| Section B Taxable Property Information | |
| | |
| #21A - Telecommunications Equipment | #21B - Telecommunication Equipment |
| #21A - Telecommunications Equipment (Not-Technologically Advanced) | (Technologically Advanced) |
| #21A - Telecommunications Equipment (Not-Technologically Advanced) ncluding cables, conduits, antennae, towers, batteries, generators, frames or any other equipment NOT deemed | (Technologically Advanced) Including switching equipment, data equipment, microwave radio equipment power equipment, LAN |
| #21A - Telecommunications Equipment (Not-Technologically Advanced) ncluding cables, conduits, antennae, towers, batteries, generators, frames or any other equipment NOT deemed echnologically advanced by the Assessor including office furnitur | (Technologically Advanced) Including switching equipment, data equipment, microwave radio equipment power equipment, LAN equipment, multiplexors, telecom computer equipment o |
| #21A - Telecommunications Equipment (Not-Technologically Advanced) ncluding cables, conduits, antennae, towers, batteries, generators, frames or any other equipment NOT deemed | (Technologically Advanced) Including switching equipment, data equipment, microwave radio equipment power equipment, LAN |
| #21A - Telecommunications Equipment (Not-Technologically Advanced) ncluding cables, conduits, antennae, towers, batteries, generators, frames or any other equipment NOT deemed echnologically advanced by the Assessor including office furnitur k fixtures include previously coded #21C property with #21A) | (Technologically Advanced) Including switching equipment, data equipment, microwave radio equipment power equipment, LAN equipment, multiplexors, telecom computer equipment o any other equipment deemed technologically advanced the Assessor (include previously coded #21D property with #21B) |
| #21A - Telecommunications Equipment (Not-Technologically Advanced) ncluding cables, conduits, antennae, towers, batteries, generators, frames or any other equipment NOT deemed echnologically advanced by the Assessor including office furnitures fixtures include previously coded #21C property with #21A) Original % Net | (Technologically Advanced) Including switching equipment, data equipment, microwave radio equipment power equipment, LAN equipment, multiplexors, telecom computer equipment of any other equipment deemed technologically advanced the Assessor (include previously coded #21D property with #21B) Original % Net |
| #21A - Telecommunications Equipment (Not-Technologically Advanced) ncluding cables, conduits, antennae, towers, batteries, generators, frames or any other equipment NOT deemed echnologically advanced by the Assessor including office furnitures fixtures include previously coded #21C property with #21A) Original Year Cost Good Value | (Technologically Advanced) Including switching equipment, data equipment, microwave radio equipment power equipment, LAN equipment, multiplexors, telecom computer equipment of any other equipment deemed technologically advanced the Assessor (include previously coded #21D property with #21B) Original % Net Year Cost Good Value |
| #21A - Telecommunications Equipment (Not-Technologically Advanced) ncluding cables, conduits, antennae, towers, batteries, generators, frames or any other equipment NOT deemed echnologically advanced by the Assessor including office furnitures fixtures include previously coded #21C property with #21A) Original % Net | (Technologically Advanced) Including switching equipment, data equipment, microwave radio equipment power equipment, LAN equipment, multiplexors, telecom computer equipment of any other equipment deemed technologically advanced the Assessor (include previously coded #21D property with #21B) Original % Net |
| #21A - Telecommunications Equipment (Not-Technologically Advanced) ncluding cables, conduits, antennae, towers, batteries, generators, frames or any other equipment NOT deemed echnologically advanced by the Assessor including office furnitures fixtures include previously coded #21C property with #21A) Original Year Cost Good Value | (Technologically Advanced) Including switching equipment, data equipment, microwave radio equipment power equipment, LAN equipment, multiplexors, telecom computer equipment of any other equipment deemed technologically advanced the Assessor (include previously coded #21D property with #21B) Original % Net Year Cost Good Value |
| #21A - Telecommunications Equipment (Not-Technologically Advanced) ncluding cables, conduits, antennae, towers, batteries, generators, frames or any other equipment NOT deemed echnologically advanced by the Assessor including office furnitures fixtures include previously coded #21C property with #21A) Original % Net Year Cost Good Value 2020 95% | (Technologically Advanced) Including switching equipment, data equipment, microwave radio equipment power equipment, LAN equipment, multiplexors, telecom computer equipment of any other equipment deemed technologically advanced the Assessor (include previously coded #21D property with #21B) Original % Net Year Cost Good Value 2020 95% |
| #21A - Telecommunications Equipment (Not-Technologically Advanced) ncluding cables, conduits, antennae, towers, batteries, generators, frames or any other equipment NOT deemed echnologically advanced by the Assessor including office furnitur & fixtures include previously coded #21C property with #21A) Original % Net Year Cost Good Value 2020 95% 2019 90% | (Technologically Advanced) Including switching equipment, data equipment, microwave radio equipment power equipment, LAN equipment, multiplexors, telecom computer equipment of any other equipment deemed technologically advanced the Assessor (include previously coded #21D property with #21B) Original % Net Year Cost Good Value 2020 95% 2019 80% |
| #21A - Telecommunications Equipment (Not-Technologically Advanced) ncluding cables, conduits, antennae, towers, batteries, generators, frames or any other equipment NOT deemed echnologically advanced by the Assessor including office furnitured fixtures include previously coded #21C property with #21A) Original % Net Year Cost Good Value 2020 95% 2019 90% 2018 80% | (Technologically Advanced) Including switching equipment, data equipment, microwave radio equipment power equipment, LAN equipment, multiplexors, telecom computer equipment of any other equipment deemed technologically advanced the Assessor (include previously coded #21D property with #21B) Original % Net Year Cost Good Value 2020 95% 2019 80% 2018 60% 2017 40% |
| #21A - Telecommunications Equipment (Not-Technologically Advanced) ncluding cables, conduits, antennae, towers, batteries, generators, frames or any other equipment NOT deemed echnologically advanced by the Assessor including office furnitur a fixtures include previously coded #21C property with #21A) Original % Net Year Cost Good Value 2020 95% 2019 90% 2018 80% 2017 70% | (Technologically Advanced) Including switching equipment, data equipment, microwave radio equipment power equipment, LAN equipment, multiplexors, telecom computer equipment of any other equipment deemed technologically advanced the Assessor (include previously coded #21D property with #21B) Original % Net Year Cost Good Value 2020 95% 2019 80% 2018 60% 2017 40% Prior 20% |
| #21A - Telecommunications Equipment (Not-Technologically Advanced) ncluding cables, conduits, antennae, towers, batteries, generators, frames or any other equipment NOT deemed echnologically advanced by the Assessor including office furniture fix fixtures include previously coded #21C property with #21A) Original % Net Year Cost Good Value 2020 95% 2019 90% 2018 80% 2017 70% 2016 60% 2015 50% | (Technologically Advanced) Including switching equipment, data equipment, microwave radio equipment power equipment, LAN equipment, multiplexors, telecom computer equipment of any other equipment deemed technologically advanced the Assessor (include previously coded #21D property with #21B) Original % Net Year Cost Good Value 2020 95% 2019 80% 2018 60% 2017 40% |
| #21A - Telecommunications Equipment (Not-Technologically Advanced) ncluding cables, conduits, antennae, towers, batteries, generators, frames or any other equipment NOT deemed echnologically advanced by the Assessor including office furnitur & fixtures include previously coded #21C property with #21A) Original % Net Year Cost Good Value 2020 95% 2019 90% 2018 80% 2017 70% 2016 60% 2015 50% 2014 40% | (Technologically Advanced) Including switching equipment, data equipment, microwave radio equipment power equipment, LAN equipment, multiplexors, telecom computer equipment of any other equipment deemed technologically advanced the Assessor (include previously coded #21D property with #21B) Original % Net Year Cost Good Value 2020 95% 2019 80% 2018 60% 2017 40% Prior 20% |
| #21A - Telecommunications Equipment (Not-Technologically Advanced) ncluding cables, conduits, antennae, towers, batteries, generators, frames or any other equipment NOT deemed echnologically advanced by the Assessor including office furniture fix fixtures include previously coded #21C property with #21A) Original % Net Year Cost Good Value 2020 95% 2019 90% 2018 80% 2017 70% 2016 60% 2015 50% | (Technologically Advanced) Including switching equipment, data equipment, microwave radio equipment power equipment, LAN equipment, multiplexors, telecom computer equipment of any other equipment deemed technologically advanced the Assessor (include previously coded #21D property with #21B) Original % Net Year Cost Good Value 2020 95% 2019 80% 2018 60% 2017 40% Prior 20% |
