Please read instructions carefully before completing this form.

Enclosed please find your 2022 Personal Property Schedule. Please read the following instructions carefully before filing this return. Public Act 06-83 (as amended by Public Act 06-196) instituted a new tax relief program as of October 1, 2006, under which the State of Connecticut pays a portion of the property tax for certain machinery and equipment used in manufacturing and biotechnology (defined below). The portion the State pays for qualified machinery and equipment on the October 1, 2022 Grand List is **100%** (a taxpayer pays **0%** of the tax).

This form must be filed annually in order for a taxpayer to pay less than 100% of the property tax for qualified machinery and equipment, pursuant to Public Act 06-83. For purposes of Public Act 06-83, the following definitions are applicable.

Manufacturing means: Manufacturing, processing or fabricating; research and development, including experimental or laboratory research and development, design or engineering directly related to manufacturing; the significant servicing, overhauling or rebuilding of machinery and equipment for industrial use or the significant overhauling or rebuilding of other products on a factory basis; measuring or testing or metal finishing; or the production of motion pictures, video and sound recordings.

Biotechnology means: The application of technologies, including recombinant DNA techniques, biochemistry, molecular and cellular biology, genetics and genetic engineering, biological cell fusion techniques, and new bioprocesses, using living organisms, or parts of organisms, to produce or modify products, to improve plants or animals, to develop microorganisms for specific uses, to identify targets for small molecule pharmaceutical development, or to transform biological systems into useful processes and products.

INSTRUCTIONS

IMPORTANT: Read the descriptions of Personal Property Code #10 and Code #13 before completing the applicable schedules. To ensure that you receive any appropriate tax relief benefit, you must report the total cost of machinery and equipment (i.e., original cost, excluding sales tax, plus the cost of transportation and installation) under the appropriate category code and/or sub code.

Do not report any machinery and equipment under Code #13 that you do/did not claim for federal income tax purposes. You may report machinery and equipment under Code #13 that you lease from another entity only if you claim/claimed it for federal tax purposes.

If you have in your possession machinery and equipment that you use in manufacturing or biotechnology, but that you do not own (i.e., it is leased, borrowed or consigned to you from another entity) and that you do/did not claim for federal tax purposes, the owner of the machinery and equipment must file this form. **It is your responsibility to inform the machinery and equipment owner (i.e., the lessor) of this requirement.**

Complete this form in its entirety. If necessary, make copies to attach additional information. **Sign and date the form, retain a copy for your records, and return it to the Assessor on or before November 1, 2022.**

New in 2018. Public Act 18-79 was passed by the State Legislature. It states "property that has an original value of no more than \$250 and is ten years or older is exempt from taxation". Therefore, these items do not need to be declared.
