to enjoy a relatively high quality of life is in jeopardy of being eroded if service levels as outlined in this financial plan continue for a number of consecutive budget cycles.

To achieve a 2.9% expenditure increase in general government spending, a number of areas were reduced that will impact, but not completely destroy the integrity of core municipal services. Some of the reductions listed below are possible due to a “re-thinking” of service delivery, or delaying certain initiatives. Although these choices garner the financial relief to achieve our end goal, they are also decisions that may impact the completion of Town Council goals in a timely fashion.

The equivalent of 9 full-time employees are not funded in this proposed budget. They are:

- 1 - Public Works Maintainer
- 4 - Public Works Seasonal Employees
- 1 - Economic Development Specialist
- 1 - Library Specialist
- 2.5 - Police Officers
- 1 - Part-time Parent Educator/Home Visitor
- 2 - Part-time Clerical Aides
- 1 - Part-time Mechanic Helper

Non-staff resources proposed for reduction in this budget include:

- Professional development, travel and training
- Capital Outlay
- Contractual Services
- Recruitment
- Grants and Contributions

With the implementation of those funding decisions, this budget will attempt to maintain the integrity of core municipal services in areas such as:

- Proactive police patrol districts
- Maintenance of public spaces
- Snow and ice control
- Volunteer Fire and Rescue services
- Public health and welfare
- Services for at-risk populations including teenagers
- Access to recreation, cultural and leisure activities

With every choice, there is a consequence. Spending reductions may not be as evident in some cases as it is in others. The following are examples of the impact residents may notice with regards to direct service delivery levels from town forces.

- Delays in responding to non-emergency repairs and maintenance of roads, sidewalks and parks
- Reduced hours at Veterans Pool
- No enhancements to town-wide small business retention efforts
- Reallocation of school resource officers from elementary schools
- Limited support for neighborhood watch programs
- Potential delays in responding to non-emergency police calls
- Reduce contributions to non-profit community organizations/events.

### ***Fiscal Year 2006 Revenues***

Grand list growth has produced \$1,286,552 in new revenue for FY 2006. Windsor, like all Connecticut municipalities is dependent upon property taxes to finance local government services. Property taxes as a percentage of total revenues are 80.5%.

Other than property taxes, the town expects building permit revenue to remain at \$615,000. While conveyance fees are expected to come in at approximately \$225,000 over budget in FY 2005, this item is budgeted less in FY 2006 due to the scheduled sunseting of the higher conveyance tax rate (\$2.50/\$1,000 versus \$1.10/\$1,000). Additional pressure on the General Assembly may persuade them to keep the rate the same, but it is premature to assume at this time.

State aid is scheduled to increase by approximately \$430,000 in the Governor's proposed budget. Interest revenue is projected to increase by \$280,000 due to an increase in interest rates. Other revenues are projected to remain relatively the same. It is noted that the transfer from the Landfill Enterprise Fund is \$100,000 less than FY05 due to the need to plan for the eventual closure of the landfill in FY 2008, which will result in the majority of the annual transfer being eliminated.

### ***FY 2005 Update***

The approved General Fund budget for fiscal year FY 2005 is \$80,641,193. Projected revenues are expected to exceed the budgeted amount by approximately \$990,000 and expenditures are projected to be \$451,000 below budget. Much of the revenue surplus can be attributed to the increased conveyance tax re-approved last year by the General Assembly; higher interest earnings; sale of excess property and higher state aid. Expenditures this fiscal year should be below budgeted amounts due primarily to cost containment efforts instituted in September. These efforts include a hiring freeze, reductions in travel and training, suspending the Volunteer Support Program and reductions in materials and supplies as well as lower than expected charges in General Services. However, Board of Education expenses will be over budget due to the mandatory expense of special education tuition to other towns for special needs students. The town shows very good discipline over expenditure areas it controls, but it has become clear that the town is vulnerable to increasing cost pressures for items such as employee and retiree health insurance which has risen by 18% and sewer assessments by the Metropolitan District Commission.

### ***Synopsis***

From a fiscal management perspective, this proposed budget attempts to balance expenditure increases, view service delivery in a multi-year perspective, reduce non-fixed cost expense categories and balance the use of cash reserves and potential tax increase.

It takes into consideration factors that impact Windsor today, and will continue to impact our community in years to come. Factors such as aging infrastructure, older housing stock, shifting demographics and for some, stagnating household incomes.

In conclusion, I would like to stress that targeting programs and services to be reduced or eliminated is a balancing act that no one on this staff took lightly. We understand the fiscal and political environment and this proposed financial plan offers a balanced approach to meet today's realities and look ahead to the years to come.

As I stated in the opening paragraph of this document, all recommendations for this proposed financial plan were deliberated with careful thought. I am proud of the many town employees who have devoted their time to insure that this budget balances the maintenance of core municipal services, maintains the town's competitive edge, and provides a multi-year outlook for future fiscal choices. I would like to thank the Board of Education Administration, members of the town's Leadership Team, Budget Review Team and the Finance Department for their efforts.

Respectfully Submitted,

Peter P. Souza  
Town Manager

# ORGANIZATION VISION, MISSION AND CORE VALUES

## *The Windsor Vision*

To create an exceptional quality of life that engages citizens, provides commercial and leisure amenities, promotes business and employment opportunities and unsurpassed value to all taxpayers.

We are in the business of creating a context and culture that allows and inspires people to pursue their aspirations. This vision statement assumes we will listen, take our customers' concerns to heart and provide the best leadership to make those dreams come true. The Town of Windsor's elegantly simple and clear vision statement is:

**“To create an environment where dreams can come true for individuals, families and businesses.”**

Our core values support our organizational vision. We have identified the values by way of a series of exercises that provided insight to our priorities, hopes and beliefs. The five core values that have emerged are:

***Innovation.*** The process of effectively and profitably taking new ideas to satisfied customers. It is a process of continual renewal involving the whole organization and is an essential part of everyday practice.

***Responsiveness.*** Quality as defined by the customer. We exemplify responsiveness in our willingness to help customers and to provide prompt service in a dependable and accurate manner.

***Passion.*** The excitement of doing something – vocation or avocation, art or mission, idea or ideal that we find fulfilling and deeply satisfying. People with passion *ignite* enthusiasm, *inspire* excellence and *invoke* enhanced performance.

***Integrity.*** Saying what we mean and consistently doing what we say. It means honestly matching words and feelings with thoughts and actions, with no desire other than for the good of the community.

***Partnership.*** There are more leaders, because people can take turns assuming leadership for tasks where they have knowledge and ability. Leaders inspire and facilitate rather than just give orders that have to be obeyed. Our partnerships also extend to the community where accountability also flows in two directions.

# THE BUDGET PROCESS

The process leading to the adoption of the Town of Windsor budget is participatory and encourages input from citizens, boards and commissions, town departments and the Town Council. The budget process focuses on identifying funding levels necessary to continue basic municipal services, Council priorities and community goals.

## **Council Priorities**

At the beginning of the budget process, the Council adopts a set of priorities that focuses on the use of current resources in specific areas that have been identified as the most critical. These priorities are used by the departments in formulating goals, objectives, and strategies used to gauge the allocation of resources for the accomplishment of long-term goals. These priorities are also used by departments in formulating budget requests for the following fiscal year. The priorities are outlined in the Town Manager's Budget Message.

## **Capital Improvements Plan**

In accordance with the Town of Windsor Charter, the Town Manager shall present to the Town Council a six-year capital improvements program and shall recommend to the Council those projects to be undertaken during the first year of the program and the method of financing such projects. The six-year Capital Improvements Program may be found in Appendix A and the one-year Capital Projects Budget is located in Section P – General Services.

## **Council Retreat and Public Hearings**

At the beginning of the budget process, the Town Council conducts a retreat to focus on the Town Manager's goals and direction for the ensuing year. After the Council retreat, public hearings are held to solicit input from the community as to its priorities for the upcoming fiscal year and to hear public opinion regarding the proposed budget once it has been submitted to the Council by the Town Manager and Board of Education.

## **Town Manager's Proposed Budget**

The Town Manager is required by the Windsor Town Charter to present to the Council a Proposed Operating Budget and a Capital Improvements Plan at least thirty days before the date of the annual budget meeting of the town. The proposed budget contains a detailed allocation of projected revenues and expenditures for all of the town's various funds and a summary of the town's debt position. The Manager also includes a budget message that outlines the essential elements of Town Council and other long-term strategies and goals.

# FINANCIAL ORGANIZATION OF ACCOUNTS

The financial operations of the town are organized into funds and account groups, each of which is a separate fiscal and accounting entity. Each type of revenue received or expenditure made by the town is accounted for through one of the funds or account groups described below.

## GOVERNMENTAL FUNDS

Most town functions are financed through what are called governmental funds. There are four types of governmental funds: the General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund.

General Fund - The General Fund is the major operating fund of the town government and it covers the vast majority of town operations. The General Fund accounts for property taxes, other forms of locally raised revenue and grants not elsewhere classified, and the operating expenditures of the town and the Board of Education.

Special Revenue Funds - Special Revenue Funds are used to account for those types of revenues that are legally restricted to being spent for a specific purpose (except for expendable trusts or major capital projects). These revenues must be accounted for separately from the General Fund for a variety of reasons and do not necessarily follow the same fiscal year as the General Fund. The town's Special Revenue Funds are:

**Educational Grant Programs** - Accounts for all specially financed education programs under grants received from the Federal or State government.

**Cafeteria** - Accounts for revenue and expenditures of the food service operations in the Windsor Public Schools.

**Town Aid** - Accounts for funds received from the State of Connecticut used for improvement of town roads.

**Community Rehabilitation Program** - Accounts for block grants received from the United States Department of Housing and Urban Development and the State of Connecticut Department of Housing.

**Other Special Revenue Funds** - Accounts for intergovernmental and private grants for various special projects administered by the town.

**Child and Youth Services** - Accounts for grants received from the State of Connecticut used to enhance the town's day care services.

**Board of Education Facilities** - Accounts for revenues and expenditures in conjunction with community use of Board of Education facilities.

**Social Services Block Grant** - Accounts for grants received from the State of Connecticut used to enhance the town's welfare services.

Capital Projects Fund - The Capital Projects Fund is used to account for the monies used for the acquisition or construction of major capital facilities (buildings, roads, etc.)

Debt Service - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

## PROPRIETARY AND INTERNAL SERVICE FUNDS

Proprietary funds are used to account for the town's activities that are similar to those found in the private sector. These activities are not financed by taxes, but by fees charged to the users of the service. The accounting principles used for proprietary funds are very similar to those applicable to similar businesses in the private sector. The town has three proprietary funds, which are called Enterprise Funds, and one Internal Service Fund.

Landfill Enterprise Fund - Accounts for the operations of the Windsor-Bloomfield Sanitary Landfill.

Child Development Enterprise Fund - Accounts for the operations of the Milo Peck Development Center that provides day care services to town residents and to employees of businesses located in Windsor.

Adult Day Care Enterprise Fund - Accounts for the operations of the Caring Connection Adult Day Care Center that provides day care services to frail, elderly, and handicapped residents of Windsor.

Internal Service Fund - Internal Service Funds are used to account for all general, auto and fire insurance, health and workers' compensation activity including premiums and claims.

## FIDUCIARY FUNDS

Fiduciary funds are used to account for assets held by the town in a trustee capacity or as an agent for individuals, private organizations, or others. Generally, these are donations made to the town for a specific purpose. Expendable trust funds (principal and income may be expended in the course of their designated operations) are accounted for in essentially the same manner as governmental funds. The town has no non-expendable trust funds, but has two types of Fiduciary Funds.

### Trust Funds

**J. Bartash Trust** - Accounts for a bequest made to the town by a former resident of Windsor.

**Pension Trust** - Accounts for the accumulation of resources to be used for future retirement benefits.

### Agency Funds

**Student Activity** - Accounts for the cash receipts and cash disbursements of various student activities and clubs.

**Adult Education** - Accounts for the cash receipts and cash disbursements of educational programs that serve adults of the town.

**Deferred Compensation Plan** - Accounts for the accumulation of town employees' compensation that has been deferred.

## BASIS OF ACCOUNTING

The modified accrual basis of accounting is used by all governmental fund types, expendable trust funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e. when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The town considers property taxes as available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred.

The town's accounting records for the Child Development, Landfill and Adult Day Care Enterprise Funds are maintained on a full accrual basis. Revenues are recognized when earned and expenses are recognized when incurred.

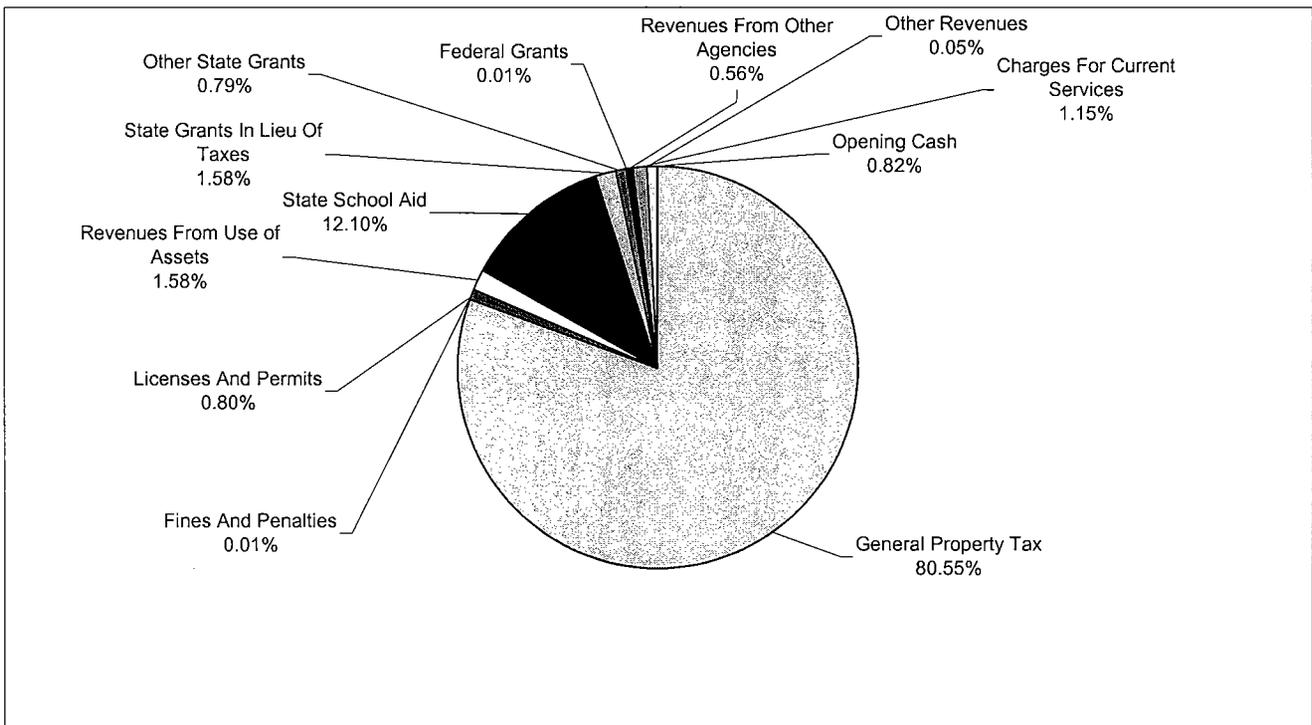

The differences between the budgetary and GAAP basis of accounting are:

- Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order is issued and, accordingly, encumbrances outstanding at year-end are reflected in budgetary reports as expenditures in the current year whereas they are shown as a reservation of fund balance on a GAAP basis of accounting.
- The current portion of vested compensated absences is reported as a fund liability for GAAP purposes. For budgetary purposes, compensated absences are recognized when used.
- State of Connecticut payments on-behalf of the town for the teacher retirement system are reported for GAAP purposes only.

		<b>62,484,348</b>	<b>65,195,949</b>	<b>65,235,949</b>	<b>67,117,547</b>		

This section contains revenues received from property taxes paid by citizens and from taxes received on automobiles purchased after the tax list preparation date. Interest and lien fees are payments received on delinquent accounts.

The Town of Windsor's General Fund expenditure program for FY06 totals \$83,327,847. Of this amount, \$65,780,295 will come from the current property tax levy, and \$16,862,552 from other revenues. The estimated Net Taxable Grand List for FY06 is \$2,288,392,580. The last revaluation occurred last year. The proposed collection rate is 98.75%. Accordingly, the required tax levy will be 29.13 mills; or \$29.13 for each \$1,000 of assessed value. The mill rate is calculated as follows:

	<b>Proposed</b>
Total Expenditure	83,327,847
Less: Other Revenues	(16,862,552)
Less: Opening Cash	(685,000)
Current Property Tax Collection	65,780,295
Divided by Estimated Rate of Collection	98.75%
Adjusted Tax Levy	66,612,957
Less: Pro Rata Assessor's Additions	(75,000)
Plus: Exemptions for Volunteer Firefighters	113,000
Gross Tax Levy	66,650,957
Divided by Estimated Taxable Grand List	2,288,392,580
Mill Rate	29.13

For FY05, general property tax revenues are projected to be \$40,000 over budget, primarily due to higher collection of prior year levies.

**915 LICENSES AND PERMITS**

*This category accounts for approximately 0.80% of the town's General Fund revenues in FY 2006.*

		FY 2004	FY 2005		FY 2006	
		Actual	Budget	Estimated	Proposed	Adopted
51206	Building Permits	824,537	615,000	650,000	615,000	-
	All Others	61,941	44,890	45,595	51,050	-
		886,478	659,890	695,595	666,050	-

Building and related permits are expected to finish FY 2005 approximately \$35,700 over budget due to more than expected construction. Building permit revenue for FY 2006 is budgeted the same as FY 2005.

The majority of other revenue sources (e.g. marriage licenses, food permits, and hunting licenses) are fairly stable. Current rates for various licenses and permits are listed in Appendix F.

**920 FINES AND PENALTIES**

*This category accounts for approximately 0.01% of the Town's General Fund revenues in FY 2006.*

		FY 2004	FY 2005		FY 2006	
		Actual	Budget	Estimated	Proposed	Adopted
51401	Court Fines	60	150	150	150	-
51402	Parking Fines	13,090	10,000	10,000	10,000	-
		13,150	10,150	10,150	10,150	-

Court fines are those amounts received by courts and distributed by the State to the town. The town does not have the authority to levy Court fines. Over the past several years, this revenue item has ranged from a high of \$1,775 to a low of \$0. Parking fines have remained relatively constant over the past several years.

**925 REVENUES FROM USE OF ASSETS**

*This category accounts for approximately 1.58% of the Town's General Fund revenues in FY 2006.*

		FY 2004	FY 2005		FY 2006	
		Actual	Budget	Estimated	Proposed	Adopted
51501	Interest: Unrestricted	417,408	520,000	650,000	800,000	-
51504	Cell Tower Leases	149,857	124,275	124,000	130,490	-
51505	Rental of Town Property	482,540	486,430	486,430	387,430	-
		1,049,805	1,130,705	1,260,430	1,317,920	-

Unrestricted interest is the revenue resulting from the investment of cash receipts not immediately used to meet expenditures. For FY 2005, it is projected that the final figure will come in at \$130,000 above budget due to short term interest rates increasing in the year. Interest rates are anticipated to increase next year.

\$130,490 in revenues is projected for FY 2006 for four cell tower ground leases and percent of co-location leases.

The components of rental income are as follows:

	FY 2005		FY 2006	
	Budget	Estimated	Proposed	Adopted
Milo Peck Child Development Center	110,330	110,330	110,330	
Landfill	345,800	345,800	246,800	
Omnipoint Communications - Tower	30,300	30,300	30,300	
	486,430	486,430	387,430	-

For FY 2006, the budget includes rental income from the Milo Peck Enterprise Fund and rentals from the Omnipoint Communications Tower. Landfill transfer is decreased in preparation for closing Landfill in FY 2008.

**930 STATE SCHOOL AID**

This section carries state grants received by the town for school operations as a result of formulas established by the state.

The FY 2005 estimates for this group of accounts are anticipated to come in at approximately \$635,000 over budget. The changes among the line items are per updated information provided by the State Board of Education, and increased appropriations by the State after the town adopted the budget. This section accounts for approximately 12.10% of all revenues.

For FY 2006 Special Education - Excess Costs grant proposed amount of \$622,430 is the estimate of reimbursable costs as per the Board of Education. The remaining state school grants are obtained from the Governor's proposed budget. The FY 2006 budget for State School Aid is projected in total to result in a \$756,790 increase over the previous fiscal year budget.

This section contains State grants received by the town, most of which are paid to replace taxes once received. The Town has been partially reimbursed by the State for tax exemptions given for eligible machinery and equipment exempt from personal property tax, and for exemptions given to the elderly. The difference between the budgeted and estimated FY 2005 figures for the exemption programs is solely a function of the number of people who apply for the various exemptions each year as well as state aid reductions during the fiscal year. The manufacturer's equipment is expected to be reimbursed at 80%; however, there is an overall dollar cap statewide on this category which may result in a pro-rata reduction below the 80%. This is what happened in FY 2005.

**940 OTHER STATE GRANTS**

The Bond Interest Subsidy is a grant received from the State to reduce the cost of borrowing for school construction projects, for projects financed prior to FY 1996. This revenue decreases in proportion to the decrease in interest payments on school project bonds.

This category includes a library grant and the state reimbursement of a portion of the town support for health services in private schools. The level is consistent with prior year collections.

**945 FEDERAL GRANTS**

*This category accounts for approximately 0.01% of the Town's General Fund revenues in FY 2006.*

In-Lieu of Tax Payment revenue in FY 2006 includes a \$130,000 payment made by the Landfill Enterprise Fund to the Town for buildings and equipment owned and operated by the Fund. In addition, In-Lieu of Taxes also includes \$38,450 to be paid by the City of Hartford under the Keney Park Golf Course settlement agreement. Also \$7,100 from the Special Revenue account for rental properties is in In-Lieu of Tax Payments.

The Telecommunications Property Tax Grant is projected to come in under budget by approximately \$27,000 for FY 2005. The grant is based on the telephone company's assessed personal property value located in each municipality, and is assessed by the state.

**955 CHARGES FOR CURRENT SERVICES**

This category accounts for approximately 1.15% of the town's General Fund revenues in FY 2006.

<b>Operating</b>	48,657,043	50,839,400	51,024,400	52,356,447	

\*Board of Education FY05 estimated expenditures reflect \$370,000 in excess special education costs due to State mandated services. This estimate is forecasted to be offset by savings in other areas of the school's budget due to cost containment efforts by the school administration of \$185,000. The Town Council will be required to make a supplemental appropriation prior to the end of the fiscal year to meet the mandated costs.

# **TOWN SUPPORT FOR EDUCATION**

## TOWN SUPPORT FOR EDUCATION

This account provides funds to meet the cost of town services for the schools. These services include mandated assistance to private schools, property maintenance, insurance, debt service and administrative services. Funding for school capital projects is also budgeted in this section. Many of these costs are included in the town's expenditures for education per the State of Connecticut.

### Funding Sources

Town Support for Education expenditures are funded solely by the General Fund.

The following products and services to education are budgeted for FY 2006:

- Aid to private schools for health and welfare services
- Pay interest and principal on bonded school construction projects
- Provide for an independent audit, Town Attorney and Town Treasurer services
- Provide property, liability and workers' compensation insurance; retirement services for non-certified School employees
- Ensure a safe learning environment in Windsor schools and minimize violence through Police activities, counseling and other services
- Provide grounds maintenance and snow removal to the six schools.

# POLICE DEPARTMENT

## Budget Commentary

The FY05 estimated budget will be over due to overtime resulting from increased criminal investigations and vacancies, higher maintenance on cars and computers, and escalating energy costs. State Grant funding was available to add to "non-General" Funding Sources so that the amount of General Fund and Town Support for Education tax dollars needed will remain as budgeted.

The proposed FY06 total budget reflects a 4.9% increase over the FY 05 total budget. In Personal Services, increases in contractual wages, medical insurance, and pension costs were offset by eliminating funding for 2 1/2 police officer positions, one mechanic's helper, converting a police officer position to a dispatcher position, decreasing police uniform replacement, and reducing overtime funds for criminal investigations, patrol staffing, and police officer training. Services include the ongoing lease of 5 police cars, but does not include the purchase of new cars. Maintenance and Repair is up due to the inclusion of a new \$33,000 maintenance contract for the radio system; while the cruiser repair budget has been reduced. Energy and Utility is up due to rising costs of utilities.

The implications of the reductions in the proposed budget may include minor delays for citizens seeking non-emergency service. Refocus Partnership program to Sage Park and Windsor High School from elementary level. Training officer and technology positions are vacant. These duties will be reassigned to command staff and Information Technology Department.

## POLICE - ADMINISTRATION AND RECORDS

Provide leadership and guidance for the Police Department, store and retrieve data, ensure availability of resources and provide reports, permits and licenses to the public and work with the community to provide information as required for problem identification and resolution.

### Budget Commentary

In FY05 Maintenance and Repair is up due to HVAC repairs to the Communications Center necessitated by installation of new radio system control console equipment. Escalating costs for electricity and heating oil have driven the increase in Energy and Utility as well as the delay in projected savings in telephone costs from the town's switch to a new provider. For FY06 Personal Services is up due to insurance, pension, and wage increases. Maintenance and Repair is up due to an increase in the Computer System Maintenance Contract. Utility costs are expected to increase as well.

### Budget Commentary

For FY05 the Personal Services line is projected to come in under budget due to shifting of personnel to Uniformed Patrol where vacancies necessitated changes in scheduling and increased overtime costs. Capital Outlay reflects the purchase of a digital camera for crime scene processing. This camera will improve quality of evidence, will enhance flexibility in developing useable photos of difficult subjects such as "smudged" fingerprints.

In FY06 Personal Services has been reduced by removing one position. Town Support for Education is reduced due to the removal of 1 officer from the Partnership program, leaving one officer at the High School, and another officer at the Middle School. We are reorganizing assignments and scheduled hours at Sage Park to better match the service demands and to provide greater focus for late afternoon and evening hours.

### Budget Commentary

FY05 Personal Services is up due to increased overtime for training, vacancies, criminal investigations, and traffic enforcement. A State Grant of \$24,000 funded the traffic enforcement activities, while \$80,978 of Drug Enforcement Grant funds replaced other overtime expenditures. The Council's direction to provide training for working with the mentally ill has been accomplished. Maintenance and Repair is expected to go over budget due to increased police car repairs. Capital Outlay is up due to a State Traffic Enforcement Grant for \$36,793 that provided the Department with an enforcement vehicle and equipment. Energy and Utility is up due to increased gasoline costs.

In FY06 Personal Services is up due to pension, medical insurance, and salaries. These increases were mitigated by converting a police officer position to a dispatcher, removing funding for two patrol officer positions, and reductions in overtime, including SWAT. The Training Officer was also eliminated, which will reduce training for officers, cut back on neighborhood watch support, and eliminate the child car seat safety program. One part-time mechanic's helper was eliminated. Other reductions in this line are reduced training overtime and funding for replacing police uniforms. Maintenance and Repair is increasing due to the addition of \$33,000 for a new maintenance contract on the Radio System infrastructure. Cutting back on cruiser repairs has mitigated this increase. There are no new cruisers proposed in this budget.

# UNIFORMED PATROL

## Budget Commentary

The overall Fire Department estimated FY05 budget is projected to come in under budget. During this past fiscal year the reduction in the operating budget prevented the enhancement of programs but did allow for the fire department operations to occur within acceptable parameters. The FY06 operating budget is a maintenance budget and does not provide or include funds for program enhancements.

### Budget Commentary

During the FY05 budget, the Recreation Division was fortunate to receive a grant from the United State's Tennis Association. This was used to provide tennis lessons to participants in the Summer Playground Program. It is unclear if the grant will be received again. FY06 General Fund reflects the reduction of evening and weekend pool operating hours at Veterans Pool, the elimination of summer playground transportation (\$6,000) and the removal of port-a-let rentals (\$5,000)--both funded by the General Fund. \$25,000 was added for the implementation of an after-school juvenile diversion program.

## RECREATION AND LEISURE SERVICES

### FY 2005 Highlights

The Recreation Services Division offered an array of activities for families and individuals of all ages. Program offerings included arts and crafts, pottery and ceramics, creative movement and dance, fitness and exercise, aquatics, and cultural enrichment. The Summer Fun Playground Program, hosted at Windsor High School continues to grow and be successful, averaging 150 children per day. The Summer Fun Playground program included an inclusive program for children with special needs, the CIT program as well as a half-day program for Windsor Public Schools' summer school participants. The Romp and Learn afterschool activity program continued to be successful averaging 25 participants per day.

Recreation Services also presented a number of community special events. These included the celebration of July is Parks and Recreation Month, the Windsor's Blooming Contest, Flashlight Easter Egg Hunt and Dinner with Santa. Other events were the crowning of Little Miss and Little Mr. Windsor Contest, Town-Wide Sneaker Day, Aerobics on the Town Green, the Annual Yankee Doodle 4<sup>th</sup> of July Celebration (which event will be cut for FY2006), and Bring a Friend to Class Month. Recreation services also presented the Annual Concerts on the Town Green and the Annual Holiday Carol Sing, all of which drew over 5,000 people to the Town Green.

Recreation Services increased the number of family trips offered. The trips included the Yankees and Red Sox baseball games, a day in Boston, Race Day in Saratoga, Radio City Music Hall for the Christmas Spectacular, and UConn basketball.

Windsor Playland opened at the 330 Windsor Avenue Community Center. Windsor Playland includes an indoor playscape and a rock climbing wall. Residents may also schedule birthday parties at the facility.

The Police Athletic League's Drop-in Center at 330 Windsor Avenue is well attended. There are approximately 400 PAL members. Recreation staff coordinated eight new programs including a Campus Caravan program and a day in New York City.

A new Northwest Park Manager, Ford Parker was hired. Ford oversees the day-to-day operations of the Park.

Northwest Park was selected as an important bird area by the Connecticut Audubon. This distinction identifies areas that are the most important for maintaining bird populations, and focused conservation efforts at protecting these sites. Northwest Park is Connecticut's only known protected and managed nesting location for the Grasshopper Sparrow, an endangered species.

A Livestock 4-H Club has been formed at Northwest Park this past year. 4-H is a non-profit educational program for children from 7-19 years old and is run by volunteers under the direction of the Cooperative Extension Service at the University of Connecticut.

### FY 2006 Goals

1. Increase recreational opportunities at 330 Windsor Avenue by developing five new programs
2. Incorporate 50% of the accreditation guidelines set forth by the National Recreation and Parks Association (NRPA) for municipal Parks and Recreation Departments
3. Institute an after-school juvenile diversion program for 10-15 Windsor youth
4. Develop and implement a 3-year strategic plan for Northwest Park
5. Complete overall trail maintenance at Northwest Park with the aide of 12 Youth Conservation Corps members.

# **HUMAN SERVICES**

# HUMAN SERVICES

## Budget Commentary

The estimate in expenditures for FY 2005 is reduced primarily due to personnel vacancies. There is also a significant reduction in Services, which is a direct result of the reduction of the Parent Center grant amount. The proposed budget for FY 2006 reflects significant decreases in supplies and services, primarily due to the elimination of the Parent Center grant. The following vacant part-time positions are not budgeted for FY 2006: a clerical staff position and a parent educator.

## SENIOR SERVICES

Senior Services strives to help older adults enhance their capabilities and develop their potential as individuals within the context of the entire community by providing programs that address the physical, mental, educational and emotional needs of individuals, as well as fulfilling the social aspects of life in a safe and comfortable environment.

- Offer a broad range of day and overnight trips
- Continue to work closely with the caseworkers to provide comprehensive services.

### *Transportation Services* \$136,630

*Dial-A-Ride hours in service, driver's hours and the number of vehicles in service have been increased*

- Provide transportation to Windsor's elderly and adults with disabilities to in-town locations Monday through Friday
- Provide transportation for approximately 200 out-of-town medical appointments twice each week
- Provide some evening and weekend transportation for specific programs
- Provide shopping trips to approximately 1,500 seniors.

### *Volunteer Programs* \$41,460

*Over 100 Windsor residents volunteer their efforts within several programs:*

- Deliver 11,500 meals to homebound seniors and disabled adults unable to prepare their meals
- Transport seniors and disabled persons to more than 500 out-of-town medical appointments
- Assist and support staff at the senior center
- Assist seniors and disabled adults in finding employment through the Job Bank.

## YOUTH SERVICES BUREAU

The Youth Services Bureau encourages youth to strive for excellence, integrity, and community spirit by providing programs that focus on enrichment activities, social skills, problem-solving capabilities, community involvement, and leadership opportunities. The YSB also provides support services to youth and their families.

### Budget Commentary

For FY05, the estimate in expenditures in the General Fund under Personal Services is less than budgeted due to not filling a .3 FTE clerical staff position. This position is not being funded in the FY06 budget. For FY06, the Youth Services Coordinator position has increased from 25% to 50% expenditure to the General Fund because of the elimination of the Parent Center grant, which was partially used to offset that salary. User fee revenues are increasing over FY05.

## Budget Commentary

FY05 expenditures will come in under budget. For FY05, the estimate in personal services is lower because the half year part-time home visitor position was not filled (\$9,580), and it is not funded in the FY06 budget. In FY05, the Parent Center grant funding was reduced to \$23,940, and there will be no funding available in FY06. FY06 reflects the Administrator of the Parent Center grant's salary reduced from 50% to 25% in the General Fund, and that difference has been budgeted in the Discovery Center Enterprise Fund.

# HEALTHY PEOPLE PROGRAM

## Products & Services

### Budget Commentary

In FY05 .3 clerical staff position was not filled, and is not funded for FY06. For FY06, there is a slight reduction in grant funding under the Social Service Block Grant. In FY06 the Health Department will begin absorbing the \$7,000 allocated for VNA services which was previously budgeted in Human Services.

- Recruit, train and supervise 35 Food Bank volunteers.

## HUMAN SERVICES

### FY 2005 Highlights

Start Smart received funding from the State of Connecticut Public Health Department to provide programming and home safety assessments to reduce the number of household injuries in young children. Start Smart was awarded \$3,000 from the Connecticut Education Association for the purchase of books to encourage literacy. Start Smart provided bi-monthly newsletters for all families, which offered parent support, guidance and ideas. There was increased collaboration with the Board of Education around special projects.

The Windsor Parent Center located at the Milo Peck Child Development Center continued to offer free and low cost parent and child activities through a grant from the Department of Children and Families, for approximately 200 families. Nine parent and child activities met weekly, two Saturday and three evening programs met monthly. Fifty teenagers attended two Babysitting classes. The Parent Discussion groups were well attended.

The Youth Service Bureau's Summer Youth Adventures program expanded to accept 45 youth each week, and the program model expanded to include Specialty Enrichment Sessions in Art, Computers, Dance, and Active Games.

Ms. Katy Nowiszewski, a youth leader in the Youth Services Bureau, received the Youth Role Model award from the Capital Area Substance Abuse Council.

The Youth Services Bureau and the Senior Center collaborated in creating inter-generational programs with particular success in the "Computer Tutor" program, in which youth and senior citizens work in the computer lab. The Community Leadership Club provided two outstanding annual events, "Night of 1001 Pumpkins," and "A Winter Festival." Youth Services collaborated with Windsor High School in developing a 'Sister Schools' program with a grant from CREC. Youth created their first annual spring music fest for teens on the Town Green, which they called "Soundwave."

Windsor CARES (Citizens Assisting Residents Everywhere by Sharing) is a group of adults who are committed to volunteerism. This group of 15 active volunteers knitted over 575 hats, mittens, and scarves for the Holiday Toy Program; prepared meals for the homeless; baked cookies for the troops in Iraq, and these are just a few of their community service projects.

There were a total of 31 volunteers who assisted the Social Services division with the distribution of food from the Windsor Food Bank. In the first 6 months that volunteers worked in the Food Bank they served 826 households, which was comprised of 899 children, 170 seniors, and 349 disabled residents.

Seniors celebrated the Grand Opening of the Senior Fitness Center, which has treadmills, stationary bicycles, a cross trainer machine, and free weights. This equipment was purchased through a grant received from the Hartford Foundation for Public Giving. Memberships to the Fitness Center continued to increase throughout the year.

The Dial-a-Ride program provided 13,720 rides for 7,275 elderly and disabled Windsor residents. Twenty-three volunteers provided 797 out-of-town medical rides. Eighty Meals on Wheels volunteers delivered 2,640 meals monthly to homebound seniors and the disabled. Volunteers also assisted in many of the Senior Center's day to day administrative operations.

### FY 2006 Goals

1. Conduct quarterly meetings with other members of the senior assessment team to review user priorities, availability of senior programs/services and transportation needs
2. Increase Dial-a-Ride services by 5% with the implementation of a minimum of 5 evening and weekend programs per month
3. Assist twenty youth leaders in conducting 200 surveys regarding town sponsored activities to provide specific information for the development of activities for middle and high school youth
4. Host a Regional Youth Summit to promote Diversity Awareness that will result in ten high school youth trained to present four subsequent workshops on diversity
5. In partnership with the Youth Commission, develop a comprehensive program to combat underage driving
6. Support the Early Childhood Council in programs and goals, which includes offering an informational program to the community on early childhood and family issues
7. Complete the 2-year action plan developed by Health People Strategy Team in the areas of youth and senior assessments
8. Continue 1<sup>st</sup> Responder Training for police officers and emergency medical service personnel.

## Budget Commentary

The FY05 budget will come in under budget due to keeping a Clerk position vacant. A State Health Grant came in higher than budgeted as did a grant for Bioterrorism planning. For FY06, the budget reflects a 4.5% reduction in General Fund expenditures. The BT Grant will be used to partially fund a part-time Clerk and a Temporary Intern (200 hours). State Health Grant is anticipated to come in at FY05 funding levels and will be used to partially comply with the 8 Core Functions required of local health departments. Specifically, it will be used to partially fund a Nurse and one Sanitarian position, partially fund the VNA's clinic activities, and partially fund Healthy People's Mental Health and Start Smart supplies.

# INSPECTION AND REGULATION

Protect the public's health by using scientific investigative techniques to identify and abate environmental causes of disease and by working with residents and businesses to find environmentally acceptable alternatives to development and community issues.

## Budget Commentary

The FY05 budget will come in under budget. The FY06 budget shows a decrease in General Fund expenditures due to not filling a full-time Clerk position. Regular Part-Time is for a portion of time spent in this program area by a part-time Clerk, 70% of whose time is funded by the BT grant. The State Health Grant will fund a portion of the Nurse and one Sanitarian.

## Budget Commentary

FY05 expenditures will come in under budget. For FY06, the budget reflects \$7,000 in funding for VNA Nursing Services (64% funded by the State Health Grant and 36% funded by the General Fund). This service was previously funded in Human Services. State Health Grant funds will also partially fund the Nurse and one Sanitarian.

### Budget Commentary

Emergency Management (Emergency Response and Local Homeland Security) continues to be the lead program for local Bioterrorism (BT) and Emergency Planning. In FY05, the town received a Grant of \$91,730 to lead BT planning for Windsor and South Windsor. Since grant dates overlap the FY05 and FY06 budget years, it is estimated that \$76,440 of the total grant will be spent this fiscal year. For FY06, the town will receive another BT grant, amounts of which and grant deliverables are not yet determined. However, \$82,000 has been budgeted for this grant.

# EMERGENCY MANAGEMENT

## Products & Services

### *Emergency Response* \$2,440

- Annually review and revise, as necessary, the town's Emergency Operations Plan (All Hazards Plan) and review this plan with all town departments
- Operate and staff the Emergency Operations Center
- Open and staff emergency shelters used to house residents displaced by emergency events
- Assist police, fire and other emergency responders with communications, on-scene control, transportation, and other activities as needed
- Coordinate damage assessment and file state and federal records related to reimbursement for declared emergencies
- Develop a list of facilities and resources that can be used during emergency response activities.
- Recruit and train volunteers to staff shelters, run the Emergency Operations Center, and perform other emergency response activities

### *Local Homeland Security* \$82,000

- Coordinate local activities to meet federal and state bioterrorism planning requirements
- Participate in developing a regional bioterrorism response plan
- Provide information and sponsor training related to Weapons of Mass Destruction and Bio-Terrorism
- Act as the recipient for local bioterrorism funding made available by the federal and state governments.

## HEALTH SERVICES

### FY 2005 Highlights

In FY 2005, the Health Department tackled a variety of public health issues. On October 5, 2004, the Centers for Disease Control (CDC) announced that the amount of flu vaccine available for this year's flu immunization programs nationwide would be reduced in half due to problems encountered by one manufacturer. As a result, six months of planning by the Health Department, Human Services, and Police Departments for our local flu clinic and health fair had to be scrapped and alternative plans developed. Following CDC recommended guidelines, 900 doses of vaccine received by the Health Department from a state allocation were distributed to local nursing homes and local physicians so that the most vulnerable populations could be inoculated. The Department made arrangements with one physician to provide flu shots to those Windsor residents whose physician was out of town and did not have vaccine. In late November, the VNA contacted the Health Department and offered to conduct a flu clinic for those residents who had not yet received their vaccinations. Following CDC guidelines, a flu clinic was conducted on December 9 with approximately 275 doses of vaccine being administered. In preparation for this clinic and following VNA procedures, the Health Department was required to take appointments and schedule times for residents to come in and receive their shots. To accomplish this requirement, the Department used the town's Emergency Operations Center, set up a bank of phones, and with the assistance of volunteers, scheduled appointments over the phone. This procedure not only received positive feedback from residents, staff, and the VNA, but also allowed the Department to test a portion of the mass vaccination plan that had been developed as part of the Bioterrorism (BT) grant. Throughout this flu vaccine supply crisis, the Department has monitored the State Health Department's Flu Hotline to make sure that Windsor residents looking for flu shots have been linked to those conducting clinics.

BT planning has continued throughout 2004 and 2005 with the continued receipt of grant funding. During the year, the Smallpox Mass Vaccination Plan developed for Windsor and South Windsor (Smallpox Planning Region #31) was revised following comments from the state. The Department participated in two regional drills and exercises that tested communications and the setting up of a clinic site. The Department, as part of Smallpox Planning Region #31 conducted a tabletop that tested a portion of our mass vaccination plan. Clinic supplies were purchased to cover the first 48 hours of a mass vaccination clinic, as required by the grant deliverables. Work began and will continue on developing a local Health Alert Network (HAN) that will be used to communicate with local health care providers during an emergency situation. Work also continued on recruiting medical and non-medical volunteers to staff clinics. In addition, a newsletter was started as a way to continue communicating with clinic volunteers. In the latter part of FY 2005, volunteer training began and will be on-going over the coming years.

In conjunction with Windsor Safety Services, the annual Holiday Toy Drive and Toy Distribution was conducted on December 18, culminating many weeks of planning and preparation. On that date, 280 children and their families came to the Town Hall, met Santa and Mrs. Clause and received gifts of toys, clothing, and various goodies. The program not only added to the joy of those who received gifts, but was also a rewarding experience for all town staff who participated.

The Department along with Risk Management continued to promote the placement of Automated External Defibrillators (AEDs) in various public buildings – LP Wilson, Windsor High School, and Sage Park Middle School. Health also worked with Trinity United Methodist Church and School to place an AED in their facility. Advo has a very active program with 5 AEDs in their many Windsor facilities. The Department will continue to promote this program in the years ahead.

In addition to the activities addressed above, the Department focused on the eight core public health areas as outlined and required by the State Health Department. These areas are health statistics, maternal and child health, community nursing services, health education, nutrition services, environmental health, communicable/chronic disease control, and emergency medical services/emergency preparedness. Specifically, Department personnel responded 24 hours a day to fires, smoke, power outages, and water breaks in various food service establishments; sponsored, along with Bloomfield, the annual Rabies Clinic for dogs and cats; co-sponsored the annual Kid's Safety Fair; investigated reports of food poisoning, rabies, childhood lead poisoning, and tuberculosis; followed up on disease outbreaks at various long-term care facilities; continued to monitor the cleanup of Bradley International Airport, Combustion Engineering, Hamilton Sundstrand, and Knolls; spoke on health issues to various community groups; participated on state committees and professional organizations and sponsored a very active training program on health and BT using the town's satellite facilities.

## HEALTH SERVICES

### FY 2006 Goals

1. Increase the inspection frequency for all food service establishments to 90% of State Health Department requirements
2. As a member of the town's Bio-terror Assessment Response Team, continue planning for and training department staff in the investigation of and local response to Weapons of Mass Destruction and Bio-terrorism incidents
3. Complete the development of a Local Health Alert Network (LHAN) designed to provide rapid emergency communication to local health care providers and facilities during natural and man-made emergency events
4. Plan for potential acts of bioterrorism by developing a Public Health Emergency Response Plan, fulfilling the Bioterrorism/Emergency Preparedness contract requirements, and revising the regional Smallpox Mass Vaccination Clinic plan
5. Participate in 3 local and regional exercises and drills designed to test various emergency plans.
6. Participate in exercising the Public Health Preparedness Emergency Response Plan and Region #31s (Windsor and South Windsor) Mass Vaccination Plan.

## Budget Commentary

For FY05, the library will come in under budget. This is due to full time vacancies and unused funds in building maintenance and utilities due to the library renovation. For FY06, a vacant Librarian I position is unfunded. Main Library utilities and building maintenance are also reduced while the Main Library is located in its temporary space. To further decrease the budget, no raises are budgeted for part time staff and adult book discussions and information programs are eliminated at the Main Library. If library construction continues on schedule, the expanded Main Library will open in May of 2006.

## ADULT AND TEEN SERVICES

Provide current popular items, timely research services and easy access to regional resources that enhance the town's collection of library materials.

### Budget Commentary

This division will come in under budget in FY05 due to a full time Librarian I position which was budgeted for half of the year but not filled and a part year vacancy in another position. All Capital Outlay in FY05 and FY06 reflects private funding for computers. Supplies and Services also include some private funding in both FY05 and FY06. The vacant Librarian I position will remain unfilled in FY06. Part time staff will be reduced by eliminating adult book discussions and events.

## Budget Commentary

In FY05 General Fund expenditures will come in slightly over budget. Capital Outlay and the bulk of funding in Services for FY05 and FY06 reflects private funding. Funds in Capital Outlay are used for computers; funds in Services are used for children's programs. For FY06, increases in personal services are for raises and increase in fringe benefit costs. Other line items are level funded.

Donations include fundraising and gifts given by various independent organizations. The amount of funding and how it is spent may vary based on the organization's decision-making process. Donations will be used for special events, computers and building repair. "User Fees" include revenue from snack and book sales, select library fees and reimbursement for lost books. Funds will be spent on replacing lost books, purchasing videos, audio and cds, replenishing snack inventory and paper/cartidges for public computer printers.

## Budget Commentary

For FY05 General Fund expenditures at the Branch will come in just over budget due to increases in utility costs. This overage is absorbed by underspending at the Main Library. In FY05, all Capital Outlay, some Supplies and some Services are funded by private donations. The same is true in FY06. For FY06, increases in personal services are for raises and increase in fringe benefit costs. Most line items are level-funded from FY05.

# WILSON SERVICES

## Products & Services

### *Books and More* \$73,180

- Lend and ensure prompt return and reshelving of 40,000 library materials. Offer renewal of borrowed materials by e-mail, in person and by phone. Assist customers in reserving needed materials using their home or library computers
- Acquire and catalog approximately 2,000 bestsellers, paperbacks, high-interest factual titles and audio-visual materials.

### *Information, Research and Referral* \$34,550

- Assist 13,000 library patrons by providing information and community referrals
- Provide and maintain six public computers for 8,000 people to access resources such as the Internet, word processing and Public Access Catalog.

### *Cultural and Recreational Events/Programs* \$32,870

- Provide cultural enrichment programs for adults and children
- Operate a tutoring program to reach 40 children three afternoons each week during the school year
- Coordinate and select library materials for a volunteer shut-in service that provides visits and deliveries to Windsor homebound citizens.

### *Building Security and Maintenance* \$35,260

- Provide lighting, heat, air conditioning, telephone and water for the Wilson Branch Library
- Clean branch facility and grounds daily
- Provide a safe, welcoming environment for patrons.

## LIBRARY SERVICES

### FY 2005 Highlights

The town will pay no storage costs for books during the upcoming renovation and expansion of the main library. Loomis Chaffee School library is storing over 25,000 volumes, and 23,000 books are being stored by citizens (see "Shelter a Shelf" program below). Other organizations storing materials include Spacefitters, the public schools, Discovery Center and Caring Connection.

"Shelter a Shelf" was fun for citizens and staff alike. Over 220 citizens volunteered to store books. Once the library staff selected items needed for the temporary quarters, participants could select anything they wanted. Volunteers helped check out materials and load them into boxes. Iron Mountain Records Management provided the boxes at cost. The project was featured in a news story on WFSB with Scott Haney.

The Garden Club and First Town Downtown relocated many of the bulbs and perennials from the main library grounds so that they wouldn't be destroyed by construction later this year.

Volunteers donated 3,318 hours to Main Library and Wilson Branch in 2004, helping with tutoring and shut-in programs, story times, computer instruction, and preparing materials for loan.

Public computer use at the Wilson Branch Library rose 66% for a total of 7041 users. Twelve two-on-one computer classes were held throughout the fall pairing adult students ranging from beginner to advanced aptitude levels with a certified instructor. The branch currently has 6 computers for public use thanks to donations from the Windsor Library Association and Windsor Federal Savings.

Circulation of materials at the Wilson Branch grew by 27% to 42,130 items. Audio books on CD, music CDs as well as large print books gained popularity as items for check out.

"Visits" to the library webpage increased 11 % over last year. Once people accessed the page, the number of links they used increased 15%. This means people are not only using the webpage more often, but they are also staying longer and finding more information there.

Citizens can use several new information databases including Reference USA for business information, EBSCO's Auto Repair Reference Center and the Learning Express Library of school and career testing materials.

Attendance at the main library's summer reading program, Thrills & Chills, topped 3,000 this year! The kickoff was held at Northwest Park where children hunted for treasure, took safari rides and were challenged by the obstacle course. Other summer fun included panning for gold, a Captain Underpants Party, several theme based story times and a reading marathon.

## LIBRARY SERVICES

### FY 2006 Goals

1. Maintain previous levels of reference and computer services while in the smaller temporary quarters at Aglow
2. Work with Public Building Commission and architects to complete the renovation and expansion at Main Library by May 2006
3. Prepare multi-year staffing plan in preparation for moving into renovated and expanded main library.

## Budget Commentary

FY05 expenditures will be less than budgeted due to a temporary vacancy and a hiring freeze of additional personnel. FY06 budget is less not funding the economic development specialist, seasonal interns, and a shared clerical positions.

# BUILDING SAFETY

Building Safety provides plan review, testing and inspection services for new and existing buildings, fire safety education and customer support in an on-going effort to enhance the value and character of the community, while ensuring the safety of each citizen.

## Budget Commentary

The FY05 increase in supplies is for new Code Books. The Capital Outlay increase is to replace aging computers to allow the continuing best use of technology improvements. FY05 budget is estimated to be below budgeted expenditures due primarily to a temporary vacancy of a Building Official and actual cost of a Part Time Regular employee. The PT Regular has been adjusted downward for FY06. Contractual Services for FY06 has been adjusted downward to reflect a redistribution of licensing and maintenance in the amount of \$1,420 and a reduction in the level of additional fire prevention inspections to be performed by the Deputy Fire Marshals.

# BUILDING SAFETY

## Products & Services

*Preventing Fire, Structural & Storm Losses* \$417,060

- Conduct more than 4,000 inspections of new and existing buildings to assure compliance with Fire, Building and related safety codes
- Administer the permit process including plan review, issuance of permits and maintenance of records for approximately 2000 permit applications
- Provide reference, research and consultation services on code issues to design professionals, their clients, and building owners and occupants
- Present 70 public education programs to the community related to fire safety and code compliance
- Present public education programs related to Building Code Safety for residential usage
- Provide support and technical assistance to the Zoning Board of Appeals, the Building Code Board of Appeals and the Local Emergency Planning Commission.

- Maintain and update hazardous materials information on industrial and commercial facilities in support of emergency services and aid public access to the information.

*After Emergency Assistance* \$75,000

- Investigate fires, alarms and building failures to determine the cause, origin circumstances and responsibility
- Coordinate with owners, tenants and other agencies in the rehabilitation and restoration of fire, storm damaged and abandoned structures.

# ECONOMIC DEVELOPMENT

Economic Development initiatives promote the town as an attractive location for new business and existing business in order to provide jobs for residents and ensure the future economic health of the community.

## Budget Commentary

FY05 will be under budget due to the decision to freeze the proposed Economic Development Specialist position. The FY06 proposed budget continues to freeze funding of this additional staff position. That position is intended to increase capacity for small business assistance and other department activities.

# ECONOMIC DEVELOPMENT

## Products & Services

### *Business Recruitment and Development*      \$23,220

- Contact at least 25 businesses to promote locating to Windsor
- Assist potential new businesses to find an appropriate site, secure financing, achieve town board and commission approvals and open their facility as expeditiously as feasible
- Work with the Bradley Development League (BDL), the Connecticut Economic Resource Center (CERC) and the MetroHartford Alliance to assure that all businesses that may benefit from locating in Windsor are exposed to the town
- Utilize GIS and the Town's website to promote Windsor.

### *Business Retention and Expansion*      \$45,740

- Provide ombudsman services to Windsor businesses to assist them to be as competitive as possible
- Assist existing businesses to secure public or private-sector financing for current operations or expansion
- Conduct business visits to obtain information about the needs of exiting businesses
- Recognize existing businesses for their contribution to the town
- Partner with First Town Downtown, the Wilson Business Association and the Windsor Chamber of Commerce to continually improve the business climate in Windsor.

### *Market the Town*      \$15,150

- Survey our customers so that we can continuously improve our products to assure that Windsor is viewed as a desirable business location
- Develop and distribute high quality marketing materials that highlight the assets of Windsor
- Improve the perception of Windsor through events and media coverage
- Appear at trade shows and other public events to publicize the benefits of locating a business in Windsor.

### *Economic Development Planning & Redevelopment*      \$70,000

- Coordinate the formulation and updating of an economic development strategy plan
- Advise and assist the Town Council, Town Manager, and Economic Development Commission in evaluating requests for economic development incentives
- Facilitate the reuse of the town's priority redevelopment properties.

## PLANNING

Planning is responsible for reviewing proposed developments, designing town projects, providing information on public and private developments, and the development of a Geographic Information System (GIS) for mapping, information retrieval, and analysis.

### Budget Commentary

Increases are mainly the result of increases in health insurance, salary, and telephone costs being accurately budgeted. For FY05 the grant is expected to come in higher than was budgeted.

# PLANNING

## Products & Services

### *Plan Review & Design Development* \$182,140

- Monitor federal, state and local plans and programs to maximize their benefit and minimize their liabilities to the community
- Design town projects (e.g. parks, landscaping, parking lots, beautification and recreational facilities)
- Review applications to Town Planning & Zoning Commission for proposed developments to ensure compliance with the Master Plan and regulatory mechanisms and encourage good development
- Review applications to Inland Wetlands & Watercourses Commission for proposed developments to ensure compliance with the master Plan and regulatory mechanisms and encourage development to be in reasonable harmony with the environment
- Update the standards of Zoning, Subdivision and Wetland Regulations on a regular basis.

### *Geographic Information System* \$57,678

- Continue updating the property map and prepare this map for use with future applications.

### *Support Boards & Commissions* \$91,602

- Prepare agendas, perform research and analysis, collect applications and perform administrative functions for:
  - Town Planning & Zoning Commission
  - Inlands Wetlands & Watercourse Commission
  - Historic District Commission.

## DESIGN SERVICES

Develop the town's infrastructure for non-building related projects in accordance with the Plan of Development and the Capital Improvements Program (CIP). Provide engineering support services to design roads and sidewalks, prepare and update engineering maps and drawings, and serve internal needs as well as those of the general public.

### Funding Sources

The Town Engineer spends a substantial amount of time providing services associated with the landfill. The General Fund is therefore compensated for a portion of the Engineer's salary with charges to the Landfill Enterprise Fund in FY 05 were budgeted at \$18,400.

<b>Total</b>	<b>6.94</b>	<b>6.70</b>	<b>6.15</b>	<b>-</b>

### Budget Commentary

Expenditures in the current year are estimated to be within 98.5% of the budgeted amount. A file clerk (.10FTE) and interns/seasonal employees (.70FTE) are not funded in FY06. This will cause professional engineering staff to devote time to clerical duties and will delay inventory and assessment of stormwater infrastructure. FY06 Services reflect the reduction in contractual services.

# DESIGN SERVICES

## Products & Services

### *Road Improvements* \$186,490

- Provide survey, design and engineering support for major road improvement projects.

### *Professional and Technical Advice* \$100,200

- Provide engineering and technical consulting to other service units and boards & commissions
- Review subdivision and site plan development review
- Provide computer-aided design, drafting and design support
- Furnish mapping and related information for the Windsor/Bloomfield Landfill DEP regulatory compliance.

### *Information Services* \$65,200

- Provide data and information for GIS mapping
- Maintain and update town engineering/architectural map files
- Provide information to the public regarding highway lines, construction projects, town properties, flood plain and subdivisions.

### *Stormwater Management* \$45,100

- Implement applicable portions of the Plan; monitor staff reporting requirements
- Continue to inventory and assess the drainage system, and identify all outfalls for DEP.

### *Capital Improvements* \$90,200

- Obtain and develop funding opportunities in support of the CIP
- Implement capital improvement plan projects
- Work with regional, state and federal agencies to facilitate the implementation and completion of projects in the Capital Improvement Plan
- Monitor major project progress and resources to ensure all specified and applicable requirements are met.

### *Landfill Regulatory Issues* \$18,400

- Provide technical and administrative guidance for the Windsor-Bloomfield Landfill to ensure that engineering related tasks and projects are in compliance with the Landfill Consent Order.

### *Flood Plain Management* \$7,110

- Administer and implement the provisions of the Flood Plain Ordinance and associated requirements.

## DEVELOPMENT SERVICES

### FY 2005 Highlights

The Development Services group is responsible for the overall development and maintenance of the town. This includes public and private building construction along with development practices that make Windsor a safe place. As a measure of success, the Residential Fire Safety Institute recognized the town for a year of no fire fatalities. This is the 6<sup>th</sup> consecutive year of no fire deaths.

As a result of Council action in 2003, a false alarm ordinance was enacted. During 2004, false fire alarms covered by the ordinance were reduced by 36% from 2002, the year preceding the ordinance.

A coordinated property inspection and preplan development program is underway starting with the Windsor Center business area and the Hayden Station Rd. warehouse area. This program involves the Fire Marshal's office and the Volunteer Fire Department. It is intended to address and improve the town's ISO fire protection class rating.

Residential construction at Griswold Village and Ballymeade continues. Major construction projects this year included the completion of the 160,343 sq. ft. ADVO World Corporate Headquarters along with 9,992 sq. ft. employee Day Care and Fitness Center, a multi tenant industrial building at 75 International Dr, an industrial warehouse at 620 Pigeon Hill Rd. and two new self storage facilities. Renovations of existing office buildings and other new construction continued as well.

Design Services provided design and construction contract administration and inspection services for projects valued at more than \$444,000. Projects included:

- Construct Field Modifications, Sage Park Fields
- Reconstruct Violet Street
- Modify High School Lights

Design Services administered design contracts for Improvements to Elm Street Reconstruction and Realignment of the Day Hill/Addison Roads Intersection. Support to Public Works included the design review and contract inspection for the Sand/Salt Facility on Day Hill Road. The Stormwater Management Plan and the first annual update were prepared and submitted to the Department of Environmental Protection. The Town received funding approval for two Surface Transportation Projects; Study of Bloomfield Avenue, and Reclamation of a portion of Day Hill Road. Significant progress was made on the inventory of drainage outfalls to meet DEP regulations. Additionally, the inventory and condition assessment of pavements, sidewalks, and drainage systems was aggressively continued. Engineering design reviews, including civil, drainage and traffic plans, were conducted for significant facilities proposed by developers. Those projects included Walden Meadows Housing, Lords Woods Subdivision, the Indoor Motocross facility, and 2 large warehouses.

Notable Windsor Economic Development highlights for the year include:

- ADVO, Inc. completed construction of a 165,000 SF office, production and distribution facility at 235 Great Pond Drive
- Griffin Land completed a 117,000 SF flex industrial building at 75 International Drive and leased space to Exel (a British firm providing logistics support to Ford Motor) and Matheson Flight Extenders (a US firm that loads and maintains aircraft containers for the Postal Service)
- Johnson Controls moved into recently constructed spec office building at 21 Griffin Road North
- The Town Council adopted a tax abatement incentive policy for manufacturing and class A office space development. The Council also created a Redevelopment Agency to facilitate the use of tax increment financing for priority redevelopment properties
- A developer secured a purchase agreement for the Rappaport Building at 33 Mechanic Street and has begun seeing approvals to redevelop this former factory for a 50-unit residential condominium project
- The Town initiated solicitation for a developer for the Redevelopment Parcel on Windsor Avenue south of I-291. The intent is to enhance the neighborhood with a small live/work residential development.

## DEVELOPMENT SERVICES

### FY 2006 Goals

1. Participate in the code adoption and upgrade process as part of statewide building, fire, and life safety code improvements
2. In partnership with the Volunteer Fire Department, develop a strategy to upgrade the town's ISO fire protection rating by 1 class level
3. Enhance the Development Services web page to create a more informative, user friendly site.
4. Produce a WG-TV production providing homeowners with complete start to final approval instructions for a swimming pool installation
5. Expand community outreach to include a focused program to educate realtors regarding information and services available and code requirements in order to reduce conflicts related to real estate transfers, closings and changes of use.
6. Complete development agreement and sale of the town's Redevelopment Parcel on Windsor Avenue
7. Facilitate the redevelopment of the Rappaport Building at 33 Mechanic Street
8. Complete the Reconstruction of Elm Street
9. Complete In-house design of Lang Road reconstruction
10. Coordinate design and award contract for reconstruction of Pleasant Street (contingent on receiving grant funds).

# **COMMUNITY DEVELOPMENT**

## COMMUNITY DEVELOPMENT

The Office of Community Development (OCD) solicits and administers grant funds for a variety of activities including, but not limited to, housing rehabilitation, downpayment assistance, a small business loan program, and infrastructure improvements. In addition, the OCD is involved with neighborhood issues and assistance with the facilitation of the redevelopment of targeted properties.

### Funding Sources

The Office of Community Development's operating budget is largely dependent on securing grants. In addition, the OCD has revolving funds which generate program income for the activity from which such income was derived. The Town's general fund contributes \$25,000 annually to cover a portion of administrative expenses.

# **PUBLIC WORKS**

# PUBLIC WORKS

The mission of the Department of Public Works is to manage and maintain the town's infrastructure, public facilities, equipment, parks and public areas, and the landfill. Accomplishing this mission provides the Department with the knowledge that Public Works, working with the other town departments, makes a positive difference in the quality of life for the residents and businesses of Windsor.

### Budget Commentary

In FY05, lower expenditures in Personal Services and lower estimates for FTE's were also related to vacancies. Higher expenditures for Supplies and lower expenses for Services were related to actual expenditures for Town Support for Education. For FY06 it is assumed that the equivalent of 1 position would be vacant for 6 months. In addition, the 4 seasonal staff to assist with trimming, field maintenance and litter control would be hired in the later part of FY06.

### Budget Commentary

The apparent increases in Energy & Utility in FY05 and FY06 are the result of centralizing the expenditures for telephones, cell phones, and internet service charges town-wide in this program. The actual cost on a town-wide basis for these items is less due to a change of vendors and technology.

### Budget Commentary

The lower expenditures in Services for FY05 is the result of holding down expenditures in this area to offset deficits in Equipment Repair. The lower amount budgeted in Services in FY06 is primarily related to the transfer of \$20,000 from this line item to Equipment Repair, and for a lower amount budgeted from the LoCIP grant. The higher amounts for Supplies for FY05 and FY06 are the result of higher amounts budgeted and expended from the Town Aid Roads grant.

# PAVEMENT

### Budget Commentary

For FY05, the lower expenditures in Personal Services and lower FTE totals are related to two position vacancies for several months during the year. For FY06, the FTE reduction is the result of the transfer of one FTE and related Personal Services costs to Traffic Safety & Community Support for the Street Sweeping Program, as well as the vacancy of 1 position for 1 month. The higher expenditures in Supplies for FY05 are related to projects to repair and improve the storm water system.

# STORMWATER DRAINAGE

### Budget Commentary

The increases and reductions in the various expenditure categories of the Equipment Repair program result from transfers within the program, as well as a transfer from the Pavement program in Public Works to help reduce deficits in certain expenditure categories in Equipment Repair.

# EQUIPMENT REPAIR

## Products & Services

*Fleet Maintenance* \$416,910

- Maintain and repair Public Works vehicle and equipment fleet
- Manage inventory and parts for fleet
- Maintain inventory, registration, emission testing and insurance cards
- Respond to emergency breakdown of vehicles.

*Fleet Purchase* \$252,630

- Purchase new vehicles and equipment.

*Fuel Management* \$118,140

- Procure gasoline and diesel fuel for town
- Monitor automated fuel system for town.

# STORM CONTROL

The goal of this program is to minimize disruptions caused by inclement weather, especially winter storms. An additional goal is to provide a safe streets and other public ways, reduce delays to motorists and emergency service vehicles, and allow for the efficient transportation of goods.

## PUBLIC WORKS

### FY 2005 Highlights

The athletic fields at Sage Park are the most heavily used in the Town of Windsor. These fields include O'Brien Field which is used by Windsor High School for football, lacrosse games, track and field meets, as well as by the Windsor Giants for football games. A project to renovate the athletic fields at Sage Park and O'Brien Field was completed during this fiscal year. At O'Brien Field, this included stripping the existing field, installing a new irrigation system, bringing in topsoil to create a "crown" in the field, incorporating a crumb rubber material into the topsoil to help reduce compaction of the soil, installing sod over the field, and installing new goal posts for football and soccer. At Sage Park, the baseball field was moved to the southwest corner to increase space for other athletic fields at the park, the site was regraded to improve drainage, and a large section of the park was sodded to allow immediate use by fall sports.

To complete the remaining work at Windsor High School, screens were installed around most of the HVAC equipment on the roof to improve aesthetics for the surrounding neighborhood.

In order to conform to federal environmental regulations, a salt/sand storage structure was constructed at the Public Works Complex. This high-tension fabric structure was erected on concrete blocks to properly enclose the sand and salt stored inside, and to avoid having the materials stored outdoors where they would be affected by the weather.

Streets which were resurfaced or received thin overlays included: Sylvia Lane, Alcott Drive, Morris Drive, Hobson Avenue, Adam Hill Road, Brown Avenue, Overlook Drive, Village Lane, Peddler Drive, Scarborough Road, Summit Drive, and Midian Avenue. Pavement mulch sealing was performed on Day Hill Road and River Street. In addition, the parking areas at the L.P. Wilson Community Center were paved and line striped.

In the past few years, Public Works has begun replacing the small street name signs with large signs meeting federal standards. Since drivers unfamiliar with local streets usually have only a few seconds to make a decision to turn into a street, it is important that they can see and read street name signs quickly to avoid possibly making unsafe movements in traffic. Drivers of emergency vehicles, sometimes from out-of-town, have the same needs. Effective street name signs not only increase safety, but also project a positive image of Windsor to both residents and visitors. Signs on state highways and major town roads have been the first to be upgraded because of the higher speeds and traffic volumes. An additional upgrade on the street name signs has been to increase the level of sign reflectivity (the brightness of the sign at night when vehicle headlights shine on it) to help night drivers navigate more safely and conveniently. In the current fiscal year, Public Works continued the sign upgrade program by completing the installation of the new large signs along Park Avenue, Putnam Highway and West Wolcott Avenue, Bloomfield Avenue, Deerfield Road, Marshall Phelps Road, Poquonock Avenue, and some selected intersections not on these roads. Work began on upgrading the signs along Broad Street and Windsor Avenue.

Public Works continued the contract installation of epoxy pavement markings. Epoxy is a durable marking that gives a highly visible, reflective line all year long and in all weather conditions. Public Works began contracting the installation of epoxy markings on selected streets rather than using the traditional paint that has been the standard for many years. Paint wears out usually within a year or less, while epoxy markings typically last from 3 to 5 years or more depending on the road surface and traffic volume. While epoxy markings are more expensive than standard paint, the epoxy markings offer greater safety and longevity. Epoxy double yellow centerlines were installed on Corporate Drive, Lamberton Road, and Pigeon Hill Road. White epoxy railroad crossing markings were installed on Meadow Road, Pierson Lane, and Macktown Road. In addition, white epoxy stop bars and a crosswalk were installed on Day Hill Road.

Public Works contracted the installation of red LED traffic signal lamps at 14 of the 16 signalized intersections owned by the town. LED's, or light-emitting diodes are a light source that consume anywhere from 80 to 90% less power than the conventional incandescent light bulbs while providing an equal or greater light output. Not only do LED's save energy costs but also they typically last up to 5 years as compared to incandescent bulbs that last about a year. Thus the LED's also reduce maintenance costs. New traffic signal installations are specified with all LED lamps. To assist the Board of Education, Public Works excavated a site at Poquonock Elementary School for an addition to the playscape. The new play area was erected by volunteers. Public Works also supplied the wood chips for placement around the site.

Number of complaints regarding litter	50	40	40	40
Percent of catch-basins cleaned per year	35%	30%	8%	50%

### FY 2006 Goals

1. Improve street and park cleanliness as well as grass mowing and trimming after replenishing seasonal maintenance assistants in the spring of 2006
2. Fully implement the turf management program for Sage Park
3. Oversee the Library Renovation and Expansion Project
4. Assist the Public Building Commission in the development and management of the Facility Planning and Reuse Study
5. Complete the Sinclair Street and Wilson Avenue drainage improvements by fall 2005
6. Continue to work towards meeting new federal mandates to improve stormwater runoff quality
7. Develop and implement multi-year plan for management of streetlights, outdoor and park lighting
8. Continue to update the snow plowing fleet as well as other trucks and equipment by replacing an 18-year old dump truck/snow plow.

## Budget Commentary

The technology added to the Town Clerk's Office in 2004 continues to pay dividends. Because we scan land documents and print our own books, the completed books are on the shelf in 24 hours compared to 7 working days in 2003. Occasionally a page needs to be reduced. Because we have scanned the document, a copy can be produced in house whereas previously it cost \$25. FY06 Personal Services are essentially "flat" compared to FY05 due to an employee no longer in town's health insurance.

# TOWN CLERK

## Products & Services

### Public Records \$151,206

- Record, microfilm and maintain deeds, mortgages, liens, maps and other real property transactions off-site as well as in the town vault
- Assist other departments in complying with the State's record retention requirements
- Make researching town land records easier and convenient by maintaining an on-line land index
- Protect original maps that are on file in the clerk's office by making them available on compact disc
- Identify, preserve and manage historic records.

### Licensing & Vital Statistics \$31,200

- Issue marriage licenses, dog and kennel licenses, fishing, trapping and hunting licenses, pheasant tags and migratory bird stamps
- Account for and report to the state on all licenses issued including those issued by their agent
- Receive, index and record vital records and distribute to the State Vital Records Division and to other involved towns
- Issue approximately 6,000 certified copies per year
- Issue burial and cremation permits and maintain a Windsor cemetery burial database.

### Elections Support \$42,100

- Administer absentee ballots
- Manage paper ballot elections
- Provide poll workers with necessary materials they need to conduct elections or referenda
- Record campaign finance filings for each active political party
- File election documents as required by the Secretary of the State.

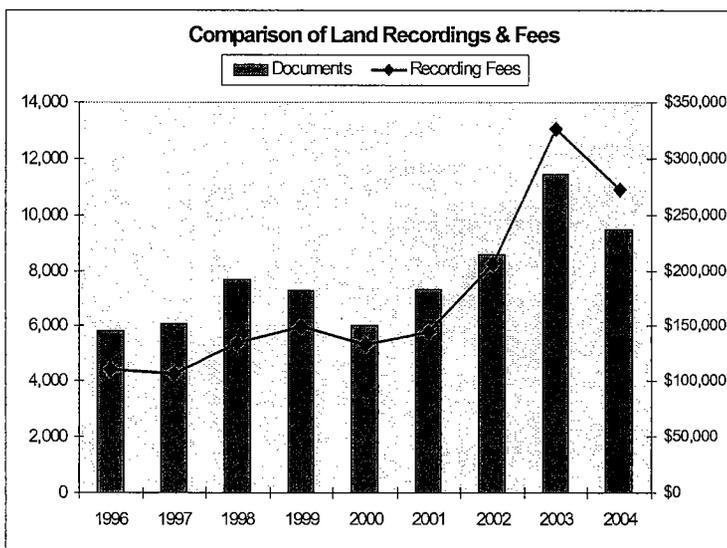

### Notary/Trade names/Veterans Records \$10,584

- Register and certify Notary and Justice of the Peace appointments
- Notarize uncontroversial documents as requested
- Provide notary applications, manuals, public workshops, and literature. Issue certificates of trade name and maintain an information database
- Maintain records and a database of Veteran's discharge records.

### Information Assistance \$19,080

- Perform the duties of reception desk for Town Hall
- Keep the Town Charter and the Code of Ordinances codified, current, accurate and available to the public both in print and on the Internet
- Act as the town information contact for telephone callers needing assistance.

# INFORMATION SERVICES

## FY 2005 Highlights

In September this past year, the City-County Communications and Marketing Association (3CMA) recognized Windsor's publication *There's a lot to do in Windsor* with an Award of Excellence in the category of Best Publication/Recreation Catalog at their annual Savvy Awards presentation. 3CMA has more than 825 city and county government members and received over 700 entries for the 2004 awards competition.

Twelve Windsor residents participated in an 8-week Citizens Academy to gain insight into the daily operations of town government operations.

Approximately 400 new residents who relocated to Windsor from other communities were welcomed to Windsor through the *No Resident Left Behind* initiative when they received packets of information on town, school and Chamber of Commerce programs and services.

### Election Activity:

Voters went to the polls 4 times in 2004 -

1. On March 2, 2004 - 1,416 out of 6,837 registered Democrats went to the polls and chose John F. Kerry as their Presidential candidate.
2. The annual Budget Referendum was held on May 11, 2004, the percentage of Windsor Residents voting on the budget was 10.96%. The number of registered voters 17,203 - actual votes cast 1,886. The budget question passed by 82 votes - 984 voting "Yes" and 902 voted "No".
3. On August 10, 2004 - 1,695 Democrats voted in the 2<sup>nd</sup> Senatorial District Democratic Primary, Windsor Districts 1 through District 6. In Windsor, Timothy Curtis received 1,281 votes and Eric Coleman received 29 votes.
4. On November 2, 2004 - 14,601 registered voters and 331 unregistered voters voted in the Presidential election. In Windsor, Kerry and Edwards received 9,537 votes and Bush and Cheney received 5,344.

Windsor has 7 Voting Districts, currently consisting of 18,714 registered voters - 8,153 unaffiliated, 7,397 Democrats, 3,140 Republicans and 24 minor party voters.

### Land Activity & Revenues:

The Town Clerk's office took in 9,750 land recordings during the calendar year 2004. Below is a list to show the activity and revenue of the past years. On March 15, 2003 Conveyance Tax legislation was passed (temporarily) to increase the conveyance tax on the sale of property. The municipalities share increased from \$1.10 per thousand to \$2.50 per thousand on the sale price. This Statute had a sunset clause of June 30, 2004, but the State Legislature extended the sunset date to June 30, 2005. Unless they extend it again, the conveyance tax collected by the municipality will go back to \$1.10 per thousand as of that date.

The 2004/2005 Historic Document Grant of \$12,000 was used to hire a Records Management consultant. The findings revealed that at present those who maintain the town's records understand their responsibilities and the town's records are protected from loss. Mr. Michael Morris, from Millican & Associates, recommended that the town manage electronic documents such as video and audio tapes as we do paper and that the Risk Manager and IT Manager play a role in developing these policies. The remainder of the grant has been used to purchase computer software (LaserFiche), which allows us to scan, organize, view and search documents.

## INFORMATION SERVICES

### FY 2006 Goals

1. Resume the restoration project on 1850-1950 maps completing the preservation of 30 two-sided and 31 one-sided map boards
2. Scan legal opinions and meeting minutes of Town Council and regulatory Boards and Commissions into LaserFiche™ through 2004. This computer software product, purchased with a portion of the 2004 State Library Historic Document Grant, allows us to scan, organize, view and search documents.
3. Recruit 6 volunteers from the community to deliver new resident packets to eliminate postage costs
4. Increase Citizen Academy enrollment from 12 to 30 participants.

# **ADMINISTRATIVE SERVICES**

## ADMINISTRATIVE SERVICES

### Budget Commentary

In FY05 Human Resources is expected to come in slightly under budget. For FY05 the increasing costs of employee benefits continued to be a challenge. Human Resources focused on encouraging employees to be smart healthcare consumers by communicating with them about their benefits and the factors that influence rising costs. Human Resources sought methods to reduce costs while maintaining quality benefits. A change in prescription drug providers offers the opportunity to reduce future increases; other cost reduction measures are being explored for FY06. Maintaining good employee and labor relations continues to be an area of focus, particularly when benefits and cost reductions are an issue. Human Resources will continue to provide cost effective in-house training to help offset the 25% reduction in recruitment and training for FY06.

<b>Total</b>	<b>3.23</b>	<b>3.06</b>	<b>3.23</b>	<b>-</b>

## Budget Commentary

FY05 FTE estimates are lower due to a partial year vacancy. FY06 personal costs are essentially flat compared to FY05 due to an employee no longer subscribing to town's health insurance. The contractual services line reflects a reduction in Appraisal Litigation costs.

# PROPERTY VALUATION

## Products and Services

*Property Valuation* \$226,980

- Develop and maintain valuations for 11,640 real estate, 27,014 motor vehicle and 1,191 personal property accounts
- Maintain and enhance the new town GIS/Assessment web site.

*Exemptions & Benefits* \$55,680

- Administer various exemptions to over 2,800 veteran, elderly, blind and disabled taxpayers with total benefits exceeding \$300,000.

# TAX COLLECTION

The Tax Collector's Office is responsible for collecting property taxes which supports the income for the educational system and the town-wide services, in the most courteous and efficient manner possible.

## Budget Commentary

FY05 is expected to come in slightly under budget to meet the town's savings goals. In FY06 the delinquent notices will go out less frequently, but best efforts will still be made to enforce collections. There also will be a slight reduction in seasonal staff to help offset other increases.

# TAX COLLECTION

## Products and Services

*Current Tax Collection* \$54,200

- Continue to collect 95% of the total levy during normal tax-due period (July-August).

*Delinquent Tax Collection* \$124,600

- Use a variety of methods and procedures: such as; updating new addresses, mailing delinquent tax notices, issuing alias tax warrants through Constables, recording Liens against real estate with the Town Clerk's Office for outstanding taxes, and conducting tax sales in an attempt to raise the balance of the total levy.

*Tax Billing Preparation* \$34,870

- Prepare for annual tax billing by creating consolidated tax statements by coding appropriate bills to be sent directly to banks holding tax escrow accounts and lease companies, and mailing over 43,000 tax bills.

## ADMINISTRATIVE SERVICES

### FY 2005 Highlights

IT migrated the town's network environment and services from Windows NT to Windows Server 2003. IT also implemented a new Systems Management System that allows for the automated deployment of software updates.

Payroll processed over 21,000 paychecks, accounts payable processed over 10,000 vendor payments, and Tax Collection and accounts receivable processed over \$94,000,000 of receipts.

Finance prepared the first financial statements that contain multi-year analysis of government wide operations. This informs the public how much is spent on the different services provided to the community, and how that has changed over time.

The Finance Office received an 18<sup>th</sup> consecutive Certificate for Excellence in Financial Reporting from the Government Finance Officers association.

All incident reports can now be filed electronically to the Risk Manager through the local intranet, thereby reducing paperwork and improving accuracy. In addition, the town has two initial treaters for worker compensation injuries. Quality core safety training has been established for all departments to keep current with mandated OSHA training issues.

The Tax Office provided internet access to taxpayers for Internal Revenue Service information. The office also sent out and processed over 38,500 regular property tax bills, 4,500 interim motor vehicle bills, and 15,800 delinquent tax notices.

The Assessor's Office prepared and executed an aggressive marketing strategy to inform senior citizens of tax exemptions and credits available to them.

Human Resources held meetings with all employees to discuss the rising cost of health insurance and identify factors contributing to these increases. These sessions helped increase awareness of how employees' behavior as consumers can impact costs.

Human Resources presented in-house supervisory training sessions including Media Relations, Recognizing Substance Abuse in the Workplace and the Employee Assistance Program referral process. Sexual harassment prevention training was provided for all seasonal hires. Twelve "Lunch and Learn" seminars were offered that focused on employee wellness topics, retirement planning and insurance.

Nineteen full-time and fourteen regular part-time recruitment processes were coordinated by Human Resources. Coordinated seasonal and temporary hiring, resulting in 100 employees being hired for the Town of Windsor.

Twenty-three employees were recognized at the town's annual employee service awards ceremony. Ten of the twenty-three employees have worked for the town for over twenty years.

Performance Measures	FY 2004 Actual	FY 2005 Target	FY 2005 Estimate	FY 2006 Target

## ADMINISTRATIVE SERVICES

### FY 2006 Goals

1. Design and implement further improvements to the budget process
2. Revise Capital Project Financial Reporting Format/Process
3. Host 4 training workshops for town employees to continue financial management outreach program with departments
4. Continue employee benefit cost containment efforts by researching and attempting to negotiate benefit plan modifications such as, health savings accounts and health reimbursement accounts
5. Keep employees informed of benefit cost containment efforts through meetings, newsletter and electronic communications
6. Complete negotiations with two unions and implement successor contracts
7. Participate with the Connecticut Public Sector Purchasing Coalition to get bids on employee life insurance. Implement change to new provider if bids are lower than current premiums
8. Upgrade the town's e-mail system to increase performance, security and spam controls
9. Re-design the town's website by benchmarking the "best of class" sites of 10 private sector and 10 public sector websites and implementing 3 or more new features to enhance the site.
10. Conduct public awareness campaign regarding annual Property Revaluation
11. Complete property revaluation process prior to January 31, 2006
12. Coordinate efforts with the Department of Motor Vehicles to locate moving taxpayers

# **GENERAL GOVERNMENT**

# GENERAL GOVERNMENT

## FY 2006 General Fund Request

General Government programs provide for the activities of the town's elected officials and appointed boards and commissions, as well as the operations of the Town Manager's Office. General Government also includes funding for the Town Attorney, Treasurer, Probate Court and Independent Auditor.

The Town Council is the town's legislative and policy making body, composed of nine volunteers elected at large for terms of two years. The Mayor is selected by the other members of the Council. Responsibilities include:

\* Establishment and review of policies and measures that promote the health, safety, and welfare of all Windsor residents

\* Appointment of a Town Manager, Town Attorney, Clerk of the Council, Town Treasurer and members of various boards and commissions

\* Appropriation of funds for town services and programs.

## Budget Commentary

Town Council expenditures for FY05 are projected lower than budgeted. The Council approved a \$3,000 transfer to the Town Treasurer's budget. FY06 is budgeted slightly lower than FY05, resulting in less funding for Contractual Services and meeting supplies. Energy & Utility costs increase to better reflect telephone charges.

There are currently 23 boards, commissions, and committees serving the Town of Windsor. Responsibilities include:

\* Presiding over specific activities and functions as mandated in the Town Charter, State Statutes and Local Ordinances.

\* Hearing appeals and rendering decisions on orders issued by the town staff

\* Conducting public hearings and granting approvals for proposed or existing activities

\* Advising the Town Council, Town Manager and town staff on specific policy areas.

## Budget Commentary

Expenditures in FY05 are expected to be at the budgeted level. FY06 is budgeted slightly lower than FY05 to better reflect anticipated advertising costs. This budget does not reflect the Conservation Commission's request for \$2,000 for promotional and fundraising materials, but does reflect an allocation of \$500 to Human Relations Commission for the annual Bridge Builder's Award event and \$400 for C Conversations on Race activities.

The Probate Court of the District of Windsor was established on July 4, 1855 and is located in the Windsor Town Hall. The Judge of Probate is elected by the residents of Windsor for a four-year term. Responsibilities include:

- Oversight of the probate of wills and administration of estates of deceased persons
- Appointment of administrators and executors, trustees, conservators, and guardians
- Presiding over the adoption process
- Ordering the commitment of mentally ill persons to private and state institutions
- Assisting and advising town staff on matters related to specific cases of individual health, safety and welfare.

Expenditures in FY 2006 are budgeted at the FY 2005 level.

## Funding Sources

Elections expenditures are funded solely by the General Fund.

## Personnel Requirements

Elections staff, including two elected Registrars, two Deputy Registrars, and election workers are exempt and are not considered town employees.

## Products and Services

The Office of the Registrar of Voters is located in the Windsor Town Hall and is staffed by two elected Registrars and two Deputy Registrars. The Registrars supervise all elections and keep the records of 17,286 registered voters. Funds are included for supplies, payroll for election workers and the costs of the annual enumeration. The budget includes funds for the November election but not for redistricting, referenda or primaries.

## Budget Commentary

FY06 is budgeted at the FY05 level. Per the Registrar, the state has indicated that they will be providing us with one new machine per district at no costs in time for November's election. There is still \$34,967 in a separate Capital Projects Fund designated for future machine replacement.

The Town Attorney is the legal advisor of the Town Council, Board of Education, Town Manager and other town officials, boards and commissions. Appointed by the Town Council for a two-year term, the Town Attorney protects the rights of the town in actions, suits or proceedings brought by or against it or any of its departments, officers, agencies, boards or commissions. Responsibilities include:

- Representing the town in suits, litigation, hearings and labor matters
- Advising the town on policy issues and questions of law
- Preparing or approving contracts or other instruments in which the town has an interest
- Appealing orders, decisions and judgements (upon approval of Town Council)
- Compromising or settling any claims by or against the town (upon approval of Town Council)
- Coordinating outside legal services for the town.

## Budget Commentary

FY 2005 expenditures will exceed the budget by about \$37,000 due to significant legal costs associated with the Windsor-Bloomfield landfill. The budget request from the Town Attorney for FY 2006 represents a 1.8% increase over FY 2005. This includes a 3.5% in Retainer as follows:

Retainer	\$67,836
Litigation @ \$150/hour	48,000
Legal Intern @ \$50/hour	3,500
Conflict contingency	5,000
Books and periodicals	4,000

The Town Manager is the chief executive officer of the town and is responsible to the Council for the administration of all designated departments, agencies, and offices. Responsibilities include:

### Town Council

\* Propose the adoption of policies to improve the health, safety and welfare of the town; uphold those policies adopted by Council

\* Keep Council informed of the financial condition and future needs of the town

\* Communicate the policies and financial plans of the town by submission of the annual budget

\* Provide processes for the efficient and effective purchase of supplies using budgeted funds.

### Town Staff

\* Serve the needs of the community by hiring qualified and competent individuals

\* Create an environment that encourages town employees to focus on the customer, deliver superior services, strive for continuous improvement and recommend increasingly efficient use of resources.

### Community

\* Guide the balanced growth of Windsor by promoting economic development efforts

\* Represent Windsor among other towns, states and regional organizations to exchange effective ideas and to promote policies used in Windsor

\* Serve residents by keeping the community informed on town affairs, encouraging dialogue between citizens and municipal officers, and improving the quality and range of public service.

## Budget Commentary

FY05 Expenditures are estimated to be \$28,413 less than budget, the primary reason being a vacancy in the Assistant Town Manager's position and elimination of planned out-of-state travel and training. FY05 also reflects the cost of contractual services (\$9,000) related to the budget process review. FY06 reflects the Assistant Town Manager position being filled, a part-time clerical position and decrease of approximately 40% in supplies and services resulting in reduced professional development, meeting supplies and contractual services.

The Town Treasurer is appointed for a two year term by the Town Council. Responsibilities of this part-time office include:

- Reconciliation of the town and Board of Education monthly bank statements
- Countersigning of all town and Board of Education checks.

### Budget Commentary

FY05 expenditures are projected higher than originally budgeted as a result of a transfer of \$3,000 from Town Council's budget at Council's instruction. For FY06 budget reflects a 3% increase over FY 2005 level.

An annual audit is conducted by an independent public accounting firm appointed by the Town Council. The auditor ensures the lawful expenditure of local revenues, as well as state and federal grants. The auditor also reports on management or record keeping practices that need improvement. The auditing entity does this by:

- Auditing General Purpose Financial Statements and all governmental, proprietary, fiduciary funds and account groups of the town and Board of Education
- Assisting town staff in preparation of the Comprehensive Annual Financial Report (CAFR)
- Conducting Federal and State Single Audits and preparing required reports
- Conducting compliance audits as applicable in accordance with Generally Accepted Accounting Principles (GAAP)
- Reviewing State Department of Education reports including the ED001, ED006 and DTL forms
- Preparing a management letter that includes audit findings and recommendations affecting internal controls, accounting systems, and legality of actions.

### Budget Commentary

FY05 expenditures are estimated at the budgeted level. For FY06, the proposed amount reflects 8.4% increase over the previous year.

Intergovernmental Services are funds that assist the town in developing and maintaining effective, cooperative relationships between the town, federal, state, regional, and other town governments and in obtaining maximum intergovernmental support and research for town programs. The forums and mechanisms for these cooperative relationships include:

- Contributions to the Capitol Region Council of Governments
- Ongoing review of federal and state proposed legislation, regulations, rate setting activities and regional affairs, taking appropriate steps to serve the town's interests
- Contributions to the Greater Hartford Transit District
- Contributions to the Connecticut Conference of Municipalities for membership and Amicus Curiae
- Pay for membership in National League of Cities.

The Metropolitan District Commission (MDC) is a non-profit municipal corporation established in 1929 by Special Act 511 of the Connecticut General Assembly. Member municipalities in the District are: the City of Hartford, and the Towns of East Hartford, West Hartford, Wethersfield, Rocky Hill, Newington, Bloomfield, and Windsor. The total population served by the District is approximately 400,000. Sewer Service provides funds for the payment of the MDC charges for sewer services to the residents of Windsor. The MDC charge is based on the tax collections of Windsor in proportion to the tax collections of the other seven towns in the District.

### Budget Commentary

For FY05, estimated charges are estimated at budgeted amount. FY06 charges are estimated to be 7.46% or \$185,905 over the FY05 budgeted amount.

The Town of Windsor is exposed to various risks of loss related to torts, thefts, damage or destruction of its property, on-the-job injury to its employees, and natural disasters, all of which are covered by some form of insurance. Due to prohibitive cost, the town has chosen to manage a certain amount of its risks internally and has set aside assets to settle those claims. To meet these obligations, the town has established an Insurance Internal Service Fund, out of which premiums, administrative costs, and claims are paid. The Internal Service Fund receives revenue during the year from the General Fund and the town's three enterprise funds, as well as refunds and adjustments based on prior years' claims.

Annual payments from the General Fund to the Insurance Internal Service Fund are made to cover the town's exposure to loss from liability, employee injury, property damage, theft and misappropriation of assets (See Section R).

The portion of Insurance, which is budgeted in Town Support for Education, is itemized as follows:

Liability	Amount
Auto	8,100
Umbrella	62,400
Comprehensive General	101,790
Property Protection	118,260
School Board Errors & Omissions	25,000

## CAPITAL PROJECTS

Projects in the town's six year capital improvement program are financed using a variety of funding sources including bond proceeds, state and federal aid, and General Fund resources. Projects or specific phases of projects that are financed out of the General Fund are referred to as "pay as you go" projects. The funding for these projects is comprised of one account in the General Services section of the budget.

## TAX REFUNDS PRIOR YEAR

Prior year tax refunds are issued by the town if there is an adjustment to the taxable value of a property for a prior year assessment. These payments constitute an expense of the town (refunds for the current year show as a reduction of revenue). This item can vary significantly from year to year. They are mandatory payments outside the managerial control of a department. Prior to FY05 this item was previously within the Tax Collector budget (as part of the Services expense line).

# UNCLASSIFIED

This contingency account is used to fund unforeseen emergencies which arise after the budget is adopted. This is essential because it is difficult to determine the exact needs of each activity and each service unit for the following year. Similarly, it is impossible to estimate revenues exactly. No expenditure is permitted to be made from the Unclassified section of this account without formal authorization from the Town Council. Volunteer Support Program funding is expended directly from this account. With regards to Unclassified expenditures, the funds are transferred to other accounts and the corresponding expenditures are recorded there.

## Budget Commentary

For a number of years Town Council appropriated funds to the unclassified account. In FY04, the amount funded was \$52,500. In FY05 the council did not fund the unclassified portion and shifted \$10,000 for the Volunteer Support Program to the General Government, Community Services section of the budget.

# **INSURANCE FUND**

## INSURANCE INTERNAL SERVICE FUND

An Internal Service Fund is a proprietary fund type, which is similar in nature to an enterprise fund (commercial accounting). However it is internally rather than externally focused. An internal service fund (also called intergovernmental service fund, working capital fund, or revolving fund) is used when one service unit within the town finances the goods and/or services provided to another service unit on a cost reimbursement basis. An internal service fund allows the town to determine the total cost of providing a service by isolating the accounting for this service into separate funds and by matching the total cost of providing this service with the user charge revenues generated by it. Each service or Capital Project served by an internal service fund includes in its budget an amount sufficient to cover the estimated cost of the goods/services to be serviced from the internal service fund. Internal service funds normally recover their complete cost of operations without producing any significant profit.

**Insurance Internal Service Fund** - Finances both the current cost of the town's insured and self-insured programs and future obligations of the town's risk management program.

**Liability Insurance:** The town utilizes a variety of insurance programs to provide coverage against liability exposures. The Insurance Commission along with the town's agent of record provides coordination in the purchase of insurance policies for various coverages, high deductibles and limits. The town presently utilizes high deductibles to assist in controlling cost.

**Self Insurance Workers Compensation:** This program is utilized for paying first dollar claims for injuries sustained by town and Board of Education employees who qualify to receive benefits as injured employees under State law.

Each year the town allocates funds to be used to pay claims below the \$500,000 retention limit. The town purchases insurance for claims in excess of \$500,000. The funds are also used for third party claims, administrative services, excess insurance policy premium, and costs associated with centralized safety and training.

**Health and Benefit:** This program accounts for the town's health insurance premiums for existing employees and their dependents as well as the life insurance and disability programs offered by the town.

## DESCRIPTION OF INSURANCE POLICIES

**Automobile Liability** - A form of liability insurance to protect the insured against claims for bodily injury and property damage arising out of the use of Town owned or operated vehicles. Our current policy is with CIRMA. The Town has a \$1,000,000 policy limit.

**Boiler Insurance** - Coverage for loss or damage to objects, structures and personal property of the insured resulting from accidents to heating, air conditioning, cooking, power generating or driven machinery and equipment. Current policy has a \$50,000,000 limit and a \$5,000 deductible.

**General Liability** - A broad form of liability insurance to protect the insured against claims for bodily injury and property damage arising from the insured premises, operations, products, completed operations, or contractual liability. Current policy has a limit of \$1,000,000 per occurrence and a \$3,000,000 aggregate per location. Our current policy is with CIRMA.

**Excess Workers' Compensation** - Insures against losses in excess of a self-insured retention for benefits specifically provided by the Workers' Compensation or Occupational Disease Laws in the State of Connecticut. Current self-insured retention is \$500,000 for both Board of Education employees and Town operations. The Excess Insurer which provides coverage over the retention has Statutory limits (state limits), Insurance is with Mid West Employers.

**Employee Blanket Bond / Crime** - Crime coverage includes Faithful Performance and Employee Dishonesty which indemnifies the town for a loss caused by failure of an employee and loss of money, securities or any property due to acts of fraud, dishonesty, forgery, theft, embezzlement, or willful misappropriation from a covered town employee. Current coverage for F/P & E/D has a limit of \$500,000 and a \$2,500 deductible, insurance is with Travelers.

**Catastrophe Coverage / Umbrella** - Protects the insured against claims in excess of the limits of the primary General Liability, Automobile Liability, Police Professional, Public Officials Liability, and School Board Errors and Omissions policies. Current coverage limits are \$10,000,000 per occurrence and aggregate with a self-insured retention of \$10,000, insurance is with CIRMA.

**Public Officials Liability** - Coverage against claims arising out of any actual or alleged error, misstatement, act of omission, negligence, or breach of duty by a town public official. Current coverage limits are \$1,000,000 per occurrence and aggregate with a \$10,000 deductible. Insurance is with CIRMA.

**Police Professional Liability** - Coverage for alleged violations of civil rights (i.e. false arrest, excessive force) by the town's law enforcement employees. Current coverage limits are \$1,000,000 per person, per occurrence, and aggregate with a \$10,000 deductible. Insurance is with CIRMA.

**Football and Sports Accident** - Insures against excess losses resulting directly and independently of all other causes from accidental bodily injury to insured players, managers and coaches, sustained while participating in a scheduled game, tournament or practice session and/or while traveling directly to or from such game or practice session. Current coverage limits depend on the injury sustained, current coverage is with Boston Mutual Insurance.

**Volunteer Firefighter Accident** - Provides accident and specified sickness coverage for Emergency Service Personnel. Current coverage limits vary per accident or sickness. Insurance is with VFIS.

**Civil Defense Accident** - Provides accident insurance coverage for Civil Defense Volunteers, current policy is with St. Paul/Travelers.

**Fiduciary Liability** - Provides coverage for Pension Plan Administrators against liability from alleged mismanagement of town employee's Pension Fund. Current coverage limit is \$1,000,000 annual aggregate with a \$5,000 deductible. Policy is with St. Paul/Travelers.

**School Board Errors & Omissions** - Coverage against claims arising out of any actual or alleged breach of duty, neglect, error, misstatement, misleading statement, or omission committed solely in the performance of duties by an employee of the Board of Education. Current coverage limits are \$1,000,000 per occurrence and aggregate with a \$2,500 deductible. Insurance is with CIRMA.

**Property Policy** - Special coverage for loss or damage to owned property, contents and personal property of the insured, including extra expense, and rental value. Current coverage limits are replacement value on properties with a \$25,000 deductible. Also includes \$10,000,000 coverage for damages caused by flood and earthquake with \$100,000 deductible. There is terrorism coverage. Current policy is with CIRMA.

**Inland Marine (including Watercraft Coverage)** – Physical damage coverage for portable equipment including contractors and fire department equipment, computers, valuable papers, accounts receivable and watercraft. Current coverage limits and deductibles vary per type of property insured. Insurance is with CIRMA.

**Nurse Professional Liability** - A form of liability insurance to protect town and school nurses against claims of alleged malpractice. Current policy has a \$1,000,000 limit.

**Landfill Premises Liability** - A form of liability insurance to protect the town from claims at and on the landfill premises. Current policy has a \$1,000,000 limit. Insurance is with AIG.

### BUDGET COMMENTARY

Each year the town allocates funds to be used to pay claims below the \$500,000 retention limit. The town's excess insurance provides protection for single claims or any one event involving several employees in which the cost exceeds \$500,000. The funds are also used for third party claims, administrative services, excess insurance policy premium, and costs associated with centralized safety and training.

**EMPLOYEE BENEFITS

**Budget Commentary**

The funds for the Internal Service Fund - Employee Benefits are included in the departments' operating budgets and will be transferred to this fund on a regular basis. If money is not used to pay current premiums, the excess will be available in the internal service fund to offset future premium increases.

## LANDFILL ENTERPRISE FUND

### HIGHLIGHTS

For more than thirty years the Windsor-Bloomfield Sanitary Landfill has served the solid waste disposal needs of the towns of Windsor and Bloomfield. Over that period of time, it has evolved from a facility that handled basic disposal needs to one that currently manages the disposal of many different materials.

In Spring of 2002, the Town Council decided to not expand the landfill. The most immediate result of this decision was the need to begin to investigate future disposal options for the Town's waste, and potential use of the landfill site following closure.

In February of 2004, the Town Council approved the final landform that it felt presented the best environmental and fiscal options to the residents of the Towns of Windsor and Bloomfield. This landform allows for the post-closure uses that were identified by the Landfill Steering Committee and has been incorporated into the final closure plan that is being finalized and will be submitted to the State DEP for their approval. During the same meeting, the Town Council decided to set a defined date beyond which the landfill will no longer accept wastes per Council direction; the last date the landfill can accept wastes is December 31, 2007.

Changes in the local marketplace in July of 2003 made our facility highly competitive within the local solid waste marketplace. Last fall however, two independent events changed the marketplace and negatively affected the landfill's competitive position within the marketplace. One event was the opening of a bulky waste transfer station in a nearby town that resulted in the direct and immediate decline in tonnage delivered by two haulers, and an indirect decrease in others. The second event was the agreement, by all of the area's significant waste haulers, to deliver all of their municipal solid waste (MSW) to the CRRRA facility in Hartford. Prior to this agreement, haulers were obligated to deliver residential wastes to the Hartford facility, but had flexibility with the wastes generated by businesses within CRRRA's member towns. While these third-party agreements had a dramatic affect on the receipt of spot MSW from the major waste haulers, the increased deliveries to the landfill by CRRRA have offset a portion of this year's shortfall. CRRRA has agreed to deliver additional MSW over the course of the next few years which should allow the landfill to fully utilize all of its MSW airspace and close in an environmentally sound and fiscally responsible manner.

An increase from \$64 to \$66 per ton (3.1%) in the tipping fee for MSW generated within the towns of Windsor and Bloomfield is budgeted effective January 1, 2006. This rate remains highly competitive for the market rate in this area.

Bulky wastes continue to be deposited in the area approved by the DEP in FY 1999. In the Fall of 2004, the landfill again faced the challenge of odors created from within the bulky waste cell due to the decomposition of gypsum. The landfill gas extraction system was expanded into the "wedge" in the fall of 2004 so that it covered the entire footprint of all bulky waste areas. Also, the Town Council voted to ban the disposal of gypsum-containing materials within the landfill. As a result of these restrictions, and the opening of an additional bulky waste processing facility in the area, the intake rate for bulky wastes has dropped to approximately 20% of that observed prior November of 2004. The ban continues as of this writing.

Currently, commercial loads that contain any gypsum are rejected. Residents of Windsor and Bloomfield who have "personal" loads of bulky waste containing gypsum are allowed to dispose

of that gypsum in a rolloff container on-site. When full, this container is hauled off-site to a disposal facility that accepts gypsum-containing wastes.

SCS Engineers is designing a landfill gas "master plan" that includes a collection system that encompasses the entire landfill site as well as describing how future "phases" should be constructed as additional wastes are deposited.

Because of the current marketplace for bulky wastes, and the current ban on the disposal of gypsum containing waste materials, tipping fees for bulky waste have been budgeted at \$60.00 per ton for FY 2006. This price is intended to attract as much acceptable waste as possible, but may need to fluctuate if market conditions warrant.

## SUMMARY

At the time of this writing, it is anticipated that the Windsor-Bloomfield Landfill will fall short of the annual tonnage budgeted for fiscal year 2005. Although both bulky wastes and MSW contributed to this decline, town staff is actively taking steps to make up this shortfall in the time that the landfill remains open.

Despite challenges presented by the marketplace, town staff remains focused on the directive presented by the Windsor Town Council in February of 2004 to stop accepting wastes no later than December 31, 2007. Staff continues to identify and attract the additional tonnages needed to reach proper final elevations as well as meet the financial obligations associated with site closure and post-closure. As the landfill draws closer to the final date of waste acceptance, it is important that the appropriate environmental options are considered.

Lastly, the policy decision regarding viable disposal options for wastes generated within the Town of Windsor following closure of the landfill becomes increasingly important as well.

## Budget Commentary

The proposed decrease in Personal Services relates to the reduction in the FTE's from 10.0 to 9.0. Additional funds for Supplies are for rental of equipment for the landfill gas collection system. The reduction in Administration is from the reduction of the rent payment to the town's General Fund.

# LANDFILL OPERATIONS

## Products and Services

### *Solid Waste Management* \$916,765

- Weigh and process approximately 40,000 commercial and residential vehicles per year
- Produce monthly invoices for billing by the Finance Department
- Submit quarterly reports to the state on the amount of incoming and outgoing refuse
- Process approximately 830 residential permit renewal applications through direct mailing
- Process, compact, and cover approximately 7,265 tons of municipal solid waste and construction and demolition material per month
- Perform cell maintenance, excavation, and site improvements per DEP requirements
- Conduct regular site inspections to ensure compliance with federal and state regulations
- Review special waste disposal requests prior to approval and admittance
- Maintain operation records according to DEP and EPA regulatory requirements
- Maintain all federal and state landfill permits.

### *Equipment Purchase, Maint. & Fueling* \$308,200

- Inspect, purchase, repair, and maintain heavy equipment.

### *Recycling Service* \$6,300

- Track and report quarterly and yearly to the DEP on status of residential and commercial recycling.

### *Technical Assistance* \$6,000

- Respond to 1,500 requests from residents and businesses regarding:
  - recycling
  - household hazardous waste
  - composting
  - grass cycling
  - problem resolution
- Organize household hazardous waste collection days.

### *Public Education* \$4,000

- Conduct public education programs for residents and businesses on Household Hazardous Waste collection. Also promote the safe disposal and recycling of electronics and mercury containing devices
- Perform scheduled preventative maintenance & oil sampling on equipment to detect major failures before they occur.

### *Property Maintenance* \$88,400

- Perform ground maintenance on 200 acres of Landfill property including:
  - Maintain 13,900 feet of perimeter fence line
  - Mow and plant 3 acres of grassed area
  - Plow access roads, recycling, and transfer station areas
- Provide preventative maintenance for all structures and facilities.

## Budget Commentary

Funds from this program support design and engineering services for landfill water and air quality monitoring, closure and leachate management alternatives, and management of the landfill gas collection system.

## Products & Services

*Engineering* \$400,000

- Provide engineering and survey support services on a contractual basis
- Sample, analyze and issue reports for water quality monitoring as required by the USEPA and CT DEP
- Continue compliance with the DEP Consent Agreement including:
  - testing leachate discharges
  - managing site monitoring programs
  - continuing analysis of decomposition gases
- Conduct overall landfill engineering projects:
  - comply with RCRA Subtitle D requirements
  - update the landfill capacity analysis
  - assist in closure of landfill cells
- Collect and analyze storm water samples as required by storm water regulations
- Review requests by companies and individuals to deposit material in the landfill
- Maintain the integrity of approximately 80 ground water and gas monitoring wells, as well as gas collection wells and equipment.

## **ESTIMATED YEAR-END BALANCE NOT NEEDED FOR CURRENT OBLIGATIONS**

Operating income in FY06 is projected to add \$3,363,814 toward the estimated end of year balance not needed for current obligations, which may be used to meet costs of landfill closure, post-closure monitoring, installation and operation of a leachate collection system, and methane gas collection system, and other obligations. Assuming projections of \$3.36 million in operating income are realized, this will bring the total estimated balance to approximately \$17.06 million at the end of FY06.

## **ADULT DAY CARE ENTERPRISE FUND**

### **INTRODUCTION**

Windsor's Adult Day Health Center, The Caring Connection, celebrated its 17th anniversary in November of 2004. The service was established in 1987 as a community option to long-term care and continues its commitment to our mission. A team of professionally trained staff gives care to approximately 35 frail or disabled adults per day, while giving respite support and peace of mind to caregivers. For FY06, the number of clients served will increase to 38 daily.

The Caring Connection is a "Medical Model" adult day health center, which provides skilled nursing, nutrition, family counseling, personal care, socialization, transportation and therapeutic recreation, art and music therapy. Footcare, hairdressing, and manicure services are available. In addition, space is allocated to speech, physical, and occupational therapists to provide these services as ordered by their physicians. Engagement in an individualized plan of care provides services to maintain and enrich a dignified quality of life for both the client and the caregiver.

The FY06 budget is based on daily services for 38 clients per day for services provided at our new location at 330 Windsor Avenue. Enrollment in the program continues to increase with the demand for community based services to serve the residents of our aging community.

The Caring Connection continues to offer the option of home care versus institutionalization. The program benefits frail, disabled, and geriatric adults. This allows individuals and caregivers the choice of remaining at home with caregivers or independently in their residences. The program is a cost-effective option to all taxpayers in Windsor and the State of Connecticut. The Department of Social Services Home Care for Elders Program continues to support adult day health centers through referrals and in-home services. The Caring Connection continues to be an integral part of the federal, state and municipal government programs by meeting the needs of its senior residents.

## ***FY 2005 Highlights***

The Caring Connection Adult Day Center adjusts to its spacious and functional 9,000 square foot facility at 330 Windsor Avenue.

Both clients and caregivers continued to receive benefit from outside funding from various agencies in FY05, including:

- The Home Care for Elders Program (Connecticut Department of Social Services)
- The North Central Area Agency on Aging IIIB Grant, Alzheimer's Aide Grant and the Caregivers and Alzheimer's Support programs (funded by the federal government through the Older American's Act) and the United States Department of Agriculture Adult Day Care Food Program through the State of Connecticut's Department of Education
- The Hartford Foundation for Public Giving are the Brainard Trust & Archer Trusts
- Granger Trust, Larabee, Reynolds Foundaton through private funding
- Ensworth Charitable Foundation and the George A. and Grace L. Long Foundation, funded through Fleet Bank
- Caring Connection receives over \$60,000 in grants and donations.

The health center continues its growth period and has maintained its financial obligation to the Town of Windsor.

The Fiscal Year 2005 highlights include:

- The Caring Connection hosted six graduate and undergraduate Art Therapy Interns from Springfield College
- The National Art Therapy Association recognizes seven pieces of Caring Connection Art Therapy pieces in a national exhibit in the Russell Senate Rotunda Building in Washington, DC
- Intergenerational programming continues with Loomis Chaffee School and Windsor High School
- The Caring Connection received "Excellent Ratings" in its annual survey
- North Central Area Agency on Aging sponsors Dr. Steven Sobel who presents segments from his book *Untold Lessons from The Little Engine That Could*
- North Central Area Agency on Aging and the Caring Connection collaborate to sponsor a Family Resource Library at the 330 Windsor Avenue site
- Ten Aetna Employees participate in the "United Way day of Caring"
- Caring Connection Clients raises over \$350 for the United Way campaign as a community service project
- Caring Connection Staff become certified to use an AED donated by Windsor High School Students.

The Caring Connection Adult Day Health Center continues to maintain its excellent reputation as a municipally operated health center in the State of Connecticut. The center is a member of the Connecticut Association of Adult Day Centers, American Association of Homes and Services for the Aging, and the National Council on the Aging in Washington, DC., which reflects the high quality and level of care provided to the clients by the professional staff.

# **CHILD DEVELOPMENT ENTERPRISE FUND**

## **INTRODUCTION**

The Windsor Discovery Center began with four children in 1980 as a supplemental program to Windsor Head Start. What started as a child care program for three and four year olds has expanded to an accredited comprehensive child care and educational enrichment program for children between the ages of three months and 11 years. Windsor Discovery Center and Windsor Montessori School continue to maintain a national accreditation status awarded by the National Academy of Early Childhood Programs and the American Montessori Society.

During the school year, the Center will serve a total of 157 children from 131 families in the following programs: Infant/Toddler, Montessori Toddler, Preschool, Full Day Kindergarten, Montessori, and Before and After Elementary School. For the summer months, the Discovery Center and the Montessori School offer a variety of summer camp programs that have separate enrollments serving an average of 125 children per week.

The programs are designed to meet the developmental needs of young children. The individual programs provide experiences that enrich and enhance each child's development. With the daily schedule, each child has opportunities to create, explore the environment, learn problem-solving and personal interaction skills, and learn concepts through first-hand experiences. Children develop a positive self-concept through a balance of self and teacher directed activities. The professional staff serves as positive role models and provides care and education that is supportive, nurturing, warm, and responsive to each child's individual needs. The staff respect parents as the primary and most important provider of care and nurturing, and believe that parents and teachers are partners in their child's care and education.

**Budget Commentary**

Expenditures for FY05 are estimated to come in slightly lower due to two full time staff leaving during the fiscal year and the replacements were filled with regular part time staff. This change in staff also resulted in slightly lower than expected health costs. Expenditures for FY06 are higher due to adding 1/4 position of the administrative clerk and the increased cost of health insurance.

## INFANT/TODDLER PROGRAMS

The Milo Peck Child Development Center offers two nationally accredited programs for children between the ages of three months and three years. Full day infant/toddler child care is offered year round and Montessori Toddler is an early enrichment program offered on a school year, half day schedule.

# INFANT/TODDLER PROGRAMS

## Products & Services

*Infant/Toddler* \$181,080  
• Conduct a year round full time program for 12 children age three months to three years.

*Montessori Toddler* \$37,760  
• Provide a half-day school year Montessori enrichment program for eight children age 18 months to three years.

# PRESCHOOL/KINDERGARTEN PROGRAMS

Provide a nationally accredited preschool, Montessori primary, and summer camps for children ages three through five on a part time or full time schedule. During the school year a total of 91 children are served in these programs with an additional 35 each week during the summer.

### ***FY 2005 Highlights***

The Windsor Discovery Center and Montessori School maintain dual accreditation status from the National Academy of Early Childhood Programs and the American Montessori Society until 2007.

The Milo W. Peck Child Development Center again offered a variety of programs and services for families attending the Center and community at large. For example, children at the Center collected 475 pounds of food for Foodshare in Windsor. Food was collected throughout the year for the Windsor Food Bank and families participated in Healthy People's Holiday toy drive for Windsor families. Children planted approximately 225 flowering bulbs on school grounds and over 55 children were fingerprinted by Identi-kid. Teachers offered parent education on the Montessori philosophy and curriculum to families of children attending the program and any new families interested in enrolling in the program.

The Windsor Discovery Center and Montessori School web site was redesigned and streamlined to include pictures of children and classrooms, program philosophies, staff pictures and credentials, and registration forms.

Staff of Windsor Discovery Center and Windsor Montessori School taught classes and presented workshops and seminars at Asnuntuck Community College and Three Rivers Community College. Staff also presented workshops for the Hartford Area Child Care, Collaborative, the Hartford Association for the Education of Young Children and the Windsor Parent Center.

The Milo Peck facility was retrofitted for new energy saving lights through a grant from CL&P.

Staff of Windsor Discovery Center and Windsor Montessori totaled over 610 hours of continuing education by attending workshops, seminars, professional training, and college credit classes in the field of education.

# **APPENDIX “A”**

**TOWN OF WINDSOR, CONNECTICUT  
CAPITAL IMPROVEMENT PROGRAM  
FY 2006-2011**

**Relationship Between Operating and Capital Projects Budgets**

The Town of Windsor prepares a Capital Improvement Program separate from its Operating Budget. The Operating Budget provides for general municipal service delivery, including personnel services costs, supplies, other contractual services, and certain capital equipment. Revenues for the Operating Budget are derived primarily from ad valorem taxes, user fees and intergovernmental sources.

The Capital Improvement Program is a financial plan for the expenditure of monies that add to, support, or improve the physical infrastructure, capital assets, or productive capacity of the Town. Capital projects typically have the following characteristics: expenditures which take place over two or more years, requiring continuing appropriations beyond a single fiscal year; funding with debt because of significant costs to be shared by current and future beneficiaries; systematic acquisition over an extended period of time in order to implement major operating systems or public programs; and scheduled replacement or maintenance of specific elements of physical assets. Revenues for capital projects can be derived from bond sales, current tax revenues, state and federal grants or private sources.

A proposed Capital Improvement Program is typically submitted to the Town Council, Town Planning and Zoning Commission and other review boards in the fall. Projects that require General Fund financing and appear in the first year of the proposed CIP are incorporated into the proposed operating budget which is submitted the following spring.

The following pages represent the schedule of projects in the proposed CIP, with any revisions made since the original submittal. The General Fund financing corresponds to the Capital Projects budget in section Q of this document.

## DEBT MANAGEMENT POLICY

Windsor continues to enjoy an outstanding credit rating of Aa2 by Moody's Investor Service and AA by Standard and Poor's Corporation, just one category lower than that assigned to obligations of the United States Government. In general, bond ratings are assigned by the rating services on the basis of established standards covering four basic criteria; economic strength and diversity, debt burden, administrative process and fiscal performance. In order to maintain its debt burden in line with available resources, the Town adheres to certain fundamental policies with respect to incurrence of debt: (A) Windsor maintains its total debt service requirement to within a range of 6% - 8% of its total operating expenditures; (B) when any new bonds are issued, the future forecasted annual debt service requirements will not exceed 8% of annual operating expenditures; (C) Windsor does not issue bonds, the total amount of which would exceed 50% of its legal debt limit; and (D) the Town will maintain an undesignated, unreserved fund balance of between 8% - 11% of annual general fund operating expenditures.

The Town's legal debt limit is in turn based upon its tax collections for the most recently completed fiscal year including interest and lien fees, and net of State reimbursements for revenue losses. For the current fiscal year, Windsor's base for establishing its debt limit is \$62,484,348. State law establishes various debt percentage limitations based on the purposes for which the debt is issued. The following limitations are currently in effect: (1) General Purpose, 2.25 times the base; (2) Schools, 4.50 times the base; (3) Sewer, 3.75 times the base; (4) Urban Renewal, 3.25 times the base; (5) Unfunded Past Pension, 3.00 times the base; (6) Total Debt, 7.00 times the base. At this time, the Town's total net direct and net overlapping indebtedness totals approximately \$53,112,102.

## CHARTER PROVISIONS CONCERNING ANNUAL BUDGET

### CHAPTER 8. FINANCE AND TAXATION

#### Sec. 8-1. Departmental estimates.

It shall be the duty of the town manager to compile preliminary estimates for the annual budget. The head of each department, office or agency of the town supported wholly or in part from town funds, or for which a specific town appropriation is made, except the board of education, shall, at least ninety (90) days before the end of the fiscal year, file with the town manager on forms provided by the town manager a detailed estimate of the expenditures to be made by said department or agency and the revenue, other than tax revenues, to be collected thereby in the ensuing fiscal year.

#### Sec. 8-2. Duties of town manager on budget.

Not later than thirty (30) days before the date of the annual budget meeting of the town, the town manager shall present to the council:

- (a) Estimates of revenue, presenting in parallel columns the itemized receipts collected in the last-completed fiscal year, the receipts estimated to be collected during the remainder of the current fiscal year, and estimates of the receipts to be collected in the ensuing fiscal year;
- (b) Itemized estimates of expenditures, presenting in parallel columns the actual expenditures for each department, office or agency for the last-completed fiscal year, the expenditures as estimated for the current fiscal year and the manager's recommendations of the amounts to be appropriated for the ensuing fiscal year. The manager shall present reasons for these recommendations. The president of the board of education shall have the same duties and follow the same procedure with respect to the budget for the board of education;
- (c) A program previously considered and acted upon by the town plan and zoning commission, in accordance with section 8-24 of the general statutes, as amended, concerning municipal improvements, of proposed capital projects for the ensuing fiscal year and for the fiscal years thereafter. Estimates of the cost of such projects shall be submitted by each department, office or agency annually in the form and manner prescribed by the manager. The manager shall prepare a six-year capital improvements program and shall recommend to the council those projects to be undertaken during the first year of such program and the method of financing the same. The council will establish by ordinance a capital improvement committee with at least one representative from the Public Building Commission to advise and assist the manager in preparing said program for the second through the sixth year of such program.
- (d) Nothing herein shall preclude the council from approving any capital project not included in the above described program.
- (e) Times of performance specified in this section are not of the essence, but are goals to be achieved for the orderly processing of the town budget.

#### Sec. 8-3. Powers and duties of council on budget.

The format of the supporting documentation for the estimates presented to the council under sections 8-2 (a) and 8-2 (b) shall be determined by the town council before January 15. The council shall hold one or more public hearings not later than fifteen (15) days before the annual budget meeting at which any elector or taxpayer may have an opportunity to be heard regarding appropriations for the ensuing fiscal year. Following receipt of the estimates from the town manager and the president of the board of education and the holding of such public hearing or hearings, the council shall prepare a budget which complies with any minimum standards or requirements of the state tax department and shall recommend the same to the annual budget

## APPENDIX G

meeting of the town. Sufficient copies of said budget shall be made so as to be available for general distribution in the office of the town clerk and the town manager, and at least five (5 ) days prior to said annual budget meeting the council shall cause to be published in a newspaper having circulation in the town a summary of the budget showing anticipated revenues by major sources, proposed expenditures by functions or departments, and the amount to be raised by taxation. The budget shall become effective when approved by said annual budget meeting and an official copy shall be filed with the town clerk.

### CHAPTER 9. THE TOWN MEETING

#### **Sec. 9-1. Annual budget meeting and special meetings.**

(a) Upon council approval of its recommended annual budget, it shall set a date for an adjourned town meeting vote on the voting machines. If any budget recommendation fails to pass, the council shall make adjustments and resubmit such adjusted budget recommendation to a vote on the voting machines until approved by the voters at which time the final budget shall be considered adopted.

This procedure for the adoption for the Annual Town Budget shall be in lieu of the petition procedures set forth in *Connecticut General Statutes* § 7-7.

(b) Special town meetings shall be called by the council when required under the terms of this Charter. The procedure for calling a special town meeting shall be as provided in the *Connecticut General Statutes*.

#### **Sec. 9-2. Procedure.**

All town meetings shall be called to order by the town clerk or in the absence of the town clerk, by the town manager or the mayor of the council. A moderator shall be elected and all business conducted in the manner now or hereafter provided by the general statutes, except as in this charter otherwise provided. It shall be the duty of the town clerk to serve as clerk of all town meetings but in the absence of the town clerk, an acting clerk may be designated by the meeting.

#### **Sec. 9-3. Appropriation - manner of approval.**

(a) Any appropriation in excess of one (1) per cent of the tax levy in the fiscal year for which the appropriation is made in addition to or supplementary to the annual budget appropriation, the issuance of bonds or notes in excess of two (2) per cent of the tax levy for the fiscal year in which the borrowing is made except notes in anticipation of taxes to be paid within the fiscal year in which issued, and any ordinance providing for the sale of real estate of the town valued in excess of ten thousand dollars (\$10,000.00) used or reserved for town purposes or any appropriation for the purchase of real estate valued in excess of ten thousand dollars (\$10,000.00) for such purposes, shall become effective only after it has been adopted at a town meeting by the vote of a majority of those present and entitled to vote at such meeting, except that any appropriation in excess of three (3) percent of the tax levy for the fiscal year for which the appropriation is made in addition to or supplementary to the annual budget appropriation and any bond issue or issuance of notes or other borrowing in excess of three (3) percent of the tax levy for the fiscal year for which the borrowing is made in any fiscal year shall only require approval by referendum vote on the voting machines at any regular or special election. The town meeting shall not act upon any proposal for the sale or purchase of real estate or the issuance of bonds or other borrowing, except upon the recommendation of the council contained in a resolution of said council nor act upon any appropriation which has not been acted upon by the council. The town meeting shall not increase the amount of any appropriation above the amount recommended by the council or make any appropriation not recommended by the council and shall not increase the amount of any bond issue above the amount recommended by the council.

(b) The annual budget shall be adopted in accordance with the procedures set forth in § 9-1.

(c) If the voters disapprove the budget appropriation recommended by the council, the annual budget appropriation for the then existing fiscal year shall be continued until the new budget appropriation is adopted.

## APPENDIX H

### GLOSSARY OF TERMS

**ACCOUNTING SYSTEM:** The total set of records and procedures which are used to record, classify, and report information on the financial status and operations of an entity.

**ACCRUAL BASIS OF ACCOUNTING:** The method of accounting under which revenues are recorded when they are earned (whether or not cash is received at that time) and expenditures are recorded when goods and services are received (whether cash disbursements are made at that time or not).

**APPROPRIATION:** An authorization made by the legislative body of a government that permits officials to incur obligations against and to make expenditures of governmental resources. Appropriations are usually made for fixed amounts and are typically granted for a one-year period.

**ASSESSED VALUATION:** A valuation set upon real estate and certain personal property by the Town Assessor as a basis for levying property taxes.

**ASSETS:** Property owned by a government that has a monetary value.

**BOND:** A written promise to pay (debt) a specified sum of money (called principal or face value) at a specified future date (called the maturity date[s]) along with periodic interest paid at a specified percentage of the principal (interest rate). Bonds are typically used for long-term debt.

**BUDGET DOCUMENT:** The official written statement prepared by the budget office and supporting staff which presents the proposed budget to the legislative body.

**BUDGET MESSAGE:** A general discussion of the proposed budget presented in writing as a part of or supplemental to the budget document. The budget message explains principal budget issues against the background of financial experience in recent years and presents recommendations made by the chief executive and budget officer (if not the chief executive).

**CAPITAL ASSETS:** Assets of significant value and having a useful life of several years. Capital assets are also called fixed assets.

**CAPITAL IMPROVEMENT PROGRAM:** A plan for capital expenditures to be incurred each year over a fixed period of several future years setting forth each capital project, identifying the expected beginning and ending date for each project, the amount to be expended in each year, and the method of financing those expenditures.

**CAPITAL OUTLAYS:** Expenditures for the acquisition of capital assets.

**CAPITAL PROJECTS:** Projects that purchase or construct capital assets. Typically a capital project encompasses a purchase of land and/or the construction of a building or facility.

**CASH BASIS:** The method of accounting under which revenues are recorded when received in cash and expenditures are recorded when paid.

**CONTINGENCY ACCOUNT:** A budgetary reserve set-aside for emergencies or unforeseen expenditures not otherwise budgeted for.

**DEBT SERVICE:** Payment of interest and repayment of principal to holders of a government's debt instruments.

**DEFICIT:** (1) The excess of an entity's liabilities over its assets. (See Fund Balance). (2) The excess of expenditures or expenses over revenues during a single accounting period.

**DEPRECIATION:** (1) Expiration in the service life of capital assets attributable to wear and tear, deterioration,

action of the physical elements, inadequacy or obsolescence. (2) That portion of the cost of a capital asset which is charged as an expense during a particular period.

**ENTERPRISE FUND:** A fund established to account for operations financed in a manner similar to a private business enterprise; i.e., where the costs of providing goods and services to the public are financed or recovered through user charges.

**EXPENDITURES:** Where accounts are kept on the accrual or modified accrual basis of accounting, the cost of goods received or services rendered whether cash payments have been made or not. Where accounts are kept on a cash basis, expenditures are recognized only when the cash payments for the above purposes are made.

**FULL FAITH AND CREDIT:** A pledge of the general taxing power of a government to repay debt obligations (typically used in reference to bonds).

**FUND:** An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources together with all related liabilities, obligations, reserves, and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives.

**FUND BALANCE:** The excess of a fund's assets over its liabilities. A negative fund balance is sometimes called a deficit.

**GENERAL FUND:** The fund supported by taxes, fees, and other revenues that may be used for any lawful purpose.

**GENERAL OBLIGATION BONDS:** When a government pledges its full faith and credit to the repayment of the bonds it issues, then those bonds are general obligation (GO) bonds. Sometimes the term is also used to refer to bonds that are to be repaid from taxes and other general revenues.

**GRANT:** A contribution of assets (usually cash) from one governmental unit or other organization to another unit or organization. Typically, these contributions are made to local governments from the state and federal governments. Grants are usually made for specified purposes.

**MATURITIES:** The dates on which the principal or stated values of investments or debt obligations mature and may be reclaimed.

**MILL:** The property tax rate that is based on the valuation of property. A tax rate of one mill produces one dollar of taxes on each \$1,000 of property valuation.

**MODIFIED ACCRUAL BASIS:** The basis of accounting under which expenditures other than accrued interest on general long-term debt are recorded at the time liabilities are incurred and revenues are recorded when received in cash except for material and/or available revenues, which should be accrued to reflect properly the taxes levied and revenue earned.

**OBJECT OF EXPENDITURE:** Expenditure classifications based upon the types of categories of goods and services purchased. Typical objects of expenditures include:

- personal services (salaries and wages);
- contracted services (maintenance contracts);
- supplies and materials; and
- capital outlays.

**OPERATING BUDGET:** A plan of financial operation embodying an estimate of proposed expenditures for the calendar year and the proposed means of financing them (revenue estimates).

**OPERATING TRANSFER:** Routine and/or recurring transfers of assets between funds.

## APPENDIX H

**REVENUE:** The term designates an increase to a fund's assets which:

- does not increase a liability (e.g., proceeds from a loan);
- does not represent a repayment of an expenditure already made;
- does not represent a cancellation of certain liabilities; and
- does not represent an increase in contributed capital.

**REVENUE ESTIMATE:** A formal estimate of how much revenue will be earned from a specific revenue source for some future period; typically, a future fiscal year.

**SPECIAL ASSESSMENT:** A compulsory levy made against certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties.

**TAX LEVY:** The total amount to be raised by general property taxes.

**TAX RATE:** The amount of taxes (mills) levied for each \$1,000 of assessed valuation.
