

# Scheduling your COVID-19 Booster Shot

with the Windsor Health Department

1

Use the Vaccine Administration Management System (VAMS) to schedule your appointment for the COVID-19 Moderna Booster Shot. To receive the shot at one of our clinics, select a "Windsor Health Department" clinic when scheduling. Click here: [vams.cdc.gov](https://vams.cdc.gov)

2

For the quickest experience possible at the clinic, please **bring a record of your previous COVID-19 vaccine doses. See two options below:**

a

Bring your physical CDC COVID-19 Vaccination Record Card to your appointment. If you lost your card, the Windsor Health Department can only send you a new card if you received both doses of the vaccine at their clinics. Head to our website for more information or to request your replacement card: [townofwindsorct.com](https://townofwindsorct.com)

b

OR, use the [CTWiZ Public Portal](#) to download and print out your COVID-19 Vaccination Record to bring with you. If you're having issues accessing your record on CTWiZ, please call the CT Immunization Program at (860) 509-7929 and they will assist you.

## Upcoming Tuesday Clinic:

January 25th - 330 Windsor Ave - 10AM to Noon
