REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM, INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

To the Members of the Town Council
Town of Windsor, Connecticut

Compliance: We have audited the compliance of the Town of Windsor, Connecticut with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2003. The Town of Windsor, Connecticut's major federal programs are identified in the summary of independent auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Town of Windsor, Connecticut's management. Our responsibility is to express an opinion on the Town of Windsor, Connecticut's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in "Government Auditing Standards," issued by the Comptroller General of the United States; and OMB Circular A-133, "Audits of States, Local Governments, and Nonprofit Organizations". Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Town of Windsor, Connecticut's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Town of Windsor, Connecticut's compliance with those requirements.

In our opinion, the Town of Windsor, Connecticut complied, in all material respects, with the requirements referred to above that are applicable to its major federal programs for the year ended June 30, 2003.

Internal Control Over Compliance: The management of the Town of Windsor, Connecticut is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Town of Windsor, Connecticut's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Expenditures of Federal Awards: We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Town of Windsor, Connecticut as of and for the year ended June 30, 2003, and have issued our report thereon dated January 15, 2004. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the Town of Windsor's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Town Council and management of the Town of Windsor, Connecticut and federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

II. FINDINGS RELATING TO THE FINANCIAL STATEMENT AUDIT AS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GENERALLY ACCEPTED GOVERNMENT AUDITING STANDARDS (“GAGAS”).

A. Reportable Conditions in Internal Control

IC03-1. Finding:

There is a lack of segregation of duties in several major departments throughout the Town. In some departments, the same individual who opens the mail, receives checks, makes the deposits, and prepares the cash receipts journal. The journals and the deposit slips are forwarded to Finance. The Finance Department reconciles all of the bank statements. The major departments in which a lack of segregation of duties exist are as follows:

- Building
- Planning and Zoning
- Day Care
- Finance Department

Recommendation:

The segregation of duties of the Town’s cash receipts could be strengthened by having someone other than the individual who opens the mail prepare the deposit and record the amounts in the cash receipts journal.

IC03-2. Finding:

Student activity funds do not have adequate controls. For some transactions, there are no disbursement vouchers maintained and no approval of the invoices. Also, for some transactions, there are no receipts maintained.

TOWN OF WINDSOR, CONNECTICUT

SCHEDULE OF FINDINGS AND QUESTIONED COSTS, Continued
For the Year Ended June 30, 2003

Recommendation:

All disbursements should have vouchers and should be approved by two individuals, the department head and the Principal, to ensure propriety of the expenditure. For collections, there should be receipt vouchers to support the amounts collected. This will ensure accurate recording of all student activity funds.

IC03-3. Finding:

The Planning, Zoning and Building office maintain one cash register in their department. The register can be accessed by many individuals and is reconciled every two to three weeks. The checks are not restrictively endorsed upon receipt.

Recommendation:

The cash register should only be maintained by a few individuals and should be locked when it is not in use. The cash register should be counted on a daily basis and the cash should be removed and locked in a vault. At the end of the week, all of the cash and checks should be reconciled. Checks should also be restrictively endorsed immediately upon receipt to prevent loss of funds.

IC03-4. Finding:

It was noted that the Town's deposits were not always made in a timely manner.

Recommendation:

We recommend that all monies collected by the town be restrictively endorsed and deposited on a timely basis.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON
INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN
AUDIT OF THE BASIC FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Members of the Town Council
Town of Windsor, Connecticut

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Town of Windsor, Connecticut as of and for the year ended June 30, 2003 that collectively comprise the Town of Windsor's basic financial statements, and have issued our report thereon dated January 15, 2004. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in "Government Auditing Standards," issued by the Comptroller General of the United States.

Compliance: As part of obtaining reasonable assurance about whether the Town of Windsor, Connecticut's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under "Government Auditing Standards."

Internal Control Over Financial Reporting: In planning and performing our audit, we considered the Town of Windsor, Connecticut's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the Town of Windsor, Connecticut's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the accompanying schedule of findings and questioned costs as items IC03-1 to IC03-4.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. However, we believe none of the reportable conditions described in the accompanying schedule of findings and questioned costs are material weaknesses.

However, we noted other matters involving the internal control over financial reporting that we have reported to management in a separate letter dated January 15, 2004.

This report is intended solely for the information and use of the Town Council and management of the Town of Windsor, Connecticut and federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM, ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE STATE SINGLE AUDIT ACT AND ON THE SCHEDULE OF AWARDS/EXPENDITURES OF STATE FINANCIAL ASSISTANCE

To the Members of the Town Council
Town of Windsor, Connecticut

Compliance: We have audited the compliance of the Town of Windsor, Connecticut with the types of compliance requirements described in the "Office of Policy and Management Compliance Supplement" that are applicable to each of its major state programs for the year ended June 30, 2003. The major state programs are identified in the summary of audit results section of the accompanying schedule of State Single Audit compliance findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major state programs is the responsibility of the Town of Windsor, Connecticut's management. Our responsibility is to express an opinion on compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in "Government Auditing Standards", issued by the Comptroller General of the United States; and the State Single Audit Act (C.G.S. Sections 4-230 to 4-236). Those standards and the State Single Audit Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Town of Windsor, Connecticut's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Town of Windsor, Connecticut's compliance with those requirements.

In our opinion, the Town of Windsor, Connecticut complied, in all material respects, with the requirements referred to above that are applicable to each of its major state programs for the year ended June 30, 2003.

Internal Control Over Compliance: The management of the Town of Windsor, Connecticut is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to state programs. In planning and performing our audit, we considered the internal control over compliance with requirements that could have a direct and material effect on a major state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance to test and report on internal control over compliance in accordance with the State Single Audit Act.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major state program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Awards/Expenditures of State Financial Assistance: We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Town of Windsor, Connecticut as of and for the year ended June 30, 2003, and have issued our report thereon dated January 15, 2004. Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of awards/expenditures of state financial assistance is presented for purposes of additional analysis as required by the State Single Audit Act and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the management and the Town Council of the Town of Windsor, Connecticut, the Office of Policy and Management, and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

NOTE TO SCHEDULE OF AWARDS/EXPENDITURES OF STATE FINANCIAL ASSISTANCE

For the Year Ended June 30, 2003

Various departments and agencies of the State of Connecticut have provided financial assistance to the Town of Windsor, Connecticut through grants and other authorizations in accordance with the General Statutes of the State of Connecticut.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Town of Windsor, Connecticut conform to accounting principles generally accepted in the United States of America as applicable to governments. The following is a summary of the more significant policies relating to the aforementioned grant programs.

Basis of Accounting

The financial statements for the governmental fund types contained in the Town of Windsor, Connecticut's basic financial statements are prepared on the modified accrual basis of accounting.

The Schedule of Awards/Expenditures of State Financial Assistance, contained in this report, is also prepared on the modified accrual basis of accounting and on regulations established by the State of Connecticut Office of Policy and Management. In accordance with these regulations (Section 4-236-5), certain grants are not dependent on expenditure activity, and accordingly, are considered to be expended in the fiscal year of receipt. These grant program receipts are reflected as awards in the awards/expenditures column of the Schedule of Awards/Expenditures of State Financial Assistance.

As a result, certain classifications of revenues and expenditures under accounting principles generally accepted in the United States of America differ from classifications utilized for the Schedule of Awards/Expenditures of State Financial Assistance.
