Office # (203) 446-6468

Dear Contractor,

The Community Development Office (CDO) utilizes federal funds to provide assistance to home-owners who are in need home repairs. As per federal guidelines, In order to qualify for contracts, in addition to having your installer license current, you will need to have a DUNS number and it will need to be registered with SAM.gov.

Included as part of these bid documents are the steps to obtain a DUNS number and register it with [sam.gov](http://sam.gov).

Should you have any questions please contact the office at (860) 285 1985.

Sincerely,

Flavia Rey de Castro

Community Development Specialist

Town of Windsor

Fax:(860) 285-1820

## **PART 2: GENERAL CONSTRUCTION NOTES**

**OWNER: Williams**

**PROJECT 2020Williams**

1. It is the Owners intention to proceed with the dwellings occupied during the entire construction project. Contractor shall coordinate with the Owner in all construction operations to minimize conflict and to facilitate the Owner usage of the dwelling, parking, and access to the building. Working hours are Monday – Saturday 7:30 AM – 5:00 PM unless otherwise agreed to and or modified by the Owner.
2. The Contractor shall perform all work to accommodate to the greatest extent reasonable the normal use of the premises by the Owner and Tenants during the construction period.
3. The selected Contractor must, prior to contract signing, supply the Town and the Owner with proof of insurance for workers compensation insurance and general liability insurance with a broad form contractual endorsement with minimum limits of one million (\$1,000,000.00) dollars per occurrence for bodily injury and five hundred thousand (\$500,000.00) dollars per occurrence for property damage. The Contractor shall indemnify and save and hold harmless the Owner and the Town under these policies, which shall list the Town, its agents and the Owner as additional insured.
4. The Contractor and Owner agree that all services offered by the Town through the Consultant, which may affect the Contractor or Owner, are offered by the Town in order to assist in the project implementation and the necessary program compliance. The Contractor and Owner agree to, upon review and acceptance of such services provided, indemnify, defend, save and hold harmless the Town and Consultant, their officers, agents and employees from whatsoever (including, without limitation, reasonable attorney's fees and other costs and expenses incident to any suit, action or proceeding) incurred or sustained by Town or Consultant which shall arise out of or result from Consultant's performance in good faith of services pursuant to the Professional Services Contract. The Contractor or Owner agree that the Consultant shall not be liable to the Contractor or Owner, or their heirs, successors or assigns, for any act performed within the duties and scope of employment pursuant to the Professional Services Contract.
5. In the event that the Owner is dissatisfied with the work performed although the work has been completed to industry standards and has been approved by the local Town's code enforcement officials and the Rehabilitation Consultant, the Owner's approval will be overridden, full payment will be issued to the contractor and the project will be officially closed.
6. The Owner will supply all necessary power required by the Contractor to complete his work. Power shall be limited to the use of existing outlets and shall not exceed the existing ability of the system. Power required over the ability of the existing electrical system shall be the responsibility of the Contractor. Heating during construction shall be supplied by the Owner.
7. The specifications do not attempt to detail every task and procedure required to perform the work in full. The Contractor shall perform the work as required to complete the work in a professional manner using customary trade practices and standard work practices.

8. The Contractor shall take every precaution to ensure the safety of the occupant(s) during all phases of construction. The Contractor shall to the greatest extent reasonable maintain a least one exit for access. Coordinate restrictions and closures with Owner. The Contractor shall be responsible for protecting the dwelling and contents from weather and or physical damage during construction. The Contractor shall be responsible for any damage caused to the building and or contents caused by lack of said protection to the dwelling or contents until completion of the contract at no additional cost to the Owner.
9. The contractor will be responsible for covering and protecting large furniture unable to be removed from the respective work areas. The Contractor will be responsible for the movement of the owner's furnishings as required to facilitate the proposed work. The Owner is responsible for the movement and safe keeping of valuable personal belongings and small items and furniture in the project area.
10. Plants, shrubs, and lawn areas are to be protected from damage and debris. Repair and/ or replacement of all damage to existing landscaping shall be done at no additional cost to the Owner.
11. The Contractor shall take all necessary measures and precautions to protect the surroundings from damage occurring due to performance of the work. All areas and surfaces of the existing building which are affected by the execution of the new work (removals, demolition, repairs etc.) shall be patched and restored to either match the existing adjacent conditions or to match the new work, whichever is applicable. If such damage occurs it will be repaired by the Contractor at no cost to the Owner. Contractor shall provide all temporary shoring, bracing and other construction (interior and exterior) required to perform the work of this contract.
12. The Contractor shall provide all material, labor, and equipment required to complete the work specified within.
13. The contractor shall obtain all required permits and schedule necessary inspections with the Windsor Building Department and Construction Specialist. Contractor is responsible for any plans, drawings and specifications that the Building Department may require. All rehabilitation, alterations, repairs, or extensions shall be in compliance with all applicable national, state and local codes, HUD requirements or compliance with the latest edition of the International Building Code, which ever applies and is the more strict. All electrical, heating, and plumbing work shall comply with the rules and regulations of the National, State and Local Codes.
14. Contractor shall verify critical dimensions, operations and functions in the field before ordering or fabricating items which must fit adjoining construction. The Contractor shall verify all existing conditions and dimensions prior to the work. Any and all discrepancies shall be reported to the Owner and Consultant prior to ordering any materials or performing the work.
15. The Contractor shall follow manufacturer's instructions for assembly, installation and product adjustment. In the event of conflicting specifications the specifications of the manufacturer shall prevail.
16. The Contractor shall notify the Owner and Consultant, within 24 hours of discovery, in the event unforeseen circumstances. If the work is deemed additional or extra by the Consultant then a change order will be negotiated, executed and authorized by the Contractor, Owner and Consultant prior to the commencement of the work. Any work performed prior to the execution of a change order may not be considered for payment.

17. The selected Contractor shall attend a contract signing and pre-construction meeting as scheduled by the Owner and Consultant. The selected Contractor shall attend periodic job meetings during the course of construction, on site, as required
18. If the Contractor is delayed at any time in the progress of the work by any act or neglect of the Owner or by any employee of the Owner, or by any separate Contractor employed by the Owner, or by changes ordered in the work or by labor disputes, fire, unusual delay in delivery of materials, transportation, adverse weather conditions not reasonably anticipatable, unavoidable casualties, or any cause beyond the Contractor's control, or by delay authorized by the Owner pending arbitration, or by any other cause which justifies the delay, the contract time shall be extended by Change Order for such reasonable time as may be agreed upon by all parties. It shall be the responsibility of the Contractor to request and document in writing such extensions within three (3) calendar days.
19. If, through any cause, the Contractor shall fail to fulfill in a timely and proper manner his obligations under this or the Contract, or if the Contractor shall violate any of the covenants, agreements, or stipulations of the Contract, the Owner shall, thereupon, have the right to terminate the Contract by giving written notice by certified mail to the Contractor of such termination and specifying the effective date of such termination. In such event, all unfinished work required by the Contractor under this Contract shall, at the option of the Owner, be completed or not.
20. In the event that the Contractor does not commence or pursue the work as hereinafter stated, then the Owner shall have the right to terminate the Contract and to hire a successor Contractor to perform the work. Any such termination shall be by certified mail to the address noted in the Contract, and shall be effective as of the date of mailing. Payments by the Owner in the event of termination shall be as follows:
21. The successor Contractor shall first be paid and then the terminated Contractor. Payments to the terminated Contractor shall be limited both as to those funds remaining after payment to the successor Contractor but shall not exceed the value of the work actually performed by the terminated Contractor. Further, should the total cost for work performed under the Contract exceed the amount stated in the Contract due to the Contractor's termination, then the Owner shall have a cause of action against the terminated Contractor for any such additional cost.
22. The Contractor may request a maximum of 1 progress payment as work is completed in accordance with the attached specifications. The request shall be in the form of an itemized bill for that portion of work completed by the Contractor. All requests for payment shall be accompanied by a fully executed Lien Waiver on a form provided by the Town. Final payment is contingent upon the receipt of a signature of the respective inspector for which each permit was issued. The Contractor shall be responsible for obtaining the signatures and presenting them upon final payment. No final payment shall be made until the project has been shown to be free of all liens and restriction and all guarantees from the Contractor and from manufacturers, as they apply to the work, are presented to and accepted by the Owner.

~~23. OTHER PROVISIONS — LEAD BASED PAINT~~

~~The Contractor shall be responsible for all details/actions noted in the attached lead report. Any and all rehabilitation work under this Agreement will comply with the requirements of the Federal Lead Based Paint Poisoning Prevention Act (42 U.S.C. 4831) which prohibits the use of lead based paint in residential structures~~

~~constructed or rehabilitated with Federal Assistance in any form. The construction or rehabilitation of residential structures with assistance provided under this contract is subject to the final regulations "Requirements for Notification, Evaluation and Reduction of Lead Based Paint Hazards in Federally owned Residential Property and Housing Receiving Federal Assistance." The regulation is at 24 CFR part 35.~~

#### 24. SUBMITTALS

The following list of submittals is for the convenience of all parties concerned it is not necessarily a complete list of all submittals required.

Submit the following before the start of work:

- a. Copy of building permit.
- b. Material submittals.

Submittals before Certificate of Completion and final payment.

- a. Acceptance of work from local Building Official.
- b. All warranty and guarantee information.
- c. Signed and notarized lien waivers from first tier subcontractors and suppliers.
- d. Lead clearance test results if required.

## **PART 3: SCOPE OF WORK**

### SCOPE OF WORK

---

Williams Residence  
31 Rood Avenue  
Windsor, CT 06095

Project # Williams2020  
October 8, 2020

#### **2) Electrical-**

- A. Remedy the following electrical deficiencies applying all applicable codes, regulations and standards.
  - 1. Kitchen- Provide GFCI protection to all devices at counter level in kitchen (4)
    - a) Located on "c" walls
    - b) Verify integrity of box, wiring and ground
    - c) Install new covers, matching colors and style

2. Bathrooms- Provide GFCI protection to all devices at counter level in both first and second floor hall baths (2)
  - a) Located at counter
  - b) Verify integrity of box, wiring and ground
  - c) Install new covers, matching colors and style
3. Verify integrity of switch located at main entry foyer.
  - a) Presently the dimmer switch is not working (4) foyer recessed lights.
  - b) Replace if found to not be functional.
4. Replace thermostat
  - a) Style per owner (\$100 material allowance)
  - b) Refer to specifications for additional information, all work to be performed to code requirements
5. Install line voltage feed, box and receptacle
  - a) Located at the newly installed basement sump pump
  - b) Install new covers, matching existing color and style
  - c) Verify integrity of boxes, wiring and ground

### 3) **Plumbing**

- A. Repair plumbing leak
  1. Located at basement water line to rear spicket
    - a) Locate and repair leak
    - b) All work to be performed per building code requirements
    - c) Refer to specifications for all work
- B. Install Sump Pump System in Basement (ALTERNATE 3)
  1. 1/s hp primary AC pump
  2. Pump to Include battery backup
    - a) 120 amp sealed battery
  3. Discharge line to extend 15' from home
    - a) Install outlet at end of discharge line.
  4. All work to be conducted in accordance with Town of Windsor building codes.

### 4) **Hot Water Heater**

- A. Replace existing electric hot water heater
  1. Provide and install new RHEEM Performance Platinum Natural Gas Water Heater or approved equal.
    - a) 50-gallon, 12 year warranty.
  2. All plumbing, valves, fixtures are to be included by the contractor for a complete installation
  3. Verify manufacturers required distance to combustibles, verify existing fire rated assembly is adequate as per code and manufacturer
  4. Test unit to verify proper functionality
  5. Refer to specifications for additional information
  6. All work to be performed to code requirements
- B. Remove inoperable energy saving device
  1. Properly dispose of device.

**5) Replace front stairs to street- PT (ALTERNATE 1)**

- A. Demo existing stairs including footing
  - 1. Rebuild 42" wide stairs with Pressure Treated Material
  - 2. Provide new 12" x 42" concrete footings and 4" thick concrete landing
  - 3. Provide code compliant pressure treated guard and graspable railings
  - 4. Refer to specifications for all work
  - 5. All work to be performed to code requirements

**6) Replace front stairs to street- Precast (Alternate 2)**

- A. Demo existing stairs including footing
  - 1. Install 48" wide precast banking step
  - 2. Include the installation of piers as needed
  - 3. Verify number of sections required to ascend slope including intermediate and base landings per code.
  - 4. Provide and install coated pipe railing as required by code.
  - 5. All work to be performed to code requirements

**7) Front Walk**

- A. Install concrete walk in location where prior walk existed
  - a) Located at "A" façade entry Approximately 12'.
  - b) Form, reinforce and pour new 4" thick concrete sidewalk
  - c) Use existing elevations to benchmark new work, new sidewalk shall pitch away from home and join newly installed street stair.
  - d) Add gravel sub base as needed and compact with vibratory plate compactor
  - e) Use minimum 3,000# concrete mix
  - f) Reinforce with welded wire mesh (typical)
  - g) Set control joints no more than 4' o.c. (typical)
  - h) Set expansion joints no more than 12' o.c. (typical)
  - i) Provide broom finish (typical)
  - j) Refer to specifications and all work to be performed to code requirements

**8) Front Porch**

- A. Replace footing and posts at two locations under front porch.
  - 1. Remove existing supports and footings
  - 2. Pour new 12" x 42" concrete footings
  - 3. Replace 4x4 posts
  - 4. All work to be performed to code requirements
- B. Graspable Rails
  - 1. Provide and install graspable handrails on rear deck staircase
  - 2. Paint/stain to match existing rails.

## 9) Doors

### A. Patio Door Replacement

1. Remove and replace sliding patio door
2. Located at "c" façade
3. Install Therma-Tru sliding patio doors with low E glass and screens or approved equal
4. Replace interior/exterior trim as needed and paint or stain all disturbed work matching existing finishes as needed
5. Install insulation in cavities and caulk all edges
  - a) All unit to be white
  - b) Refer to specifications for additional information
  - c) All work to be performed to code requirements

### B. Bulkhead Door

1. Install new rear exterior steel bulkhead door "c" facade
2. Remove existing door and components
3. Provide & install new Bilco Steel Door, verify size
4. Repair degraded masonry and provide new PT 2x sill plate,
5. Remove and replace siding as needed to provide new head flashing
6. Provide spot priming, caulking and painting
7. Refer to specifications below for all work.

### Painting Instructions

IMPORTANT: Door must be painted within forty five (45) days of installation. Bilco recommends using Sherwin Williams All Surface Enamel A11 Series in a matching color.

## 10) Drywall Repair- 2 locations

### A. Kitchen repair

1. Scrape entire textured ceiling in kitchen and dining area.
2. Provide tape and finish coats of compound in repaired and scraped areas.
3. Prime and paint 2 coats ceiling white.
4. Homeowner to finish any wall painting resulting from ceiling repair.

### B. First floor bath repair.

1. Scrape entire textured ceiling in bathroom.
2. Provide tape and finish coats of compound in repaired and scraped areas.
3. Prime and paint 2 coats ceiling white.
4. Homeowner to finish any wall painting resulting from ceiling repair.

## 11) Kitchen Floor Tile

### A. Replace section of missing tile, approx. 25 sq/ft

1. Homeowner to supply 12" tile
2. Prep floor for new tile installation
3. Grout and seal repaired area
4. Install new kitchen toe kick as needed.

**12) Windows (Alternate 4)**

- A. Remove and discard window sashes properly.
- B. Remove existing storm windows and wood window sashes and replace with replacement vinyl windows, verify sizes
  - a) 9 double hung "a" façade
  - b) 2 double hung "b" façade
  - c) 5 double hung "c" façade
  - d) 1 double hung "d" façade
- 1. Paint or stain new or disturbed work
- 2. Install insulation in cavities and caulk all edges
- 3. Replace or add existing interior/exterior stops as needed Install full screens
- 4. All windows to be manufactured by Jeld-Wen (with energy star glazing package) or an approved equal.
  - a) Refer to specifications for additional information

**Scope review and approval;**

I \_\_\_\_\_ the owner, reside at 31 Rood Avenue, Windsor CT and have reviewed the scope of work and agree to the items listed.

Thomas Foley, Housing Rehabilitation Specialist

**Cost Estimate**

I understand and agree to the estimated cost for housing rehabilitation work at my residence at the following address:

31 Rood Avenue

Windsor CT 06095

Project # Williams2020

Estimated General Rehab Costs: \$35,000.00

Total Estimated Cost: \$ **35,000.00**

***THIRTY FIVE THOUSAND DOLLARS AND ZERO CENTS***

**PART 4: BID PROPOSAL FORM**

October 12, 2020

Project # 2020Williams

Bid #

Project Address: 31 Rood Avenue  
Windsor, CT 06095

Prospective Bidders:

The undersigned agrees, declares and represents the following:

- 1) The bidder has carefully examined the Bidding Documents. The bidder has personally and carefully examined the Site of Work as well as adjacent areas and has sought other usual sources of information regarding site conditions, together with the local sources of supply. The bidder understands the requirements as to the quantities, submitted project schedule and conditions relating to and affecting the performance of the Work and hereby waives any and all rights to claim any misunderstanding regarding the same.
- 2) The bidder is to perform and complete the work required by and in conformity with the Bidding Documents and that the bidder is to receive and accept in full compensation for the performance and completion of the Work, the amount of its lump sum bid set forth in section A, and as further adjusted in accordance with the unit prices, if any, listed in section B and section C.
- 3) The contract will be awarded to the bidder submitting the lowest bid who is qualified to perform the work and in the opinion of the Town of Windsor Economic Development Office and Signal Rock Consulting is responsible and responsive. The Town of Windsor Economic Development Office and Signal Rock Consulting reserve the right to reject any proposal if the alternates set forth in Section B are not fair and reasonable prices for the items of Work and to reject any proposal or all proposals.
- 4) If written Notice of Award of The Contract is delivered to the bidder within seven (7) days after the date of opening of proposals, the bidder will execute the Agreement contained in the Bidding Documents and deliver the same together with the required Certificates of Workers Compensation, proof of Liability Insurance and ~~Lead-safe work certification.~~
- 5) Contractor is responsible for all permit fees, labor, material, and taxes related to the work listed herein. All work must be performed in compliance with all applicable National, State and local Codes, and must be coordinated with the work of all other trades specified elsewhere. The contractor is responsible to provide complete, thorough and code compliant services to all work.
- 6) The Contractor shall comply with all federal, state and local laws in the performance of the Contract;
- 7) The contractor shall submit a tentative project schedule consistent with the one set forth in section G. At Notice of Contract Award, the Contractor shall submit and be accountable for a revised project schedule. This revised schedule shall be submitted at the pre-construction meeting post contract execution.
- 8) In addition, with the other terms of the Contract, the Contractor shall comply with the provisions of Connecticut General Statutes Section 20-418 et seq.

**ATTACHMENT A: CANCELLATION NOTICE**

Small Cities Housing Rehab Program Right of Rescission Cancellation Notice

Dear Contractor,

Under the regulations of the Small Cities Housing Rehab Program, I, as Owner, have a right to cancel the contract I have signed with you for work to be done on my home under the provisions of the Small Cities Program.

I must so cancel within 3 business days between the date I receive Attachment A as part of a fully executed contract and today's date not counting either of those two dates.

I understand that after \_\_\_\_\_, 11:59 pm, I will no longer be able to cancel without penalty.

In signing this cancellation notice and sending it to you, I am exercising my right to cancel. Please note: this is a notice to NOT PROCEED.

## OWNERS' LETTER REGARDING NOTICE TO PROCEED

Small Cities Housing Rehabilitation Program  
c/o Signal Rock Consulting  
57 Willow Street  
Milford, CT 06460

Dear Mr. Foley,

Please be advised that I have received two copies of the notice entitled Attachment A (cancellation notice); that at least three business days have passed between the date I received that notice and today's date not counting either of those two dates; that the rescission period specified in that notice has passed and that I have not exercised my right to rescind the transaction referred to in that notice.

Please issue \_\_\_\_\_(my contractor) a Notice to Proceed with the work described in our contract dated \_\_\_\_\_.

Sincerely,

---
