Memorial Day Update

For everyone's safety, the Holiday Observance Committee has canceled its traditional Memorial Day observances and parade. Staff is working with representatives of the American Legion and VFW to produce a video that will include portions of the traditional observances, such as the reading of the names of Windsor Veterans whom we have lost in the past year. This special presentation will be broadcast on WIN-TV, WGTV and the town's social media outlets on Memorial Day to ensure we respectfully honor those who have made the ultimate sacrifice. Members of the community are invited to participate in this production by videotaping themselves, their family or children reciting

the *Pledge of Allegiance*, *Flanders Field* or the *Gettysburg Address*. Detailed information is available on the town's website at townofwindsorct.com.

Street Paving Schedule

The first phase of street milling and overlay has been delayed until mid June. The work was expected to begin this week, but the contractors' availability has changed. Work on Willowcrest Drive, Southwood Drive, Nod Road, West Wolcott Avenue and Grant Circle is now expected to start in mid-June.

Online Renewals:

Online renewals will be available on our website beginning on June 1st.

Update on Town Facilities and Programs

Town Hall and our other buildings remain closed to the public. Citizens may continue to use our various on-line services or they can contact town departments by phone or email to discuss how best to complete a desired transaction. Appointments can be made for time sensitive essential services.

We are currently making physical modifications to our customer service areas as well as preparing informational and directional signage for reopening to the public.

Many of our summer programs will be delivered in a modified way and unfortunately some programs may not be able to be offered. Staff has been reviewing various state and national guidelines and developing new operational plans. I expect announcements of the modified programs schedule to be made at the beginning of June.

I encourage everyone to continue to:

- practice social distancing
- practice good hygiene
- remember to wear a face covering
- and please do not use the various playscapes at the schools and parks

Thank you to all for your continued patience and understanding as we work through this together.

Town Manager Souza stated that in terms of the testing from public comment, there was an increase of the reported positive cases over the course of the weekend. Town Manager Souza noted that there are two factors from this, first being lags in reporting and second was additional testing done at the nursing homes in the recent week.

Councilor Black-Burke asked in regards to the Poquonock repaving project being ahead of schedule, is there any follow-up on the playscape and steps with that. Town Manager Souza stated that Danielle Batchelder, the BOE Business Manager has been in communication with staff regarding the design. He stated that as of two weeks ago, the design was in its final stages, but that he would get back to her.

Councilor Rampulla Bress stated that the title of the film was “**Angst: raising awareness around Anxiety.**” Councilor Rampulla Bress said that she was thankful to see an email go out about this and it’s so helpful during this time.

Councilor Jepsen asked if there has been any decisions on the pools. Town Manager Souza stated that was an excellent question. Town Manager Souza noted that at this time the State Department of Health has not issued firm guidance in opening public or semi-public pools. Town Manager Souza stated that he believes that there will be no swim lessons, but has not seen final guidelines yet. Town Manager Souza noted that he is still hopeful that it will be a modified program without swim lessons.

b) Approve Suspense List

MOVED by Councilor Wilkos, seconded by Councilor Dobler that \$170,303.90 motor vehicle, supplemental, and personal property taxes be transferred to the Suspense Tax Book from the following respective Grand List years.

OCTOBER 1, 2012 -	\$	148.27
OCTOBER 1, 2013 -	\$	148.79
OCTOBER 1, 2016 -	\$	170,006.84

Town Manager Souza invited Cathy Elliott, Tax Collector to present to the Council.

Ms. Elliott stated in accordance with Connecticut State Statutes §12-165, the Suspense List must be submitted annually to the Town Council. This list consists of motor vehicle, supplemental, and personal property taxes on the 2016 Grand List that are considered not collectable. Also included are two accounts from prior Grand Lists which were added on after their respective lists had been suspended and are still showing as active accounts.

Councilor Wilkos asked if we transfer these accounts to the CT DMV, does that interfere with people leaving the state. Ms. Elliott stated that some states tell people they should be current, but she doesn’t know which ones will do that. She noted that most of the accounts that make up the suspense list are from people moving out of state.

Motion Passed 8-0-0 (Councilor Govoni absent)

- c) Authorize acceptance and expenditure of grant funds for the Deerfield Road Rehabilitation Project with the Town Council acting in lieu of a Special Town Meeting per Executive Order 7S

Motion to Approve Findings Per Executive Order 7S

MOVED by Councilor Jepsen, seconded by Deputy Mayor McAuliffe that per Executive Order 7S, the Windsor Town Council finds that to prevent possible financial loss and permit the orderly operation of the municipality the Town Council, as the town's legislative body, is acting in lieu of the Special Town Meeting, with regard to the First Supplemental Project Authorization Letter for the Deerfield Road Rehabilitation Project, Project No. L164-0005, under Master Agreement No. 02.28-02 (13).

Town Manager Souza stated that the Governor's Executive Order 7S requires a suspension of in-person voting requirements and the Town Council can act in lieu of a special town meeting. Town Manager Souza noted that Town Attorney Fitzgerald has reviewed this order and reviewed the motion under consideration at this time and found it to be in order. Town Manager Souza said that the Council does need to make specific findings that permit the Council to act as a Special Town Meeting. The two primary reasons as stated in the agenda item summary and the motion relate to the ability for the work to get done in this construction season. Town Manager Souza said that a delay in this action for the Executive Order to get modified, could very well last through the entire summer. This would allow the contractor to get started on Deerfield Road in June, otherwise we could very well lose the ability to complete this rehabilitation work during the construction season. Town Manager Souza stated that there is also the possibility we could lose all or part of the state funding. The state is funding 100% of the construction costs of this project and given the unknown fiscal impact of the COVID19 pandemic, we would like to move this project forward at this time so the grant has no financial impact to the town.

Motion Passed 8-0-0 (Councilor Govoni absent)

Adam Kessler, Assistant Town Engineer stated the supplemental PAL for the Deerfield Road Rehabilitation project includes a total estimated construction cost of \$1,047,329.40, with the project being funded 100% by the state. Upon the execution of the supplemental PAL, the state will transfer money in the amount of the low bid (\$872,774.50) plus an additional 20% to cover construction inspection and administration, material testing, and other miscellaneous costs. When the project is complete, any remaining funds are to be returned to the state. Anticipated construction start date is June 1.

A Special Town Meeting is required to authorize the acceptance of state grant funds and expenditure of funds for the project and to authorize the Town Manager to sign the supplemental PAL. In response to the COVID-19 pandemic, Governor Lamont has issued a series of Executive Orders. Executive Order 7-S requires the suspension of in-person voting requirements for certain time sensitive municipal financial decisions, including supplemental, additional or special appropriations pursuant to Section 7-348 of the

General Statutes or any similar municipal charter requirement. This Executive Order was subsequently amended by Executive Order 7-CC, Paragraph 1 to include “the application for or acceptance of any grants, funding, or gifts.”

Motion to Approve Acceptance and Expenditure of Grant Funds

MOVED by Councilor Jepsen, seconded by Deputy Mayor McAuliffe to adopt the acceptance and expenditure of grant funds from the State of Connecticut of \$1,047,329.40 for the Deerfield Road Rehabilitation Project; and Peter Souza, Town Manager be authorized to sign the First Supplemental Project Authorization Letter for the Deerfield Road Rehabilitation Project, Project No. L164-0005, under Master Agreement No. 02.28-02 (13).

Town Manager Souza stated that this is the fourth project that the town has received funding for through this particular grant program.

Motion Passed 8-0-0 (Councilor Govoni absent)

- d) Volunteer appointments to the Lower Farmington River and Salmon Brook Wild and Scenic Committee

Deputy Mayor McAuliffe stated that the National Park Services' Partnership Wild & Scenic rivers program provides for exceptional rivers to be designated as “Wild and Scenic” by Congress. The Lower Farmington River & Salmon Brook achieved this designation in 2019. As part of the designation, a coordinating committee has been formed. Each town along the designated waterways has been asked to appoint two members to the Lower Farmington River and Salmon Brook Wild and Scenic Coordinating Committee.

The Town Council, through the Personnel Committee, is requested to initiate a process of soliciting applications from residents interested in serving and making appointments to the Lower Farmington River and Salmon Brook Wild and Scenic Coordinating Committee.

Each town may appoint a regular member and an alternate member. As a voting member on the Committee, the representative will have one vote on committee matters requiring a vote. Representatives will also act as liaisons between the town and the Committee in helping to address relevant river related information and in working on projects to further the goals of the Lower Farmington River and Salmon Brook Wild & Scenic Management plan.

Councilor Jepsen asked if these appointments have a term. Town Manager Souza stated the information provided to us did not have a length of term. Town Manager Souza said that he will investigate that with the Farmington River Watershed Association and provide that information to the Personnel Committee during their review of applicants.

Councilor Rampulla Bress is wondering who would be responsible for putting the notice out to the community about the application. Councilor Rampulla Bress asked if it would be similar to processes for Board and Commissions. Town Manager Souza said that town

staff would be pleased to do that similar to what we do for the Boards and Commissions and that will do it through a variety of means.

13) RESIGNATIONS AND APPOINTMENTS

Councilor Rampulla Bress asked for clarification in reading names more than once. Councilor Rampulla Bress stated that she doesn't see the need to do this twice. Councilor Jepsen stated that traditionally we have not read them for the first meeting. It's more for the Council to see who is being proposed to take the vacant slots and they are read the second time with the actual motion to appoint the applicant. Councilor Rampulla Bress stated that from now they will be presented in a list to look over first and then at second meeting will be read.

MOVED by Councilor Rampulla Bress, seconded by Councilor Jepsen to:

- Reappoint Ricardo Quintero as a Democratic member to the Greater Hartford Transit District for a four year term to expire February 28, 2024 or until a successor is appointed
