Suggested Guidelines for Windsor Senior Center Pickleball Outdoor Play

Outdoor Pickleball at LP Wilson is Play at your Own Risk and an unmonitored activity

- Everyone attending must sign in each time they play for contact tracing purposes. Sign up book is located outside the Senior Center double doors. Stop by on your way to the courts. Thank you!
- Please bring your own equipment (i.e.: paddles, balls, towels, water bottles, etc.). If you are new to the sport, we do have paddles and balls to check out. Equipment is not to be shared. Enter through the main entrance of the building to rent equipment.
- Only two players are allowed on one court at a time. **Unless living within the same household, doubles are not allowed at this time as it would be difficult to maintain proper social distancing.**
- Face coverings are no longer required outdoors for those who are fully vaccinated. Those who have not been fully vaccinated, we recommend that you please continue to wear a mask until further notice.
- Please wear gloves when accessing storage closet, handling and setting up portable nets (if needed). We ask that one person be responsible for putting up each net.
- It is suggested that you avoid using your hands to pick up pickleballs. Use your racquet/foot to pick up pickleballs and hit them to your opponent
- Avoid changing ends of the court
- All players should exit the courts area immediately after play and we also ask that you do not arrive early and congregate
- Always follow CDC guidelines during this pandemic - Adhere to CDC guidelines by not touching your face after handling a ball or paddle. Please try not to touch your face or your mask without sanitizing your hand first
- Disinfect your hands, the balls, paddles and any other items you have used before and after each game
- Try to refrain from blowing your nose, coughing or sneezing while on the courts. If you do sneeze, cover your nose/mouth with your elbow
- Please do not come to the courts not feeling well or with fever
- If you bring your own chair for outdoor seating, please don't share seating
- Please, no handshakes, paddle bumps or physical contact between players
- Avoid post play socializing
- Failure to comply with these rules could result in the closure of the courts or requiring that certain individuals not attend

Thank you for your cooperation.
