

Fiscal Year 2020 Proposed Budget as amended by the town council on 4/24/19

Budget in Brief

In the FY 2020 proposed budget, a large focus was placed on continuing to invest in a wide variety of community assets, maintaining and where possible, enhancing services while being cognizant of the impacts of the state-mandated property revaluation process. It preserves services and reinvests in capital assets and infrastructure, while meeting several long-term financial obligations. Below are some of the actions included in this plan:

- continue the planned incremental increase in contribution to the Other Post Employment Benefit (OPEB) Trust for future retiree health insurance liabilities
- fully meets the actuarial recommended contributions to defined pension plans
- fund a part-time community mental health clinician within the police department
- maintain pay-as-you-go funding for street repaving, sidewalk repair, school technology and fire apparatus replacement
- increase fleet and equipment replacement resources
- allocate funds for Northwest Park habitat management activities
- maintain programs for our seniors and frail elderly.

As with other Connecticut municipalities, the governor has proposed that Windsor contribute to the State of Connecticut Teachers' Retirement Fund. As of April 24, 2019 the council did not have complete information as to whether this proposal would pass at the state level. Therefore, the council made the decision to reduce our proposed FY 20 contribution by \$100,000. Other reductions included \$25,000 in funding for Other Post-Employment Benefits (OPEB), a reduction of \$12,000 in funding for the Caring Connection Adult Day Health Center and a decrease of \$8,000 in funding for energy and utilities in the Public Works budget.
